MINUTES

OF THE

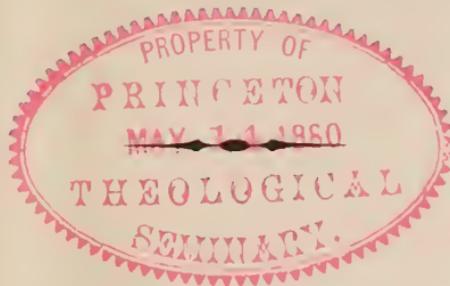

PROVINCIAL CONGRESS

AND THE

COUNCIL OF SAFETY

OF THE

STATE OF NEW JERSEY.

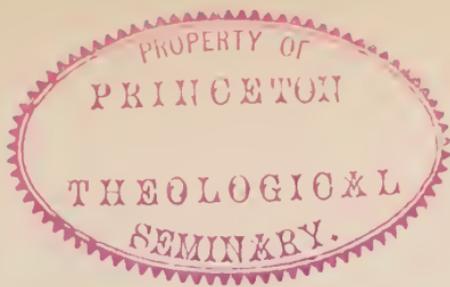

TRENTON:  
PRINTED BY NAAR, DAY & NAAR.  
1879.

In compliance with "An Act for the better preservation of the early records of the State of New Jersey," approved April 6, 1871, the Minutes of the Council of Safety, commencing with the session at Haddonfield, March 18, 1777, were printed during the year 1872. The Minutes of the Provincial Congress and of the Council of Safety of 1775 and 1776 are as important as those of 1777. To complete this part of the history of the State, this volume has been prepared. In addition to the Minutes referred to, the Proceedings of the Committees of Correspondence, the Committees of Observation, the various Town Meetings, Township and County Committees, relating to the state of the Colonies, have been collated. A meeting of the Council and General Assembly of the Colony, just prior to the first meeting of the Provincial Congress, has also been added.

Extract from Minutes of House of Assembly.

BURLINGTON, Tuesday, February 8, 1774.

The House resumed the consideration of the several Letters and Resolutions of the other Houses of Assembly, on the subject matter of the common Rights and Liberties of the Colonies; and the House resolved itself into a Committee of the whole House, upon the Matters aforesaid; and after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Crane, Chairman of the Committee, (by order of the House) reported the Resolutions of the Committee as follows, viz.:

1. *Resolved*, That it is the opinion of this Committee, that the House should heartily accept of the Invitation to a mutual Correspondence and Intercourse with our Sister Colonies; to which the House agreed, *Nemine Contradicente*.

2. *Resolved*, That it is the opinion of this Committee, that a Standing Committee of Correspondence and Inquiry be appointed, to consist of the following Persons, to wit, James Kinsey, Stephen Crane, Hendrick Fisher, Samuel Tucker, John Wetherill, Robert Friend Price, John Hinchman, John Melhelm and Edward Taylor, Esquires, or any five of them, whose business it shall be to obtain the most early and authentick Intelligence of all Acts and Resolutions of the Parliament of Great Britain, or the Proceedings of Administration that may have

have any Relation to, or may affect the Liberties and Privileges of His Majesty's Subjects in the British Colonies in America, and to keep up and maintain a Correspondence and Communication with our Sister Colonies, respecting these important Considerations; and that they do occasionally lay their Proceedings before the House; to which the House agreed, *Nemine Contradicente*.

3. *Resolved*, That it is the opinion of this Committee, that the said Committee of Correspondence do write Letters to the several Speakers of the Assemblies on the Continent of America, inclosing these Resolutions, and requesting them to lay the same before their respective Assemblies; and that they do return the Thanks of the House to the Burgesses of Virginia, for their early Attention to the Liberties of America; to which the House agreed, *Nemine Contradicente*.

Governour Franklin to the Earl of Dartmouth,  
(Extract.)

BURLINGTON, 31st May, 1774.

Since my last I have received two circular despatches from Mr. Pownall, dated March 10th and April 6th, enclosing copies of his Majesty's Message to both Houses of Parliament, relative to the late disturbances in America, their Resolutions thereupon, and the Act of Parliament respecting the port of Boston. The latter has been published in the usual manner, though the people in this Colony

Colony are not concerned in carrying on any commerce with the Province of Massachusetts Bay.

It is difficult as yet to foresee what will be the consequence of the Boston Port Act. It seems as if the merchants of Philadelphia and New York, at their late meetings, were inclined to assist or co-operate with those of Boston in some degree, but not to carry matters so far as to enter into a general non-importation and exportation agreement, as was proposed to them by the town of Boston. However, I believe it may be depended upon, that many of the merchants, on a supposition that a non-importation agreement (so far as respects from Great Britain) will be certainly entered into by next autumn, have ordered a much greater quantity of goods than common to be sent out by the next fall ships from England.

A Congress of Members of the several Houses of Assembly has been proposed in order to agree upon some measures on the present occasion, but whether this expedient will take place it is as yet uncertain. The Virginia Assembly, some time ago, appointed a Committee of Correspondence to correspond with all the other Assemblies on the Continent, which example has been followed by every other House of Representatives. I was in hopes that the Assembly of this Province would not have gone into the measure; for though they met on the 10th of November, yet they avoided taking the matter into consideration, though frequently urged by some of the members, until the 8th of February, and then I believe they would not have gone into it, but that the Assembly of New York had just before resolved to appoint such a committee, and they did not choose to appear singular.

Extract of a letter from one of the Members of the House of Assembly of New Jersey, and one of the Committee of Correspondence, which consists of nine members.

Dated June 2, 1774.

“I returned yesterday from New Brunswick, where six of our Committee met. We answered the Boston letters, informing them that we look on New Jersey as eventually in the same predicament with Boston, and that we will do everything which may be generally agreed on. We have signed a request to the Governor to call the General Assembly, to meet at such time as his Excellency may think proper, before the first of August next. Our Committee is well disposed in the cause of American freedom.”

#### Lower Freehold, Monmouth County, Resolutions.

At a meeting of the Freeholders and Inhabitants of the Township of Lower Freehold, in the County of Monmouth, in New Jersey, on Monday, the 6th day of June, 1774, after notice given of the time, place, and occasion of this meeting;

*Resolved,* That it is the unanimous opinion of this meeting, that the cause in which the inhabitants of the town

town of Boston are now suffering is the common cause of the whole continent of North America, and that unless some general spirited measures, for the public safety, be speedily entered into, there is just reason to fear that every Province may in turn share the same fate with them; and that, therefore, it is highly incumbent on them all to unite in some effectual means to obtain a repeal of the Boston Port Bill, and any other that may follow it, which shall be deemed subversive of the rights and privileges of free born Americans.

And that it is also the opinion of this meeting, that, in case it shall appear hereafter to be consistent with the general opinion of the trading towns, and the commercial part of our countrymen, that an entire stoppage of importation and exportation from and to Great Britain and the West Indies, until the said Port Bill and other Acts be repealed, will be really conducive to the safety and preservation of North America and her liberties, they will yield a cheerful acquiescence in the measure, and earnestly recommend the same to all their brethren in this Province.

*Resolved, moreover,* That the inhabitants of this township will join in an Association with the several towns in the county, and in conjunction with them, with the several counties in the Province, (if, as we doubt not, they see fit to accede to the proposal,) in any measures that may appear best adapted to the weal and safety of North America and all her loyal sons.

*Ordered,* That John Anderson, Esq., Messrs. Peter Forman, Hendrick Smock, John Forman, and Asher Holmes, Captain John Covenhoven and Doctor Nathaniel Scudder, be a committee for the township, to join with those who may be elected for the neighbouring townships or counties, to constitute a General Committee, for any purposes similar to those above mentioned; and that the gentlemen so appointed do immediately sollicit a correspondence with the adjacent towns.

All the Inhabitants of the County of Essex, in New Jersey, friends to the Constitution, the liberties and properties of America, are hereby notified and desired to meet at the Court House, in Newark, on Saturday, the 11th of June, instant, at two of the clock in the afternoon, to consult and deliberate, and firmly resolve upon the most prudent and salutary measures to secure and maintain the constitutional rights of his Majesty's subjects in America. It is, therefore, hoped, that from the importance of the subject, the meeting will be general.

## Essex County Resolutions.

At a meeting of the Freeholders and Inhabitants of the County of Essex, in the Province of New Jersey, at Newark, in the said County, on Saturday, the 11th day of June, 1774.

This meeting, taking into serious consideration some late alarming measures adopted by the British Parliament for depriving his Majesty's American subjects of their  
undoubted

undoubted and constitutional rights and principles, and particularly the Act for blockading the port of Boston, which appears to them pregnant with the most dangerous consequences to all his Majesty's Dominions in America, do unanimously resolve and agree:

1. That under the enjoyment of our constitutional privileges and immunities we will ever cheerfully render all due obedience to the Crown of Great Britain, as well as full faith and allegiance to his most gracious Majesty King George the Third; and do esteem a firm dependence on the Mother Country essential to our political security and happiness.

2. That the late Act of Parliament relative to Boston, which so absolutely destroys every idea of safety and confidence, appears to us big with the most dangerous and alarming consequences, especially as subversive of that very dependence which we should earnestly wish to continue, as our best safeguard and protection; And that we conceive every well-wisher to Great Britain and her Colonies is now loudly called upon to exert his utmost abilities in promoting every legal and prudential measure towards obtaining a repeal of the said Act of Parliament, and all others subversive of the undoubted rights and liberties of his Majesty's American subjects.

3. That it is our unanimous opinion, that it would conduce to the restoration of the liberties of America should the Colonies enter into a joint agreement not to purchase or use any articles of British Manufacture, and especially any commodities imported from the East Indies, under such restrictions as may be agreed upon by a general Congress of the said Colonies hereafter to be appointed.

4. That this county will most readily and cheerfully join their brethren of the other counties in this Province, in promoting such Congress of Deputies, to be sent from each of the Colonies, in order to form a general plan of union, so that the measures to be pursued for the important ends in view may be uniform and firm; to which plan, when concluded upon, we do agree faithfully to adhere, and do now declare ourselves ready to send a Committee to meet with those from the other counties, at  
such

such time and place, as by them may be agreed upon, in order to elect proper persons to represent this Province in the said general Congress.

5. That the freeholders and inhabitants of the other counties in this Province be requested speedily to convene themselves together, to consider the present distressing state of our public affairs; and to correspond and consult with such other Committees as may be appointed as well as with our Committee, who are hereby directed to correspond and consult with such other Committees, as also with those of any other Province; and particularly to meet with the said County Committees, in order to nominate and appoint Deputies to represent this Province in General Congress.

6. We do hereby unanimously request the following gentlemen to accept of that trust, and accordingly do appoint them our Committee for the purposes aforesaid, viz.: Stephen Crane, Henry Garritse, Joseph Riggs, William Livingston, William P. Smith, John De Hart, John Chetwood, Isaac Ogden and Elias Boudinot, esquires.

Extract of a Letter from Governour Franklin to the  
Earl of Dartmouth.

BURLINGTON, June 18, 1774.

MY LORD:—I have just received a copy of some resolves entered into at a meeting of a number of freeholders and inhabitants of the county of Essex, in this  
Province,

Province, on Saturday last, which I think it my duty to transmit to your Lordship. The meeting was occasioned it seems by an advertisement, requesting the attendance of the inhabitants on that day, and published in one of the New York papers, and signed by two gentlemen of the law, who reside in that county. I have likewise had an application made to me by some of the members of the House of Representatives, to call a meeting of the General Assembly in August next, with which I have not, nor shall not comply, as there is no public business of the Province which can make such a meeting necessary. It seems now determined by several of the leading men, in most, if not all the counties in this Province, to endeavor to follow the example of the freeholders in Essex. Meetings of this nature, there are no means of preventing, where the chief part of the inhabitants incline to attend them. I as yet doubt however, whether they will agree to the general non-importation from Great Britain, which has been recommended. Their principal aim seems to be to bring about a Congress of Deputies from all the Colonies, as proposed by Virginia; and that that Congress should not only apply to his Majesty for the repeal of the Boston Port Act, but endeavour to fall upon measures for accommodating the present differences between the two countries and preventing the like in future.

### Bergen County Resolutions.

At a meeting of the Freeholders and Inhabitants of the County of Bergen, in the Province of New Jersey,  
 convened

convened agreeable to advertisement, at the Court House of said County, on Saturday, the 25th of June, 1774.

Peter Zabriskie, Esquire, Chairman.

This meeting being deeply affected with the calamitous condition of the inhabitants of Boston, in the Province of Massachusetts Bay, in consequence of the late Act of Parliament for blocking up the port of Boston; and considering the alarming tendency of the Act of the British Parliament for the purpose of raising a revenue in America—

Do *Resolve*. 1st, That they think it their greatest happiness to live under the Government of the illustrious House of Hanover, and that they will stedfastly and uniformly bear true and faithful allegiance to his Majesty King George the Third, under the enjoyment of their constitutional rights and privileges.

2d. That we conceive it to be our indubitable privilege to be taxed only by our own consent, given by ourselves, or by our Representatives; and that we consider the late Acts of Parliament, declarative of their right to impose internal taxes on the subjects of America, as manifest encroachments on our national rights and privileges as British subjects, and as inconsistent with the idea of an American Assembly or House of Representatives.

3d. That we will heartily unite with this Colony in choosing Delegates to attend at a general Congress from the several Provinces of America, in order to consult on and determine some effectual method to be pursued for obtaining a repeal of the said Acts of Parliament, which appears to us evidently calculated to destroy that mutual harmony and dependence between Great Britain and her Colonies, which are the basis and support of both.

And we do appoint Theunis Dey, John Demarest, Peter Zabriskie, Cornelius Van Voarst and John Zabriskie, junior, Esquires, to be a Committee for corresponding with the Committees of the other counties in this Province, and particularly to meet with the other County Committees at New Brunswick, or such other place as shall be agreed on, in order to elect Delegates to attend the general Congress of Delegates of the American Colonies for the purposes aforesaid.

Morris

## Morris County Resolutions.

At a meeting of a respectable body of the Freeholders and inhabitants of the County of Morris, in the Province of East New Jersey, at the Court House in Morristown, in the said County, on Monday, the 27th June, 1774.

Jacob Ford, Esquire, Chairman.

1st. *Resolved*, That George the Third is lawful and rightful King of Great Britain and all other his Dominions and countries, and that as part of his Dominions it is our duty not only to render unto him true faith and obedience, but also with our lives and fortunes to support and maintain the just dependence of these his Colonies upon the Crown of Great Britain.

2d. That it is our wish and desire, and we esteem it our greatest happiness and security to be governed by the laws of Great Britain, and that we will always cheerfully submit to them as far as can be done, consistently with the constitutional liberties and privileges of free born Englishmen.

3d. That the late Acts of Parliament for imposing taxes for the purpose of raising a revenue in America, are oppressive and Arbitrary, calculated to disturb the minds and alienate the affections of the Colonists from the mother country, are replete with ruin to both, and consequently that the authors and promoters of said Acts, or of such doctrines of the right of taxing America being in the Parliament of Great Britain, are, and should be deemed enemies to our King and happy Constitution.

4th. That it is the opinion of this meeting, that the Act of Parliament for shutting up the Port of Boston, is unconstitutional, injurious in its principles to the general cause of American freedom, particularly oppressive to the inhabitants of that town, and that, therefore, the people of Boston are considered by us as suffering in the general cause of America.

5th. That unanimity and firmness in the Colonies are the  
the

the most effectual means to relieve our suffering brethren at Boston, to avert the dangers justly to be apprehended from that alarming Act, commonly styled the Boston Port Bill, and to secure the invaded rights and privileges of America.

6th. That it is our opinion, that an agreement between the Colonies not to purchase or use any articles imported from Great Britain or from the East Indies, under such restrictions as may be agreed upon by the general Congress hereafter to be appointed by the Colonies, would be of service in procuring a repeal of those Acts.

7th. That we will most cheerfully join our brethren of the other counties in this Province in promoting an union of the Colonies, by forming a general Congress of Deputies to be sent from each of the Colonies, and do now declare ourselves ready to send a Committee to meet with those from the other counties at such time and place as by them may be agreed upon, in order to elect proper persons to represent this Province in the said Congress.

8th. That it is the request of this meeting that the County Committees, when met for the purposes aforesaid, do take into their serious consideration the propriety of setting on foot a subscription for the benefit of the sufferers at Boston, under the Boston Port Bill, above mentioned, and the money arising from such subscription to be laid out as the Committees so met shall think will best answer the ends proposed.

9th. That we will faithfully adhere to such regulations and restrictions as shall by the members of said Congress be agreed upon, and judged most expedient for avoiding the calamities, and procuring the benefits intended in the foregoing resolves.

10. It is our request that the Committee hereafter named, do correspond and consult with such other Committees as shall be appointed by the other counties in this Province, and particularly that they meet with the said County Committee, in order to elect and appoint Deputies to represent this Province in a general Congress.

11th. We do hereby desire the following gentlemen to accept of that important trust, and accordingly do appoint them our Committee for the purposes aforesaid: Jacob  
Ford,

Ford, William Windes, Abraham Ogden, William De Hart, Samuel Tuthill, Jonathan Stiles, John Carle, Philip V. Cortland and Samuel Ogden, esquires.

### Hunterdon County Resolutions.

The Freeholders and Inhabitants of Hunterdon County, in the Province of New Jersey, convened by advertisement, at the house of John Ringo, in Amwell in said County, on Friday, the 8th July, 1774, Samuel Tucker, Esq., in the chair, came into the following Resolutions, without a dissenting voice, viz.:

1. We do most expressly declare, recognize and acknowledge his Majesty King George the Third to be the lawful and rightful King of Great Britain, and of all other his Dominions, and that it is the indispensable duty of this Colony, under the enjoyment of our constitutional privileges and immunities, as being a part of his Majesty's Dominions, always to bear faithful and true allegiance to his Majesty, and him to defend to the utmost of our power, against all attempts upon his person, crown, and dignity.

2. That it is the undoubted hereditary right of an English subject to give and grant what is absolutely his own, either by himself or his Representatives; and that the only lawful Representatives of the freemen of this Colony are the persons they elect to serve as members of the General Assembly thereof.

3. That any Act of Parliament for the apprehending and carrying persons into another Colony, or to Great Britain,

Britain, to be tried for any crime, alleged to be committed within this Colony, or subjecting them to be tried by Commissioners or any Court constituted by Act of Parliament or otherwise, within this Colony, in a summary way, without a jury of this vicinage, is unconstitutional and subversive of the rights and liberties of the free subjects of this Colony.

4. That it is our indispensable duty, which we owe to our King, our country, ourselves and our posterity, by all lawful ways and means in our power, to maintain, defend and preserve our loyalty, rights and liberties, and to transmit them inviolate to the latest generations; and that it is our fixed, determined and unalterable resolution faithfully to discharge this our bounden duty.

5. That it is our unanimous opinion, that it would conduce to the restoration of the liberties of America should the Colonies enter into a joint agreement not to purchase or use any articles of British manufacture, nor any commodities imported from the East Indies, under such restrictions as may be agreed on by a general Congress of Delegates from all the Colonies, hereafter to be appointed.

6. That as the town of Boston is now suffering in the common cause of American freedom, it is the opinion of this meeting, that subscriptions be hereafter opened in every town in this county, and the money subscribed to be applied towards the relief of the suffering poor in said town of Boston, until they may be relieved by being restored to their just rights and privileges.

7. That this county will appoint a Committee to meet the Committees of the several counties of this Colony, at such time and place as may be agreed on, in order to elect and appoint Delegates to represent this Colony at the general Congress, whose resolutions and determinations we will most strictly adhere to, and abide by. And we do hereby unanimously request the following gentlemen to accept of that trust, and do accordingly appoint them our Committee for the purpose aforesaid, viz.: Samuel Tucker, John Mehelm, John Hart, Isaac Smith, Charles Coxe, Joachim Griggs, Benjamin Brearly, Abraham Hunt and John Emley.

As we apprehend New Brunswick is not so convenient to the members of the lower counties, and that all the counties will hardly have sufficient time to appoint their Committees, by the 21st of July, with submission, we would propose Princeton, as most central, to be the place, and Thursday, the 11th of August, the time of meeting of the several Committees.

THOMAS SHELTON,  
Committee Clerk.

### Middlesex County Resolutions.

According to notice, which had been given to the Freeholders and Inhabitants of the County of Middlesex, New Jersey, a great number from every quarter of the county met at the Court House in New Brunswick, on Friday, the 15th day of July, 1774, at 2 o'clock, and chose John Moores, Esq., to the Chair; but as the Court House could not contain half the number, the meeting adjourned to the Presbyterian Meeting House, where, after some deliberation upon the dangerous situation of the publick affairs in America, the meeting unanimously Resolved as follows, viz. :

*Resolve* 1st, That the members of this meeting, their fellow-subjects in this Province, and they are persuaded the inhabitants of America in general, are firm and unshaken in their allegiance to his Majesty King George the Third. That they have ever demonstrated their readiness to support his Majesty's Government over them,  
and

and also to grant aids to his Majesty, on any emergency, by their own Representatives, to the utmost of their power.

2d. That all other modes of taxation in the Colonies, by a British Parliament, under whatever name or form attempted to be introduced, is not only arbitrary and oppressive, but has a direct tendency to alienate the affections of the Colonies from the parent country, to widen the breach already made by Ministerial influence, which it is earnestly wished may speedily be healed, and a permanent union re-established, on a solid constitutional foundation.

3d. That the unexampled distresses brought on the Colony of Massachusetts Bay, particularly that of blocking up the Port of Boston, and depriving them of all trade and commerce, in virtue of an Act or Acts of Parliament, is a cruel oppression, in which all the Colonies are intimately concerned, tending by a numerous train of consequences, to fasten on them the chains of vassalage and slavery, or lay prostrate at the feet of an unjustly incensed Ministry the inhabitants of this wide extended country, who would triumph over their liberties, sport with their lives, and claim their properties at will.

4th. We concur in the general opinion of our brethren, that the Congress of Deputies from the several Colonies, should present a dutiful Address to his Majesty, praying for a general redress of the grievances complained of.

5th. We are of opinion (which we submit to be considered in the general Congress), that a general stop of all imports and exports of merchandises, especially to Great Britain, by all the Colonies, is the only probable, if not the only possible measure, to preserve the liberties of this country, at present in such imminent danger of being annihilated.

6th. That an immediate subscription be set on foot, throughout this country, towards the relief of the suffering families in the town of Boston. For which purpose sundry gentlemen in the different townships and precincts of the county, are named and appointed to take in the same, and to make return of such subscriptions and collections to James Wilson, Esq., by the 1st day of September

tember next, in order that such collections may be sent to Boston as early as possible.

7th. We agree with our brethren of all the counties in this Province, in the method of choosing Committees of Correspondence, and also that such Committees from the several counties do meet, at a place convenient, by them to be agreed on, and when so met to elect proper persons to represent this Colony in the proposed Congress, for which purpose the following gentlemen, viz.: John Moores, John Wetherill, John Johnson, Michael Field, William Pecke, James Wilson, John Combs, Jun., Jonathan Balding, William Smith, John Dennis, and Rune Runyon, Esqs., are requested to be, and are hereby appointed a Standing Committee of Correspondence, and that any five of them are a sufficient number to act.

Signed by order of the meeting.

JOHN MOORES,  
Chairman.

Immediately after the meeting the members of the County Committee present met, and agreed to meet the Committees from the other counties, at New Brunswick, on Thursday, the 21st of July, instant.

### Sussex County Resolutions.

At a meeting of a number of Freeholders and Inhabitants of the County of Sussex, in the Province of New Jersey,

Jersey, at the Court House in Newtown, in the said county, on Saturday, the 16th of July, A. D. 1774.

Hugh Hughes, esquire, Chairman.

1st. *Resolved*, That it is our duty to render true and faithful allegiance to George the Third, King of Great Britain, and to support and maintain the just dependence of his Colonies upon the Crown of Great Britain, under the enjoyment of our constitutional rights and privileges.

2d. *Resolved*, That it is undoubtedly our right to be taxed only by our own consent, given by ourselves or our Representatives; and that the late Acts of Parliament for imposing taxes for the purpose of raising a revenue in America, and the Act of Parliament for shutting up the port of Boston, are oppressive, unconstitutional, and injurious in their principles to American freedom, and that the Bostonians are considered by us as suffering in the general cause of America.

3d. *Resolved*, That it is the opinion of this meeting, that firmness and unanimity in the Colonies, and an agreement not to use any articles imported from Great Britain or the East Indies (under such restrictions as may be agreed upon by the general Congress hereafter to be appointed by the Colonies) may be the most effectual means of averting the dangers that are justly apprehended, and securing the invaded rights and privileges of America.

4th. *Resolved*, That we will join, with the greatest cheerfulness, the other counties of this Province, in sending a Committee to meet with those from the other counties, at such time and place as they shall appoint, in order to choose proper persons to represent this Province in a general Congress of Deputies sent from each of the Colonies.

5th. *Resolved*, That we will faithfully and strictly adhere to such regulations and restrictions as shall be agreed upon by the Members of said Congress, and that shall by them be judged expedient and beneficial to the good of the Colonies.

6th. *Resolved*, That the Committee hereafter named do correspond and consult with the Committees of the other counties

counties in this Province and meet with them in order to appoint Deputies to represent this Province in general Congress.

7th. *Resolved*, We do appoint the following gentlemen our Committee for the purpose above mentioned: Hugh Hughes, Nathaniel Pettit, Thomas Van Horne, Thomas Anderson, Archibald Stewart, Abia Brown, John B. Scott, Esquires, Messrs. E. Dunlap, Mark Thompson, W. Maxwell.

### Monmouth County Resolutions.

On Tuesday, July 19, 1774, a majority of the Committees from the several Townships in the County of Monmouth, of the Colony of New Jersey, met according to appointment, at the Court House at Freehold, in said county; and appearing to have been regularly chosen and constituted by their respective Townships, they unanimously agreed upon the propriety and expediency of electing a Committee to represent the whole county at the approaching Provincial Convention, to be held at the City of New Brunswick, for the necessary purpose of constituting a Delegation from this Province, to the general Congress of the Colonies, and for all such other important purposes as shall hereafter be found necessary.

They, at the same time, also recorded the following Resolutions, Determinations, and Opinions, which they wish to be transmitted to posterity, as an ample testimony of their loyalty to his British Majesty, of their firm attachment

attachment to the principles of the glorious Revolution, and their fixed and unalterable purpose, by every lawful means in their power, to maintain and defend themselves in the possession and enjoyment of those inestimable, civil and religious privileges which their forefathers, at the expense of so much blood and treasure, have established and handed down to them :

1. In the names and behalf of their constitutents, the good and loyal inhabitants of the County of Monmouth, in the Colony of New Jersey, they do cheerfully and publickly proclaim their unshaken allegiance to the person and Government of his most gracious Majesty King George the Third, now on the British Throne, and do acknowledge themselves bound at all times, and to the utmost exertion of their power, to maintain his dignity and lawful sovereignty in and over all his Colonies in America ; and that it is their most fervent desire and constant prayer that, in a Protestant succession, the descendants of the illustrious House of Hanover, may continue to sway the British sceptre to the latest posterity.

2. They do highly esteem and prize the happiness of being governed, and having their liberty and property secured to them, by so excellent a system of laws as that of Great Britain, the best doubtless in the universe ; and they will, at all times, cheerfully obey and render every degree of assistance in their power to the full and just execution of them. But at the same time will, with the greatest alacrity and resolution, oppose any unwarrantable innovation in them, or any addition to, or alterations in the grand system which may appear unconstitutional, and consequently, inconsistent with the liberties and privileges of the descendants of free born American Britons.

3. As there has been for ages past a most happy union and uninterrupted connection between Great Britain and her Colonies in America, they conceive their interests are now become so intimately blended together, and their mutual dependence upon each other to be at this time so delicately great, that they esteem everything which has a tendency to alienate affection or disunite them in any degree, highly injurious to their common happiness,

happiness, and directly calculated to produce a Revolution likely to prove in the end destructive to both ; they do, therefore, heartily disclaim every idea of that spirit of independence which has of late, by some of our mistaken brethren on each side of the Atlantic, been so groundlessly and injuriously held up to the attention of the Nation, as having, through ambition, possessed the breasts of the Americans. And, moreover, they devoutly beseech the Supreme Disposer of all events, graciously to incline the heart of our Sovereign, and all his Ministers, to a kind and impartial investigation of the real sentiments and disposition of his truly loyal American subjects.

4. Notwithstanding many great men and able writers have employed their talents and pens in favour of the newly adopted mode of taxation in America, they are yet sensible of no convictive light being thrown upon the subject ; and, therefore, although so august a body as that of the British Parliament is now actually endeavoring to enforce, in a military way, the execution of some distressing edicts upon the capital of the Massachusetts Colony, they do freely and solemnly declare, that in conscience they deem them, and all others that are, or even may be, framed upon the same principles, altogether unprecedented and unconstitutional. utterly inconsistent with the true original intention of Magna Charta, subversive of the just rights of free born Englishmen, agreeable and satisfactory only to the domestick and foreign enemies of our Nation, and consequently pregnant with complicated ruin, and tending directly to the dissolution and destruction of the British Empire.

5. As they, on the one hand, firmly believe that the inhabitants of the Massachusetts Colony in general, and those of the town of Boston in particular, are, to all intents and purposes, as loyal subjects as any in all his Majesty's widely extended Dominions, and on the other that (although the present coercive and oppressive measures against them may have taken their rise in some part from the grossest and most cruel misrepresentation both of their disposition and conduct) the blockade of that town is principally designed to lead the way in an attempt

attempt to execute a dreadful, deep-laid plan for enslaving all America. They are, therefore, clearly of opinion, that the Bostonians are now eminently suffering in the common cause of American freedom, and that their fate may probably prove decisive to this very extensive Continent, and even to the whole British Nation; and they do verily expect that unless some generous spirited measures for the publick safety be speedily entered into, and steadily prosecuted, every other Colony will soon, in turn, feel the pernicious effects of the same detestable restrictions. Whence they earnestly entreat every rank, denomination, society and profession of their brethren, that, laying aside all bigotry and every party disposition, they do now universally concur in one generous and vigorous effort for the encouragement and support of their suffering friends, and in a resolute assertion of their birthright, liberties, and privileges. In consequence of which they may reasonably expect a speedy repeal of all the arbitrary edicts respecting the Massachusetts Government, and at the same time an effectual preclusion of any future attempts of the kind from the enemies of our happy Constitution, either upon them or any of their American brethren.

6. In case it shall hereafter appear to be consistent with the result of the deliberations of the general Congress, that an interruption, or entire cessation, of commercial intercourse with Great Britain, and even (painful as it may be) with the West Indies, until said oppressive Acts be repealed, and the liberties of America fully restored, stated, and asserted, will on this deplorable emergency be really necessary and conducive to the publick good, they promise a ready acquiescence in the measure, and will recommend the same as far as their influence shall extend.

7. As a general Congress of Deputies from the several American Colonies is proposed to be held at Philadelphia, some time in September next, they declare their entire approbation of the design, and think it the only rational method of evading those aggravated evils which threaten to involve the whole Continent in one general calamitous catastrophe. They are therefore met this day, vested with  
due

due authority from their respective constituents, to elect a Committee representing this County of Monmouth in any future necessary transactions respecting the cause of liberty, and especially to join the Provincial Convention soon to be held at New Brunswick, for the purpose of nominating and constituting a number of Delegates, who, in behalf of this Colony, may steadily attend said general Congress, and faithfully serve the labouring cause of freedom, and they have consequently chosen and deputed the following gentlemen to that important trust, viz.: Edward Taylor, John Anderson, John Taylor, James Grover, and John Lawrence, Esquires, Doctor Nathaniel Scudder, and Messrs. John Burrowes, John Covenhoven, Joseph Holmes, Josiah Holmes, and Edward Williams; Edward Taylor, Esq., being constituted Chairman, and any five of them a sufficient number to transact business. And they do beseech and entreat, instruct and enjoin them, to give their voice at said Provincial Convention, for no persons but such as they in good conscience and from the best information shall verily believe to be amply qualified for so interesting a department, particularly that they be men highly approved for integrity, honesty and uprightness, faithfully attached to his Majesty's person and lawful Government, well skilled in the principles of our excellent Constitution, and steady assertors of all our civil and religious liberties.

8. As, under the present operations of the Boston Port Bill, thousands of our respected brethren in that town must necessarily be reduced to great distress, they feel themselves affected with the sincerest sympathy and most cordial commiseration; and that they expect, under God, that the final deliverance of America will be owing, in a great degree, to a continuance of their virtuous struggle, they esteem themselves bound in duty and interest, to afford them every assistance and alleviation in their power, and they do now, in behalf of their constituents, declare their readiness to contribute to the relief of the suffering poor in that town; therefore, they request the several Committees of the counties, when met, to take into their serious consideration the necessity and expediency of forwarding, under a sanction from them, subscrip-  
tions

tions through every part of this Colony, for that truly humane and laudable purpose; and that a proper plan be concerted for laying out the product of such subscriptions to the best advantage, and afterwards transmitting it to Boston in the safest and least expensive way.

9. As we are now, by our Committees in this, in conjunction with those of the other Colonies, about to delegate to a number of our countrymen, a power equal to any wherewith human nature alone was ever invested; and as we firmly resolve to acquiesce in the issue of their deliberations, we do therefore earnestly entreat them, seriously and conscientiously to weigh the inexpressible importance of their arduous department, and fervently to solicit that direction and assistance in the discharge of their trust, which all the powers of humanity cannot afford them; and we do humbly and devoutly beseech that God, in whose hand are the hearts of all flesh, and who ruleth them at His pleasure, graciously to infuse into the whole Congress a spirit of true wisdom, prudence, and just moderation; and to direct them to such unanimous and happy conclusions, as shall terminate in His own honour and glory; the establishment of the Protestant succession of the illustrious House of Hanover; the mutual weal and advantage of Great Britain and all her Dominions, and a just and permanent confirmation of the civil and religious liberties of America. And now lastly, under the consideration of a bare possibility, that the enemies of our Constitution may yet succeed in a despotick triumph over us in this age, we do earnestly (should that prove the case) call upon all future generations to renew the glorious struggle for liberty, as oft as Heaven shall afford them any probable means of success.

May this notification, by some faithful record, be handed down to the yet unborn descendants of Americans, that nothing but the most fatal necessity could have wrested the present inestimable enjoyments from their ancestors. Let them universally inculcate upon their beloved offspring an investigation of those truths, respecting both civil and religious liberty, which have been so clearly and fully stated in this generation. May they

they be carefully taught in all their schools; and may they never rest, until, through a Devine blessing upon their efforts, true freedom and liberty shall reign triumphant over the whole Globe.

Signed by order of the Committee,  
EDWARD TAYLOR,  
County Chairman.

### Convention to Nominate Delegates to the Continental Congress, &c.

At a general meeting of the Committees of the several Counties in the Province of New Jersey, at New Brunswick, on Thursday, the 21st July, and continued to the Saturday following. Present, seventy-two Members.

Stephen Crane, Esquire, in the Chair.

The Committees taking into their serious consideration the dangerous and destructive nature of sundry Acts of the British Parliament, with respect to the fundamental liberties of the American Colonies, conceive it their indispensable duty to bear their open testimony against them, and to concur with the other Colonies in prosecuting all legal and necessary measures, for obtaining their speedy repeal. Therefore, we unanimously agree in the following sentiments and Resolutions:

1st. We think it necessary to declare, that the inhabitants of this Province, (and we are confident the people of America in general) are, and ever have been, firm and unshaken in their loyalty to his Majesty King George the Third; fast friends to the Revolution settlement; and that they detest all thoughts of an independence on the Crown

Crown of Great Britain; Accordingly we do, in the most sincere and solemn manner, recognize and acknowledge his Majesty King George the Third to be our lawful and rightful Sovereign, to whom under his royal protection in our fundamental rights and privileges, we owe, and will render all due faith and allegiance.

2d. We think ourselves warranted from the principles of our excellent Constitution, to affirm that the claim of the British Parliament, (in which we neither are, nor can be represented) to make laws, which shall be binding on the King's American subjects, "in all cases whatsoever," and particularly for imposing taxes for the purpose of raising a revenue in America is unconstitutional and oppressive, and which we think ourselves bound in duty to ourselves and our posterity, by all constitutional means in our power, to oppose.

3d. We think the several late Acts of Parliament for shutting up the port of Boston, invading the Charter rights of the Province of the Massachusetts Bay, and subjecting supposed offenders to be sent for trial to other Colonies, or to Great Britain; the sending over an armed force to carry the same into effect, and thereby reducing many thousands of innocent and loyal inhabitants to poverty and distress; are not only subversive of the undoubted rights of his Majesty's American subjects, but also repugnant to the common principles of humanity and justice. These proceedings, so violent in themselves, and so truly alarming to the other Colonies, (many of which are equally exposed to Ministerial vengeance,) render it the indispensable duty of all, heartily to unite in the most proper measures, to procure redress for their oppressed countrymen, now suffering in the common cause; and for the re-establishment of the constitutional rights of America on a solid and permanent foundation.

4th. To effect this important purpose, we conceive the most eligible method is, to appoint a General Congress of Commissioners of the respective Colonies; who shall be empowered mutually to pledge, each to the rest, the publick honour and faith of their constituent Colonies, firmly and inviolably to adhere to the determinations of the said Congress.

5th.

5th. *Resolved*, That we do earnestly recommend a general non-importation and a non-consumption agreement to be entered into at such time, and regulated in such manner, as to the Congress shall appear most advisable.

6th. *Resolved*, That it appears to us, to be a duty incumbent on the good people of this Province, to afford some immediate relief to the many suffering inhabitants of the town of Boston.

Therefore, the several County Committees do now engage to set on foot, and promote collections, without delay, either by subscriptions or otherwise, throughout their respective counties; and that they will remit the moneys arising from the said subscriptions, or any other benefactions, that may be voluntarily made by the inhabitants, either to Boston, or into the hands of James Neilson, John Dennis, William Ouke, Abraham Hunt, Samuel Tucker, Dr. Isaac Smith, Grant Gibbon, Thomas Sinnicks, and John Carey, whom we do hereby appoint a Committee for forwarding the same to Boston, in such way and manner as they shall be advised will best answer the benevolent purpose designed.

7th. *Resolved*, That the grateful acknowledgements of this body are due to the noble and worthy patrons of constitutional liberty, in the British Senate, for their laudable efforts to avert the storm they behold impending over a much injured Colony, and in support of the just rights of the King's subjects in America.

8th. *Resolved*, That James Kinsey, William Livingston, John Dehart, Stephen Crane, and Richard Smith, Esquires, or such of them as shall attend, be the Delegates to represent this Province in the General Continental Congress, to be held at the City of Philadelphia, on or about the first of September next, to meet, consult, and advise with the Deputies from the other Colonies; and to determine upon all such prudent and lawful measures as may be judged most expedient for the Colonies immediately and unitedly to adopt, in order to obtain relief for an oppressed people, and the redress of our general grievances.

Signed by order.

Clerk.

Letter from the Committee of Correspondence of  
New Jersey to the Committee of Correspondence  
of Boston.

ELIZABETHTOWN, New Jersey, July 28, 1774.

GENTLEMEN:—The arbitrary and cruel oppression under which your Metropolis now labours from the suspension of commerce, must inevitably reduce multitudes to inexpressible difficulty and distress.

Suffering in a glorious and common cause, sympathy and resentment, with peculiar energy, fill the breasts of your anxious countrymen. As the King of Kings and the Ruler of Princes seems, in a remarkable manner, to be inspiring these Colonies with a spirit of union, to confound the counsels of your unrighteous oppressors, and with a spirit of humanity and benevolence towards an innocent and oppressed people; so, we trust, he will also inspire your town with patience, resignation, and fortitude, until this great calamity shall be over-past.

We have the pleasure to acquaint you that, on the 21st instant, at the city of New Brunswick, the Province of New Jersey, with singular unanimity, seventy-two Delegates from the several counties and a majority of the House of Representatives present and approving, entered into similar resolutions with the other Colonies; elected five Deputies for the proposed Congress, and the County Committees then agreed to promote collections in their respective counties, for the relief of such of the unhappy inhabitants of the town of Boston as may now be reduced to extremity and want. To accomplish this purpose with the more acceptance to yourselves, we the Committee of Correspondence for the Eastern Division, request that, by the return of the post, you would be pleased to advise us in what way we can best answer your present necessities; whether cash remitted, or what articles of provision, or other necessaries, we can furnish from hence, would be

be most agreeable; and which we hope we shall be able to forward to Boston very soon after your advice shall be received. We doubt not gentlemen are devising every possible method for the employment of those who, by their deplorable situation, are cut off from all former means of subsistence.

We are, gentlemen, your very humble servants.

By order,

WILLIAM PEARTREE SMITH,  
Chairman.

Letter from the Committee of Correspondence of Boston, to the Committee of Correspondence for New Jersey.

BOSTON, August 22, 1774.

SIR:—The Committee of Correspondence for this town have handed to the Committee of Donations a letter from you of the 28th ult., which breathes such a spirit of union and hearty concern for the rights of America, as must enkindle in every breast the highest opinion of the virtue and firmness of the inhabitants of New Jersey. With hearts deeply impressed with gratitude, we note your kind intentions to contribute for the relief of the inhabitants of this town, suffering by means of the Boston Port Bill, and desire to know “in what way you can best answer our present necessities, whether cash remitted or articles

articles of provision." For answer, if cash would be equally agreeable to our friends, it would be very acceptable at this time, but would leave that matter entirely to your convenience. The Christian sympathy and generosity of our friends through the Continent cannot fail to inspire the inhabitants of this town with patience, resignation and firmness, while we trust in the Supreme Ruler of the universe, that he will graciously hear our cries, and in his time free us from our present bondage, and make us rejoice in his great salvation.

Please to present our grateful acknowledgments to our friends of New Jersey, and be assured we are, with great esteem, sir, your friends and fellow-countrymen.

### Address of the Grand Jury of Essex County.

*To the Honourable Frederick Smyth, Esquire, Chief Justice of the Province of New Jersey :*

The address of the Grand Jury for the Body of the County of Essex, at a Court of Oyer and Terminer and General Goal Delivery, held at Newark, in the said County, the first Tuesday in November, 1774.

*May it please your Honour :*

As your Honour's charge from the Bench was not so properly directory to us with respect to our duty as the Grand

Grand

Grand Inquest of this County, as matter of instruction for the regulation of our own personal conduct amidst the present commotions of the Continent, we think ourselves obliged, from the singularity of the charge, and its paternal tenderness for our welfare, to express our gratitude for your Honour's friendly admonitions, (which doubtless derived great solemnity from the place in which they were delivered,) and at the same time inform you how far we have the misfortune to differ from you in sentiment, both as to the origin and tendency of the present uneasiness so generally diffused through all the Colonies. If we rightly understood a particular part of your Honour's charge, you were pleased to tell us, that while we were employed in guarding against "imaginary tyranny, three thousand miles distant," we ought not to expose ourselves to a "real tyranny at our own doors." As we neither know, sir, nor are under the least apprehension of any tyranny at our own doors, unless it should make its way hither from the distance you mention, and then, we hope, that all those whom the Constitution has entrusted with the guardianship of our liberties, will rather strive to obstruct than accelerate its progress, we are utterly at a loss for the idea thereby intended to be communicated. But, respecting the tyranny at the distance of three thousand miles, which your Honour is pleased to represent as imaginary, we have the unhappiness widely to differ from you in opinion. The effect, sir, of that tyranny is too severely felt to have it thought altogether visionary. We cannot think, sir, that taxes imposed upon us by our fellow subjects, in a Legislature in which we are not represented, is an imaginary, but that it is a real and actual tyranny; and of which no Nation whatsoever can furnish a single instance. We cannot think, sir, that depriving us of the inestimable right of trial by jury; seizing our persons and carrying us for trial to Great Britain is a tyranny merely imaginary.

Nor can we think with your Honour, that distroying Charters and changing our forms of Government, is a tyranny altogether ideal.—That an Act passed to protect, indemnify, and screen from punishment such as may be guilty

guilty even of murder is a bare idea.—That the establishment of French laws and Popish religion in Canada, the better to facilitate the arbitrary schemes of the British Ministry, by making the Canadians instruments in the hands of power to reduce us to slavery, has no other than a mental existence. In a word, sir, we cannot persuade ourselves that the Fleet now blocking up the Port of Boston, consisting of ships built of real English oak and solid iron, and armed with cannon of ponderous metal, with actual powder and ball; nor the Army lodged in the Town of Boston, and the Fortifications thrown about it, (substantial and formidable realities,) are all creatures of the imagination. These, sir, are but a few of the numerous grievances under which America now groans. These are some of the effects of that deliberate plan of tyranny concerted at “three thousand miles distance,” and which, to your Honour, appears only like the “baseless fabrick of a vision.” To procure redress of these grievances, which to others assume the form of odious and horrid realities, the Continent, as we learn, has very naturally been thrown into great commotions; and as far as this County in particular has taken part in the alarm, we have the happiness to represent to your Honour, that in the prosecution of measures for preserving American liberties, and obtaining the removal of oppressions, the people have acted in all their popular assemblies, (which it is the right of Englishmen to convene whenever they please,) with the spirit, temper and prudence becoming freemen and loyal subjects.

To trespass no longer on your Honour’s patience, we conclude with our hearty wishes, that while the great cause of liberty is warmly, and at the same time so peaceably vindicated, by all honest Americans, as essentially necessary to publick happiness; no bias of self-interest; no fawning servility towards those in power; no hopes of future preferment, will induce any man to damp their laudable and patriotick ardour; nor lend his helping hand to the unnatural and diabolical work of riveting those chains which are forging for us by that same actual tyranny, at the distance of three thousand miles.

To

To the Freeholders of the County of Essex, in the Province of New Jersey, qualified to vote for Representatives in the Legislature.

GENTLEMEN :—The zeal you have hitherto manifested in support of the constitutional liberties of your country will unquestionably prompt you to carry into execution, with firmness and unanimity, the wise and prudent Resolutions lately entered into by the Delegates of this Continent, in General Congress. In the eleventh Article of the Association, formed in behalf of themselves and their constituents, it was agreed “That a Committee be appointed in every County, City and Town, by those who are qualified to vote for Representatives in the Legislature, whose business it shall be to observe the conduct of all persons touching the said Association.” We your Committee of Correspondence, cannot in the least doubt your ready and immediate compliance with the Article; for, as the salutary effects to arise from this Association, must, under God, depend upon the fidelity of individuals in carrying it precisely into execution; so, should any inhabitant of this Colony be found so lost to a sense of publick virtue, as to violate the same in any instance, such person, pursuant to the said Article, may by your Committees, “be held up to publick notice, as unfriendly to the liberties of his country, and all dealings with him or her be thenceforward broken off.” We have therefore thought fit to recommend to you, that for the more extensive observation of the conduct of individuals, Committees be chosen for each of the three Precincts into which the County is divided, viz., Elizabethtown, Newark and Achquakanung; and we do hereby give notice to and request the Freeholders of the respective Precincts, to convene for that purpose, as follows: For the Borough of Elizabeth, at the Court House, in Elizabethtown, on Tuesday, the sixth day of December next, at 2 o’clock, P. M.; for Newark, at the Court House in Newark, on Wednesday,

Wednesday, the seventh day of December; and for Achquakanung, on Monday, the twelfth day of December, at the Bridge, opposite the house of Timothy Day. And we do also recommend to you, that ten at least of the most reputable inhabitants for Achquakanung, fifteen for Newark, and twenty for Elizabethtown, be elected for the above purpose.

As Delegates for the several Colonies are again to be appointed, to meet at Philadelphia, on the tenth day of May next, it will be farther expedient that the inhabitants make choice of a new Committee of Correspondence, with power to instruct the Representatives for this County, when convened in General Assembly, to join in the appointment of Delegates for the Colony to meet in the said Congress. But if the said General Assembly shall not appoint Delegates for that purpose, by the first day of April next, then the said Committee of Correspondence do meet with the several County Committees of this Colony, and appoint the said Delegates at such time and place as shall be agreed upon by the said Committees.

## Essex County Assembly.

At a meeting of the Freeholders of Elizabethtown, in Essex County, in the Province of New Jersey, on Tuesday, the first day of December, 1774.

Stephen Crane, Esquire, in the Chair.

The Committee of Correspondence for the County of Essex having produced the Association lately entered into by the Delegates of the American Colonies, met in General Congress, the same was read to and then unanimously approved and adopted by the whole Assembly, who were pleased at the same time to signify their thanks to the Delegates of this Colony for their faithful services.

It was then proposed, that pursuant to the eleventh Article of the said Association, a large Committee should be now chosen for the purposes therein mentioned, which was also agreed to, and the following persons were accordingly appointed, viz.: Jonathan Hampton, Matthias Williamson, Elias Dayton, Isaac Woodruff, William Barnett, Wm. Herriman, Oliver Spencer, Gerge Ross, Edward Thomas, Cornelius Hetfield, John Blanchard, Ephraim Tyrrel, Abraham Clarke, Robert Ogden, junior, Jeremiah Smith, Richard Townley, junior, Samuel Shotwell, David Miller, Thomas Woodruff, John Clawson, Jonathan Dayton, Ephraim Marsh, Recompence Stanbury, Jedediah Swan, William Parsons, Samuel Potter, William Bott, Jonathan Williams, Christopher Marsh, Isaac Wynants, Daniel Halsey.

After which the Committee of Correspondence informed the Assembly that, having executed the services for which they had been particularly appointed, they had thought proper to desolve themselves, in order that the inhabitants of the respective Precints of the County might have the opportunity of a new choice. Whereupon Stephen Crane, John De Hart, William Livingston, William P. Smith, Elias Boudinot, and John Chetwood, Esquires, being of the late Committee, were unanimously re-elected for the Borough of Elizabeth, and at the same time

time authorized to instruct the Representatives of this County, when convened in General Assembly, to join in the appointment of Delegates for this Colony, to meet in the next General Congress, at Philadelphia. But if the said Assembly should not appoint Delegates for that purpose, by the first day of April next, then the said Committee of Correspondence to meet with the several County Committees of this Colony, and appoint the said Delegates, at such time and place as shall be agreed upon by the said Committees.

The above business being finished, the Assembly unanimously *Voted*, That two certain Pamphlets lately published, the one entitled *A Friendly Address, &c.*, and the other under the signature of *A Farmer*, as containing many notorious falsehoods, evidently calculated to sow seeds of dissention among the good people of America, grossly misrepresenting the principles of the present opposition to Parliamentary Taxations, vilifying the late Congress, and intended to facilitate the scheme of the British Ministry for enslaving the Colonies, be publickly burnt, in detestation and abhorrence of such infamous publications.

And the same were accordingly committed to the flames, before the Court House, with the universal approbation of a numerous concourse of people.

### Newark Committee.

Pursuant to the eleventh Article of the Association entered into by the late Continental Congress, held at Philadelphia,

Philadelphia, at a meeting of the Freeholders of the Township of Newark, in the County of Essex, at the Court House, on Wednesday, the 7th of December, 1774.

Joseph Briggs, Jun., Esq., in the Chair.

After a proper introduction to the business of the day, the following persons were unanimously chosen as a Committee of Observation for the Town aforesaid, viz.: Joseph Allen, Esq., Garrabrant Garrabrant, Esquire, Caleb Camp, Bethuel Pierson, John Range, Solomon Davis, Doctor Matthias Pierson, Samuel Pennington, Joseph Hedden, Jun., Daniel Cundict, John Earle, John Spear, Moses Farrand, David Cundict, Esq., John Peck, Joseph Lyon, Thomas Cadmus, Jun., Abraham Lyon, James Wheeler, Ichabod Harrison, Jonathan Sayer, Robert Johnston, Robert Neil, Junior.

At a meeting of a majority of the above Committee, held in Newark, January 5, 1775, Caleb Camp, Chairman, Robert Johnston, Clerk.

*Voted*, That the Thanks of this Committee be presented to the Honourable Delegates for this Province, members of the Continental Congress held at Philadelphia in September last, for the faithful discharge of the important trust reposed in them :

*To the Delegates for New Jersey, in the Continental Congress :*

GENTLEMEN :—While we feel an inviolable attachment to the person of the King, and the present reigning family, it is with the highest esteem of, and gratitude to you, the particular Delegates for this Province (in conjunction with the whole of that venerable body) that we view the many wise and prudent measures by you adopted to support, and hand down to posterity inviolate, those valuable and important privileges, both civil and sacred, so highly prized by our ancestors.

And 'tis with the greatest resentment that we so often behold your virtuous and patriotick endeavours wickedly traduced and made the subject of ridicule and slander by those Sons of Belial, whose attachedness to their master, will prompt them to commit violence to their

own

own judgments, and even feed their wickedness with the very blood of their country. But you sirs, may be assured, that such authors (when known as their criminal production) shall ever be treated by us with the utmost contempt, as they merit.

And as a further mark of acquiescence in the Association, and demonstration of our sincerity, we think it our duty for ourselves, and we will with the utmost of our influence, recommend to our constituents, as the only probable means of securing our liberties, that the said Association be punctually adhered to, and strictly put in execution.

That the blessings of Heaven may succeed all our endeavours to vanquish our enemies, and effectually secure the liberties of British America, and finally establish a happy, constitutional, and lasting union between Great Britain and her Colonies, is the sincere wish of, gentlemen, your much obliged and very humble servants.

By order of the Committee,

CALEB CAMP,  
Chairman.

As the present critical situation of our Nation, and especially of British America, make it highly necessary, that every publick exhibition from the press should be stripped of all false disguises, and fairly hold up to view the only alternative, viz.: a tame submission to a tyrannical Ministry, and its consequence, abject slavery; or a brave, manly and constitutional resistance, as the only likely means of obtaining and enjoying liberty; Therefore the Committee of Observation, for the Township of Newark, beg leave to publish the following Queries and Resolves:

*Query 1.* Whether a Press, which weekly throws out pamphlets and other publick pieces, replete with the most bitter invectives, scandalous and criminal reflections upon that reputable body, the Continental Congress, and their constituents; and all, with a manifest design to blind the eyes of the less judicious; sow the seeds of faction and discord, and thus gratify the perfidious authors by prejudicing the honest, unthinking, against their

their real interest ; whether such a press is not inimical to the country where it is, and does not forfeit its support ?

*Query 2.* Whether such a Printer, and the authors of such pieces, when known, are not, according to the strict sense of the Grand Congress, those very persons who by them are considered such enemies to their country that every true friend of liberty ought to avoid them ?

*Query 3.* Whether a Printer in New York in the space of three or four years, by the profits of his press, and a moderate per cent. on Keyser's Pills, with a few other insignificant perquisites, can from a low ebb of fortune, if not bankruptcy, acquire such independence, that he dare publicly, with an air of supercilious haughtiness, proclaim himself independent of the country, and that he could live without their custom.

*Query 4.* Whether such a man is not a Ministerial hireling, who is endeavouring to sacrifice his country to his own private interest.

AND WHEREAS, it is too evident to this Committee, that the above character is exactly fitted to J. Rivington ; therefore

*Resolved,* That this Committee will henceforth take no more of his papers, pamphlets, or any other publick performance of his press ; neither will we deal with him in any other way. And we would heartily recommend, that our constituents may take this matter into serious consideration ; and as far as it shall carry conviction to them, treat him with a correspondent conduct.

By order of the Committee.

CALEB CAMP,  
Chairman.

## Elizabethtown Resolutions.

ELIZABETHTOWN, New Jersey, December, 19, 1774.

The Committee of Observation for the free Borough and Town of Elizabeth, taking into consideration that James Rivington, Printer of one of the New York Gazettes, having published many pieces in his paper, and divers pamphlets, inimical to the liberties of America; by which we have reason to suspect that he is a vile Ministerial hireling, employed to disunite the Colonies, and calumniate all their measures entered into for the publick good; in order therefore, to discountenance the attempts of every person unfriendly to America liberty,

*Resolved, unanimously,* By this Committee, that they will take no more of said Rivington's Gazettes, nor send any advertisements to be inserted therein, or have any further dealings or commerce with him; And that we will recommend it to our constituents to observe the same conduct towards said Rivington, or any other Printer who shall publish or print any pieces or pamphlets tending to break the happy union now subsisting throughout the American Colonies.

By order of the Committee.

Chairman.

Azariah Dunham, Esquire, in the Chair.

1. *Resolved*, That this Committee have been duly empowered and authorized by the Freeholders and Freemen of the County of Middlesex, to meet this day at New Brunswick, and, in their names, to transact all such publick business as the Committee, or a majority of them, think of importance to the general interest of the County.

2. *Resolved*, That we heartily and entirely approve of the Proceedings of the late Continental Congress, as published in their journal, entitled "Journal of the Proceedings of the Congress, held at Philadelphia, September fifth, 1774;" and that we esteem ourselves bound by the ties of virtue, honour, and the love of our country, to contribute all in our power towards carrying into practice the measures which they have recommended.

3. *Resolved*, That we look upon ourselves as under particular obligations of gratitude to the worthy and publick spirited gentlemen who composed the late Congress, for the knowledge with which they have pointed out and defined our rights, the firmness with which they have asserted them, and the wisdom with which they have devised the most likely and peaceable means of recovering, establishing and perpetuating them.

4. *Resolved*, That James Neilson, William Oak, Azariah Dunham, John Wetherill, Jonathan Combs, Stephen Pangburn and Ebenezer Foster, Esquires, Messrs. Wm. Smith, Matthias Baker, Jacob Fitsworth, John Dunn, David Williamson, Jonathan Baldwin and Jacob Schenck, be and they are by this Committee appointed a Committee of Correspondence for the County of Middlesex, and that they do, as soon as possible, by their humble petition, address the General Assembly now sitting at Perth Amboy, to nominate

nate

nate Deputies from this Province to the General Congress, to be held at Philadelphia in May next; and provided the Assembly do not undertake such nomination, that they then meet and join with the other Committees of Correspondence appointed by the several Counties in the Province, and at a proper time and place, and elect Deputies for the service aforesaid; and that this Committee be and continue the Committee of Correspondence for the County of Middlesex, till the rising of the next General Congress, and no longer.

*5. Resolved,* That we think it our duty publickly to declare our contempt and detestation of those insidious scribblers, who, with the vilest views, enlist themselves in the cause of the Ministry, and by the vilest means endeavor to effect a disunion among the good people of the Colonies, that they may become a prey to the oppression against which they are so laudably and unanimously struggling; who skulk behind prostituted printing presses, and with the assistance of the prostituted conductors of them, labour to circulate their pestilent compositions through the land, under the show of friendship and a regard to the publick good; who, with the most unexampled effrontery against the sense of every man of the least information and impartiality, will persist in retailing the rotten, exploded, and ten thousand times confuted doctrines of a passive acquiescence in the measures of Government, however distempered and tyrannical.

*6. Resolved,* That we will preserve on this trying occasion a resolute spirit, directed by loyalty to our King, prudence, temper, and dispassion, testifying that, as our cause is clearly just, we mean to support it by just exertions, and not by misrule and outrage.

Signed by order and on behalf of the meeting, by

JOHN DENNIS,  
Clerk.

Joseph Shotwell and Sons, Merchants, immediately, and ask them if they are disposed to comply with the Association of the late Continental Congress, respecting the importation of Goods, it being represented that said Shotwells have imported sundry Goods since the first day of December last.

The Deputies aforesaid returned and reported to the body that they had waited on Messrs. Shotwells according to appointment, who assured them "that all Goods imported by their house since the first of December, remained unopened as they came to hand;" but observed, "that as said Goods were imported into and entered at New York, and had been under the inspection of the Committee for said City, they did not come under the inspection of this Committee, and requested the favorable construction of this body, and the inhabitants in general, respecting their conduct and answer." This Committee also taking into consideration the many pieces and pamphlets published by James Rivington, tending to frustrate and defame the proceedings of the late Continental Congress, and disunite the Colonies, are of opinion that he is a person inimical to the liberties of this country, and as such ought to be discountenanced; we therefore do cordially recommend to all our constituents to drop his Paper and have no further dealings with him.

### Morris County Meeting.

At a Meeting of the Freeholders of the County of Morris, at Morristown, on Monday, the 9th day of January, 1775.

William Winds, Esquire, Chairman.

The

The Committee of Correspondence, for the County of Morris, having produced and read the Association of the Continental Congress, the same was deliberately considered by the whole assembly, and by them unanimously approved as a wise, prudent and constitutional mode of opposition to the late several tyrannical and oppressive Acts of the British Parliament. Whereupon they unanimously determined strictly to abide by the same, and gratefully expressed their acknowledgments and hearty thanks to the Delegates of this Colony for their great attention to the rights and liberties of their constituents, and for the faithful discharge of the important trust reposed in them.

The assembly then unanimously agreed that the inhabitants of each several Township in the County should meet at their respective places of holding Town Meetings, on Monday, the 23d day of January, instant, at one o'clock in the afternoon, then and there respectively to choose (by those who are qualified to vote for Representatives in the Legislature) a Committee of Observation, pursuant to, and for the purposes expressed in the eleventh Article of the said Association. After which the Committee of Correspondence declared to the assembly that they had thought proper to dissolve themselves, in order that their constituents might have an opportunity of a new choice, and that they were dissolved accordingly: Whereupon Jacob Ford, William Winds, and Jonathan Stiles, Esquires, Messrs. Jacob Drake, Peter Dickerson, and Ellis Cook, together with Samuel Tuthill, Doctor William Hart, and Abraham Ogden, Esquires, were elected; and at the same time authorized to instruct the Representatives of this County, when convened in General Assembly, to join in the appointment of Delegates for this Colony, to meet in General Congress, at Philadelphia; but if the said Assembly should not appoint Delegates for that purpose by the first day of April next, then the said Committee of Correspondence to meet with the several County Committees of this Colony, and appoint the said Delegates, at such time and place as shall be agreed upon by the said Committees.

The assembly afterwards taking into consideration the  
conduct

conduct of James Rivington, Printer in New York, in publishing two certain Pamphlets: the one entitled "*A Friendly Address,*" &c., &c.; the other under the signature of "*A. W. Farmer,*" and several others; all containing many falsehoods, wickedly calculated to divide the Colonies—to deceive the ignorant, and to cause a base submission to the unconstitutional measures of the British Parliament for enslaving the Colonies, do unanimously resolve, that they esteem the said James Rivington an enemy to his country; and therefore that they will, for the future, refrain from taking his Newspapers, and from all further commerce with him; and that, by all lawful means in their power, they will discourage the circulation of his Papers in this County.

Woodbridge, Middlesex County, Committee.

The Committee of Observation for the Township of Woodbridge taking into consideration the conduct of the inhabitants of Staten Island, in neglecting or refusing to adopt the Association of the General Congress, and as a number of said inhabitants daringly attempted by force to prevent a Ship's returning to Europe, which arrived with Goods after the first day of February, by which they have justly incurred the displeasure of all the friends of liberty, we think it a duty incumbent on us to publish our dislike of such hostile measures, and suspend all trade, dealings  
and

and intercourse with them till they join the Association aforesaid; Therefore,

*Resolved unanimously* That we will from this day break off and suspend all trade, dealings, and intercourse with them, and will use every lawful means in our power to prevent the inhabitants of said Island getting any Timber, Plank, Iron, &c., from this Town. But as we are unwilling to involve the innocent with the guilty, we except, under particular restrictions, such of them as have openly approved of the Association, and are willing to adopt it.

And we do earnestly recommend to all the inhabitants of this Township a strict observance of this suspension, by having no dealings or intercourse with the inhabitants of said Island till they retract their late conduct, and join in the measures recommended by the Congress; and Messrs. Matthias Baker, Samuel Foree, William Smith, John Noe, William Cutler, John Conway, John Ross, and Jeremiah Manning, are appointed Inspectors of the several Publick Landings to see that this Resolve is strictly adhered to.

*To his Excellency William Franklin, Esquire, Captain-General, Governour and Commander-in-Chief in and over his Majesty's Province of New Jersey, and Territories thereon depending in America, Chancellor and Vice Admiral in the same, &c.*

The humble Address of His Majesty's Council of the said Province:

*May it Please Your Excellency:*—We his Majesty's most dutiful and loyal subjects, the Council of the Province of New Jersey, beg leave to return your Excellency our thanks for your Speech at the opening of this session, and to express our obligations for having given us so early an opportunity of transacting the publick business; and that you have been pleased therein to consult our convenience!

We agree with your Excellency that it would argue not only a great want of duty to his Majesty, but of regard to the good people of this Province, were we, on this occasion, to pass over in silence the present alarming transactions which are so much the object of publick attention; and therefore beg leave to assure you, that, feeling ourselves strongly influenced by zealous attachment to the interests of Great Britain and her Colonies, and deeply impressed with a sense of the important connection they have with each other, we shall, with all sincere loyalty to our most gracious Sovereign, and all due regard to the true welfare of the inhabitants of this Province, endeavour to prevent mischiefs which the present situation of affairs seems to threaten; and by our zeal for the authority of Government on the one hand, and for the constitutional rights of the people on the other, aim at restoring that health of the political body, which every good subject must earnestly desire.

Your

Your Excellency may be assured that we will exert our utmost influence, both in our publick and private capacities, to restore that harmony between the parent state and his Majesty's American Dominions, which is so essential to the happiness and prosperity of the whole Empire; and earnestly looking for that happy event, we will endeavour to preserve peace and good order among the people, and a dutiful submission to the laws.

To which his Excellency was pleased to reply in the words following, viz:

GENTLEMEN:—I heartily thank you for this Address. Your sentiments concerning the present alarming transactions; your expressions of zealous attachment to the interests of Great Britain and her Colonies; your promises to exert your utmost influence to restore harmony between them, and to preserve peace, good order, and a dutiful submission to the laws, are such as evince your loyalty to the most gracious of Sovereigns, and your regard for the true welfare of the people. Their constitutional rights will ever be found best supported by a strict obedience to the laws and authority of Government. Whenever that barrier is broken down, anarchy and confusion, with all their attendant evils, will most assuredly enter and destroy all the blessings of civil society.

Friday, February 10, 1775, 4 o'clock P. M.

The House met. Present—Peter Kemble, Esquire, the Earl of Stirling, John Stevens, Esquire, the Chief Justice, Richard Stockton, Stephen Skinner, and Daniel Coxe, Esquires.

Mr. Coxe in his place acquainted the House that he had received information that James Murdock, of the City of Perth Amboy, Surgeon, had presumed to send a challenge to one of the Members of this House, sitting as the General Assembly of this Colony, and moved the House that the said Member be called upon to produce the Letter containing the said challenge.

Whereupon,

Whereupon, by order of the House, the said Letter was produced, and is in the words following, viz:

MY LORD:—It is needless to repeat your Lordship's behaviour last night. Mr. Murdock now desires of your Lordship time and place to have the satisfaction of a gentleman.

I am your Lordship's most obedient servant.

JAS. MURDOCK.

Friday morning.

Superscribed, "This to Lord Stirling."

*Resolved unanimously*, That the said Letter is a most audacious insult to Lord Stirling; and that sending the same to him during the sitting of General Assembly of this Colony, is a daring contempt of the authority, and a manifest violation of the rights and privileges of this House.

*Ordered, therefore*, That the Speaker do issue his Warrant, directed to the Sergeant-at-Arms, commanding him to apprehend and bring the said James Murdock forthwith before the House, to answer for the said contempt.

*Ordered*, That he be brought in.

And on his appearance before the House, and the said Letter being shown to him, he acknowledged that he wrote and sent the same as directed, and that he meant it as a challenge; but said he had done it in the heat of passion, that he was sensible he had done exceedingly wrong, and was sorry for his indiscretion; and he was ready to make such farther acknowledgments as the House should be pleased to direct.

*Ordered*, That the Sergeant-at-Arms withdraw with the said James Murdock, and that he remain in his custody till farther orders.

SATURDAY, February 11, 1775.

Richard

Richard Stockton, Stephen Skinner, and Daniel Coxe, Esquires.

*Resolved*, That the said Murdock be brought up before this House by the Sergeant-at-Arms, and that he receive such reprimand and admonition from the Speaker, as the nature of his offence requires; and that he be also commanded to make such submission and acknowledgement of his offence, as may be satisfactory as well to the House as to Lord Stirling.

Whereupon, the said James Murdock was accordingly brought before the House, in the custody of the Sergeant-at-Arms, and being reprimanded and admonished did declare his unfeigned sorrow for the insult by him offered to the House, thanked the House for their lenity towards him, and with the fullest acknowledgments of his submission to the House, implored their pardon and forgiveness, as well for the publick insult offered to them, as for the affront to Lord Stirling.

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon his Excellency; and being returned Mr. Speaker resumed the Chair, and reported that the House had waited on his Excellency, who was pleased to make a Speech to the Council and House of Assembly, of which Mr. Speaker said he had, to prevent mistakes, obtained a copy, and the same, by order of the House, was read, and is as follows, viz:

*Gentlemen of the Council and Gentlemen of the Assembly:*

Although not more than ten months have elapsed since your last meeting in General Assembly; yet, as there are several matters of importance which require the particular attention of the Legislature, I have thought it proper to give you as early an opportunity of transacting

ing the publick business, as was consistent with your conveniency.

*Gentlemen of the Assembly :*

The support of Government having been expired ever since the first of October, I must recommend that matter to your early consideration.

The Barrack-master's accounts for the expenditure of the money granted last year for the supply of the King's Troops, shall be laid before you as soon as they can be prepared.

*Gentlemen of the Council and Gentlemen of the Assembly :*

It would argue not only a great want of duty to his Majesty, but of regard to the good people of this Province, were I, on this occasion, to pass over in silence the late alarming transactions in this and the neighboring Colonies, or not endeavour to prevail on you to exert yourselves in preventing those mischiefs to this country, which, without your timely interposition, will in all probability, be the consequence.

It is not for me to decide on the particular merits of the dispute between Great Britain and her Colonies; nor do I mean to censure those who conceive themselves aggrieved, for aiming at a redress of their grievances; it is a duty they owe themselves, their country and their posterity. All that I wish to guard you against, is the giving any countenance or encouragement to that destructive mode of proceeding which has been unhappily adopted in part by some of the inhabitants of this Colony: and has been carried so far in others, as totally to subvert their former Constitution. It has already struck at the authority of one of the branches of the Legislature, in a particular manner. And if you, gentlemen of the Assembly, should give your approbation to transactions of this nature, you will do as much as lies in your power to destroy that form of Government of which you are an important part, and which it is your duty, by all lawful means, to preserve. To you your constituents have entrusted

trusted a peculiar guardianship of their rights and privileges. You are their legal Representatives, and you cannot, without a manifest breach of your trust, suffer any body of men, in this or any of the other Provinces, to usurp and exercise any of the powers vested in you by the Constitution. It behoves you particularly, who must be constitutionally supposed to speak the sense of the people at large, to be extremely cautious in consenting to any act whereby you may engage them as parties in, and make them answerable for measures which may have a tendency to involve them in difficulties far greater than those they aim to avoid.

Besides, there is not, gentlemen, the least necessity, consequently there will not be the least excuse for your running any such risks on the present occasion. If you are really disposed to represent to the King any inconveniences you conceive yourselfs to lie under, or to make any propositions on the present state of America, I can assure you from the best authority, that such representations or propositions will be properly attended to, and certainly have greater weight coming from each Colony in its separate capacity, than in a channel, of the propriety and legality of which there may be much doubt.

You have now pointed out to you, gentlemen, two roads, one evidently leading to peace, happiness and a restoration of the publick tranquility, and the other inevitably conducting you to anarchy, misery, and all the horrors of a civil war. Your wisdom, your prudence, your regard for the true interests of the people, will be best known when you have shown to which road you give the preference. If to the former, you will probably afford satisfaction to the moderate, the sober, and the discreet part of your constituents. If to the latter, you will, perhaps, for a time, give pleasure to the warm, the rash, and the inconsiderate among them, who, I would willingly hope, violent as is the temper of the present times, are not even now the majority. But it may be well for you to remember, should any calamity hereafter befall them from your compliance with their inclinations, instead of pursuing as you ought, the dictates of your own judgment, that the consequences of their

their returning to a proper sense of their conduct, may prove deservedly fatal to yourselves.

I shall say no more at present on this disagreeable subject, but only to repeat an observation I made to a former Assembly, on a similar occasion: "Every breach of the Constitution, whether it proceeds from the Crown or the People, is in its effects equally destructive to the rights of both." It is the duty, therefore, of those who are entrusted with Government, to be equally careful in guarding against encroachments from the one as the other. But it is, says one of the wisest of men, a most infallible symptom of the dangerous state of liberty, when the chief men of a free country show a greater regard to popularity than to their own judgment.

GENTLEMEN:—We the subscribers, having been appointed and requested by the Committees of the several Counties in this Colony, including a majority of the Members of your House, to represent the Colony of New Jersey in the Continental Congress of Delegates from the other American Colonies, at Philadelphia, in September last, beg leave to report to the House that we attended the said Congress, and did everything in our power to answer the intention of our appointment; and hope and trust that the Proceedings of the said Congress, which

we

we now lay before you for your consideration, will receive your approbation, and have the desired effect in producing that peace, happiness, harmony, and confidence, between Great Britain and the Colonies, so ardently wished for by all good men.

We are, gentlemen, your most obedient servants.

JAMES KINSEY,

WILLIAM LIVINGSTON,

STEPHEN CRANE,

JOHN DEHART.

January 11, 1775.

Mr. Crane and Mr. Kinsey also laid before the House the Proceedings of the Continental Congress, held at Philadelphia, in September last, which were read. On the question, whether the House approve of the said Proceedings? It passed in the affirmative.

*Resolved*, That this House do unanimously approve of the Proceedings of the Congress; such as are of the people called Quakers, excepting only to such parts as seem to wear an appearance, or may have a tendency to force, (if any such there be,) as inconsistent with their religious principles.

*Resolved unanimously*, That James Kinsey, Stephen Crane, William Livingston, John DeHart, and Richard Smith, Esquires, or any three of them, be and they are hereby appointed to attend the Continental Congress of the Colonies, intended to be held at the City of Philadelphia, in May next, or at any other time and place; and that they report their proceedings to the next session of the General Assembly; instructing the said Delegates to propose and agree to every reasonable and constitutional measure for the accommodation of the unhappy differences at present subsisting between our mother country and the Colonies, which the House most ardenly wish for.

The House also being informed, that at the Congress held at Philadelphia, the 6th of September last, a motion was made to give some of the Colonies a greater number of votes in the determination of questions to be agitated therein, than to others; and conceiving such motion to be of dangerous consequence, do also instruct their Delegates not to agree to a measure of that kind, unless it should

should be agreed at the same time that no vote to be taken on such principles shall, in future, be obligatory on any Colonies whose Delegates do not consent thereto.

*Ordered*, That Mr. Speaker do transmit a copy of the foregoing Resolutions to the Speakers of the Assemblies of New York and Pennsylvania.

GENTLEMEN:—I send you the Barrack-master's Accounts of Expenses incurred for the repair of the Barracks and supply of the King's Troops, including furniture, bedding, &c., from June, 1773, to December, 1774, by which you will see in what manner the money has been expended, which I was authorized by law to draw out of the Treasury for that service. There is a balance remaining in my hands of about thirty-four Pounds, eight Shillings and six Pence, Proclamation Money.

As the House had some objections last session to the charge in Colonel Robertson's Account for Sheets furnished the King's Troops, I directed the Barrack-master not to pay that article of the Account, and to acquaint the Colonel with the occasion. I now lay before you a letter from the Colonel on that head, which appears to me to contain so many just reasons why the charge ought to be allowed by the Province, that I cannot but recommend it to your particular consideration.

WM. FRANKLIN.

FRIDAY, February 3, 1775.

A Petition was presented from a number of Inhabitants of Nottingham, in the County of Burlington, praying the House will take some measures to settle the unhappy disputes between Great Britain and the Colonies, which was read and ordered a second reading.

On motion made, it is the opinion of, and this House do advise, that the present Committee of Correspondence may draw any part of the sum of one thousand Pounds, made subject to their order by an Act passed at the last session,

session, not exceeding three hundred Pounds, to pay the expenses of the Delegates appointed by this House to attend the intended Congress and that this House will allow thereof.

A Message from his Excellency, by Mr. Deputy Secretary Pettit :

MR. SPEAKER:—His Excellency is in the Council Chamber, and ready to receive the Address of the House.

Whereupon, Mr. Speaker left the Chair, and with the House went to wait upon his Excellency; and being returned, Mr. Speaker resumed the Chair, and reported that the House had waited on his Excellency with their Address, in these words, viz :

*To his Excellency William Franklin, Esquire, Captain General, Governour, and Commander-in-Chief in and over the Colony of New Jersey, and Territories thereon depending in America, Chancellor and Vice Admiral in the same, &c. :*

The Humble Address of the Representatives of said Colony, in General Assembly convened :

MAY IT PLEASE YOUR EXCELLENCY:—We his Majesty's loyal and dutiful subjects, the Representatives of this Colony of New Jersey, in General Assembly convened, have taken into our consideration your Excellency's Speech at the opening of the present session. We should have been glad that your Excellency's inclinations to have given us as early an opportunity of transacting the publick business, as was consistent with our "convenience," had determined in a manner more agreeable to your design, and more favourable to us, than it really has done on the present occasion. If the Petitions which we understand have been presented to you, had been granted, we should have had a meeting more convenient to us than the present, and that meeting, perhaps, would have prevented some of those "alarming transactions" which your Excellency's apprehension of your duty leads you to inform us as having happened in this Colony. We thank you for your intention to oblige us; but that  
it

it may not be so entirely frustrated in future, permit us to inform you it would be much the most agreeable to us, that the meeting of the House to do publick business, should not be postponed to a time later than when the Bill for the support of Government expires.

We are sorry to hear that in your Excellency's opinion, there has been of late any "alarming transactions" in this and the neighbouring Colonies, our consent to, or approbation of which, may lead the good people we represent into "anarchy, misery, and all the horrors of a civil war." It is true you are pleased to tell us that this destructive mode of proceeding has been adopted but "in part" by some of the inhabitants of this Colony. We assure you that we neither have nor do intend to give our approbation to measures destructive to the welfare of our constituents, and in which we shall be equally involved with them; their interests and our we look upon as inseperable. No arguments are necessary to prevail on us to endeavour to prevent such impending calamities; and if we should, at any time, mistake our duty so much, we hope your regard to the people will induce you to exert the prerogative, and thereby give them the choice of other Representatives, who may act with more prudence. The uncertainty, however, to what "alarming transactions" in particular you refer, renders it sufficient for us to assure you only, that we profess ourselves to be the loyal subjects of the King, from whose goodness we hope to be relieved from the present unhappy situation; that we will do all in our power to preserve that excellent form of Government under which we at present live; and that we neither intend to usurp the rights of others, nor suffer any vested in us by the Constitution, to be wrested out of our hands by any person or persons whatsoever.

We sincerely lament the unhappy differences which at present subsist between Great Britain and her Colonies. We shall heartily rejoice to see the time when they shall subside, on principles consistent with the rights and interests of both, which we ardently hope is not far off; and though we cannot perceive how the seperate Petition of one Colony is more likely to succeed than the united  
 Petitions

Petitions of all ; yet in order to show our desire to promote so good a purpose by every proper means, we shall make use of the mode pointed out by your Excellency, in hopes it will meet with that attention which you are pleased to assure us will be paid to the Representatives of the people.

We have already resolved to support his Majesty's Government ; and we beg leave to assure your Excellency, that though we are warmly attached to that liberty which, as subjects of our august Monarch, we apprehend ourselves to be justly entitled to, and firmly resolved to preserve it by every constitutional means in our power, yet we shall, with pleasure, lay hold of every proper occasion to manifest that loyalty to his person, and regard to the Constitution, which, as subjects and freemen, can be reasonably expected from us.

By order of the House.

CORTLAND SKINNER,  
Speaker.

House of Assembly, February 1, 1775.

To which his Excellency was pleased to make the following Answer :

GENTLEMEN :—Were I to give such an answer to your Address as the peculiar nature of it seems to require, I should be necessarily led into the explanation and discussion of several matters and transactions, which, from the regard I bear to you and the people of this Colony. I would far rather have buried in perpetual oblivion. It is, besides, in vain now to argue on the subject, as you have, with a most uncommon and unnecessary precipitation, given your entire approbation to that destructive mode of proceeding which I so earnestly warned you against.

Whether, after such a resolution, the Petition you mention can be reasonably expected to produce any good effect ; and whether you or I have best consulted the true interests of the people on this important occasion, I shall leave others to determine. You may be assured, however, that the advice which I gave you was totally uninfluenced

fluenced by any sinister motive whatever. It came from an heart sincerely devoted to my native country, whose welfare and happiness depend, as I conceive, upon a plan of conduct very different from what has been hitherto adopted.

SATURDAY, February 4, 1775.

The Bill for the support of Government was read the second time; whereupon, the House resolved itself into a Committee of the Whole House on the said Bill for support of Government; and, after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Crane, Chairman of the Committee, reported that the Committee had made some progress in the matters to them referred, and desired leave to sit again; to which the House agreed.

appear before the House at ten o'clock to-morrow morning, in order that they may inquire of him concerning the deficiency reported due from him to the Province; and that a copy of this order be served on him immediately.

The House took into consideration his Excellency's Message, of the 30th day of January last, which was read, together with Colonel Robertson's Letter, and his Account, &c., whereupon, after some debate,

*Resolved*, That this House will not allow the charge for Sheets, as charged in Colonel Robertson's Account.

*Ordered*, That Mr. Mehelm, and Mr. Hewlings, do wait on his Excellency and inform him that the House have taken his Message of 30th day of January last, relating to the charge made by Colonel Robertson, of three hundred and fifty-four Pounds, seven Shillings and six Pence, for Sheets furnished the King's Troops in this Colony, and the balance in his hands of thirty-four Pounds, eight Shillings and six Pence, into their consideration.

A Letter was presented to the House from the Honourable Stephen Skinner, Esquire, which, by order of the House, was read, and is as follows, viz.:

MR. SPEAKER:—The Message of the House, ordering the late Treasurer to attend this day at ten o'clock, to inquire of him the deficiency of the Treasury, I have received; but as I have the Honour to be one of his Majesty's Council, I can't possibly attend till such time as I have laid the order before the Council, which I shall immediately do upon their meeting.

As

As the order is to inquire concerning the deficiency of the Treasury, I can assure the House, had I been apprized of their wanting the publick money, I should have taken care that the whole should have been in the Treasury for their inspection; but as I have amply secured the Treasurer, I shall take care that he shall have the whole amount of the bond I have given him within the time appointed for cancelling the publick money.

I am, with great respect, yours and the House's most humble servant,

STEPHEN SKINNER.

It passed in the negative.

On motion, made by Mr. Tucker,

*Resolved, nem. con.*, That there is a large deficiency in the Eastern Treasury of the moneys which either ought to be therein, or ought to have been cancelled and burned some time past; and that it is a manifest breach of duty for any Treasurer of this Colony to apply any such publick money to any private purposes whatsoever.

John Smyth, Esquire, desiring to attend the House, was called in, and informed the House that he had entered into a new Bond with securities, for the true and faithful execution of his office as Treasurer of the Eastern Division, and desired to have the sentiments of the House as to the sufficiency of his securities, and that his former Bond may be cancelled:

Whereupon the said Bond was read; and on the question,

*Resolved, nem. con.*, That in the opinion of this House, his said securities, are very sufficient, and that his former Bond may and ought to be cancelled.

The engrossed Bill, entitled An Act for support of Government of his Majesty's Colony of New Jersey, to commence the 1st day, of October, 1774, and to end the 1st day of October, 1775, and to discharge the Publick Debts and Contingent Charges thereof, was read and compared; on the question,

*Resolved*, That the same do pass.

Friday,

FRIDAY, February 10, 1775.

The House being informed that Dr. James Murdock did, this day, send a challenge to one of the Members of this House, which was delivered in the House, and an answer insolently demanded; the House taking the same into consideration,

*Resolved unanimously,* That the challenging a Member of this House is a contempt and breach of the privileges of this House:

*Ordered, therefore,* That Mr. Speaker do issue his Warrant to the Sergeant-at-Arms, immediately to take the said Doctor James Murdock, and bring him to the Bar of the House for the contempt aforesaid.

The Sergeant-at-Arms attended with Dr. James Murdock at the Bar of the House, who, being there examined, confessed his sending a challenge to a Member of this House; that he knew the gentleman to be a Member of the House, but did not apprehend it an insult to the House, and was extremely sorry for it, and declared his sorrow for writing the said letter, and his ignorance of the consequences, and hoped the favour of the House:

Whereupon, the Sergeant-at-Arms being ordered to withdraw with his prisoner, the House took the matter into consideration, and the Member injured moving that the said Doctor Murdock's acknowledgements might be accepted by the House; after some debate,

*Ordered,* That the said Doctor James Murdock do humbly ask pardon of this House, in general, and the Member in particular; that he be thereupon reprimanded by the Speaker, and that he then be discharged on payment of his Fees.

Whereupon the said Doctor Murdock did humbly ask pardon of the House, and the Member in particular; and being reprimanded by the Speaker,

*Ordered,* That he be discharged on payment of his Fees.

SATURDAY, February 11, 1775.

Mr. Wetherill, from the Committee appointed to prepare

parc a draught of a Petition to his Majesty, brought in a draught, which, by order of the House, was read and ordered to a second reading.

The draught of the Petition to his Majesty was read the second time.

*Ordered*, That the same be committed to a Committee of the Whole House.

Whereupon the House accordingly resolved itself into a Committee of the Whole House, on the Petition to his Majesty; and after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Fisher, Chairman of the Committee, reported that the Committee had made some progress in the matters to them referred, and desired leave to sit again; to which the House agreed.

MONDAY, February 13, 1775.

The House taking into consideration the state of the Debt due to this Colony from Lord Stirling, and it appearing that Mrs. Mary Verplank hath a mortgage upon the same Lands, prior to that given to the late Treasurer,

*Ordered*, That Mr. Fisher, Mr. Crane, and Mr. Lawrence, or any two of them, do wait on Lord Stirling, and endeavour to procure security for the Debt due to the Colony.

The House again, according to order, resolved itself into a Committee of the Whole House, on the Petition to his Majesty; and after some time spent therein, Mr. Speaker resumed the Chair, and Mr. Fisher, Chairman of the Committee, reported that the Committee have gone through the said Petition, and made several amendments thereto, which he was ready to report whenever the House would be pleased to receive the same.

*Ordered*, That the Report be made immediately.

Whereupon Mr. Fisher reported the said Petition and amendments, which being read and agreed to by the House, on the question,

*Ordered*, That the same be engrossed.

Mr. Fisher and Mr. Lawrence reported that they had waited on Lord Stirling, pursuant to the order of the House,

House, who informed them that he could not give the Province other security, unless a general mortgage, but that in four or five months the matter should be settled.

*Ordered*, That Mr. Fisher and Mr. Eldridge do go to the Council and inquire whether they have any business before them ; if not, that this House proposes to apply to his Excellency for a dismissal.

Mr. Fisher reported that Mr. Eldridge and himself went to the Council according to order, who said they had no business before them.

The engrossed petition to his Majesty was read and compared, and is as follows :

*To the King's most Excellent Majesty :*

MOST GRACIOUS SOVEREIGN:—We, your Majesty's most dutiful and loyal subjects, the Representatives of the Colony of New Jersey, in General Assembly convened, beg leave to approach your royal presence to express our unfeigned attachment to your Majesty's person, family, and Government, and to return you our most humble thanks for your gracious assurance, signified to us by our Governour, that "the representations or propositions of your Colonies will be attended to."

Firmly persuaded of your Majesty's solicitude for the happiness of your subjects in the remotest parts of your Dominions from the above gracious assurance, we cannot but encourage ourselves in the prospect of your royal interposition for our relief from the grievances under which your American subjects have been so long labouring.

We do, with the greatest sincerity, assure your Majesty that our complaints do not arise from a want of loyalty to your royal person, or a disposition to withdraw ourselves from a constitutional dependence on the British Crown, but from well grounded apprehensions that our rights and liberties are intimately affected by the late measures, in their consequences pernicious to the welfare and happiness both of Great Britain and your Majesty's Colonies.

The Grievances of which we complain are :

A Standing Army has been kept in these Colonies ever since the conclusion of the late war, without the consent of our Assemblies; and this Army, with a considerable Naval Armament, has been employed to enforce the collection of Taxes.

The authority of the Commander-in-Chief, and, under him, of the Brigadiers General, has, in time of peace, been rendered supreme in all the Civil Governments of America.

The Commander-in-Chief of all your Majesty's Forces in North America has, in time of peace, been appointed Governour of a Colony.

The charges of usual Officers have been greatly increased, and new, expensive, and oppressive Offices have been multiplied.

The Judges of Admiralty and Vice Admiralty Courts are empowered to receive their salaries and fees from the effects condemned by themselves.

The Officers of the Customs are empowered to break open and enter houses without the authority of any Civil Magistrate, founded on legal information.

The Judges of Courts of Common Law have been made entirely dependent on one part of the Legislature for their salaries, as well as for the duration of their commissions.

Counsellors, holding their commissions during pleasure, exercise Legislative authority.

The Agents of the People have been discountenanced, and Governours have been instructed to prevent the payment of their salaries.

Assemblies have been frequently and injuriously dissolved, and Commerce burdened with many useless and oppressive restrictions.

By several Acts of Parliament, made in the fourth, fifth, sixth, seventh and eighth years of your Majesty's reign, Duties are imposed on us for the purpose of raising a Revenue; and the powers of Admiralty and Vice Admiralty Courts are extended beyond their ancient limits, whereby our property is taken from us without our consent; the Trial by Jury, in many civil cases, is abolished; enormous Forfeitures are incurred for slight offences; vexatious Informers are exempted from paying damages

damages to which they are justly liable, and oppressive Security is required from owners, before they are allowed to defend their rights.

Both Houses of Parliament have resolved that the Colonies may be tried in England for offences alleged to have been committed in America, by virtue of a Statute passed in the thirty-fifth year of Henry the Eighth ; and, in consequence thereof, attempts have been made to enforce that Statute.

A Statute was passed in the twelfth year of your Majesty's reign, directing that persons charged with committing any offence therein described, in any place out of the Realm, may be indicted and tried for the same in any Shire or County within the Realm, whereby inhabitants of these Colonies may, in sundry cases, by that Statute made capital, be deprived of a trial by their peers of the vicinage.

In the last session of Parliament an Act was passed for blocking up the Harbour of Boston ; another empowering the Governour of Massachusetts Bay to send persons indicted for murder, in that Province, to another Colony, or even to Great Britain, for trial, whereby such offenders may escape legal punishment ; a third, for altering the Chartered Constitution of Government in that Province ; and a fourth, for extending the Limits of Quebec, abolishing the English and restoring the French Laws. whereby great numbers of British freemen are subject to the latter, and establishing an absolute Government and the Roman Catholick Religion throughout those vast regions that border on the Westerly and North-erly boundaries of the free Protestant English settlements ; and a fifth, for the better providing suitable quarters for Officers and Soldiers in his Majesty's service in North America.

To a Sovereign, who "glories in the name of Briton," the bare recital of these Acts must, we presume, justify the loyal subjects who fly to the foot of his Throne, and implore his clemency for protection against them.

Although all the grievances above enumerated do not immediately affect the people of this Colony, yet as, in  
their

their consequences, they will be deeply involved, we cannot remain silent and unconcerned.

Should our properties be liable to the disposal of those of our fellow-subjects in whose election we have no voice, we conceive it evident that we have no property but at their will and pleasure.

And should we be carried for trial to places where it is impossible for the accused to compel the appearance of his witnesses, innocence will be no security from punishment.

Nor is the jurisdiction lately given to the Courts of Admiralty, which deprive your Majesty's American subjects of Trial by Juries of the vicinage, less repugnant to the fundamental principles of the Common law.

All which necessarily tend to reduce us to a state of servitude, from which our affection for the English Constitution, and duty to ourselves and our posterity, loudly call upon us to avert, by all lawful means in our power.

The Colony of New Jersey, during the late glorious war, though not immediately affected, because surrounded by your Majesty's other more extensive and opulent Colonies, complied with every royal requisition for aid, and cheerfully exerted itself, at a very considerable expense, whereby it incurred a heavy debt, under a great part of which it at present labours.

And as this Colony hath always, according to its ability, cordially defrayed the charge of the administration of justice, and the support of the Civil Government, your Majesty may be assured, that it will ever be ready, not only to defray the same charge, but also to contribute when constitutionally required, to every reasonable and necessary expense, for the defence, protection and security of the whole British Empire.

We do solemnly, and with great truth, assure your Majesty that we have no thoughts injurious to the allegiance which, as subjects, we owe to you as our Sovereign; that we abhor the idea of setting ourselves up in a state of independency, and that we know of no such design in others. We therefore most earnestly beseech your Majesty to interpose your royal authority for the redress

redress of the above grievances, and to vouchsafe us a gracious answer to this our humble Petition.

That the Omnipotent Being, "by whom Kings reign and Princes decree justice," and who hath placed your Majesty on the throne of your ancestors, to which they were called by the suffrage of a free people, to protect them against Popery and arbitrary power, may bless you with every felicity, both temporal and eternal, and that the Colonies may vie with the most faithful of your subjects, in every dutiful and loyal attachment to your royal person, family and Government, is, and always will be, the sincere and fervent prayer of your Majesty's loyal and dutiful subjects, the Representatives of the Colony of New Jersey.

House of Assembly, February 13, 1775.

Cumberland

## Cumberland County Committee.

---

CUMBERLAND COUNTY, N. J., March 6, 1775.

The Committee of the County of Cumberland, in New Jersey, met at Bridgetown; and after reading the Association of the American Congress, it appeared by the voluntary declaration of Silas Newcomb, Esquire, a Member of the Committee, that he had contravened the same, and in open violation of the Third Article of the aforesaid Association had drank East India Tea in his family ever since the first day of March instant, and that he is determined to persist in the same practice. After much time spent in vain to convince Mr. Newcomb of his error it was agreed that it is the duty of this Committee agreeable to the Eleventh Article of the above mentioned compact to break off all dealings with him and in this manner publish the truth of the case, that he may be distinguished from the friends of American liberty.

By order of the Committee.

THOMAS EWING,  
Clerk.

CUMBERLAND, New Jersey.

WHEREAS, Silas Newcomb, Esquire, was in March last advertised by the Committee of said County for a breach of the Association of the Continental Congress, and having since manifested a desire of making a public acknowledgement for his former misconduct, the Committee accepted of the following recantation, viz:

“I, the subscriber, do hereby publicly acknowledge my former error, and voluntarily confess myself to blame

blame for obstinately refusing to submit to a majority of the Committee; and I do hereby ask pardon of the Members of the Committee for the abuses offered them and promise for the future to regulate my conduct agreeable to the aforesaid Association and a majority of said Committee.

“Witness my hand the 11th day of May, 1775.

“SILAS NEWCOMB.”

Freehold, Monmouth County, Committee.

FREEHOLD, March 6, 1775.

Although the Committee of Observation and Inspection for the Township of Freehold, in the County of Monmouth, New Jersey, was constituted early in December last and the members have statedly and assiduously attended to the business assigned them ever since, yet they have hitherto deferred the publication of their institution, in hopes of the general concurrence of the other Townships in the choice of a new County Committee, when one publication might have served for the whole; but finding some of them have hitherto declined to comply with the recommendation of the General Congress in that respect, and not knowing whether they intend it at all, they judge it highly expedient to transmit the following account to  
the

the Press, lest their brethren in distant parts of the Colony should think the County of Monmouth altogether inactive at the present important crisis.

“In pursuance of the recommendation of the Grand Continental Congress and for the preservation and support of American freedom, a respectable body of the Freeholders Inhabitants of the Township of Freehold, met at Monmouth Court House on Saturday, December 10th, 1774, and unanimously elected the following gentlemen to serve as a Committee of Observation and Inspection for the said Town, viz.: John Anderson, Esquire, Captain John Covenhoven, Messrs. Peter Forman, Hendrick Smock, Asher Holmes, David Forman and John Forman, Doctor Nathaniel Scudder, and Doctor Thomas Henderson, who were instructed by their constituents to endeavour to the utmost of their knowledge and power to carry into execution the several important and salutary measures pointed out to them by the American Congress; and without favour or affection to make all such diligent inquiry as shall be found conducive to the accomplishment of the great and necessary purposes held up by them to the attention of America.”

At an early meeting of said Committee, a pamphlet entitled *Free Thoughts on the Resolves of the Congress by A. W. Farmer*, was handed in to them and their opinion of it asked by a number of their constituents then present. Said pamphlet was then read, and upon mature deliberation unanimously declared to be a performance of the most pernicious and malignant tendency; replete with the most specious sophistry but void of any solid or rational argument; calculated to deceive and mislead the unwary, the ignorant, and the credulous; and designed no doubt by the detestable author to damp that noble spirit of union, which he sees prevailing all over the Continent, and if possible to sap the foundations of America freedom. The pamphlet was afterwards handed back to the people, who immediately bestowed upon it a suit of tar and turkey-buzzard's feathers; one of the persons concerned in the operation justly observing that although the feathers were plucked from the most stinking fowl in the creation he thought they fell far short of being

being a proper emblem of the author's odiousness to every advocate for true freedom. The same person wished, however, he had the pleasure of fitting him with a suit of the same materials. The pamphlet was then in its gorgeous attire, nailed up firmly to the pillory post, there to remain as a monument of the indignation of a free and loyal people against the author and vendor of a publication so evidently tending both to subvert the liberties of America and the Constitution of the British Empire.

At a subsequent meeting of said Committee it was resolved unanimously that on account of sundry publications in the pamphlet way by James Rivington, Printer, of New York, and also a variety of weekly productions in his paper blended, in general with the most glaring falsehoods, disgorged with the most daring effrontery, and all evidently calculated to disunite the Colonies and sow the seeds of discord and contention through the whole Continent, they do esteem him a base and malignant enemy to the liberties of this Country, and think he ought justly to be treated as such by all considerate and good men. And they do for themselves, now publickly declare (and recommend the same conduct to their constituents) that they will have no connection with him the said Rivington, while he continues to retail such dirty, scandalous, and traitorous performances; but hold him in the utmost contempt as a noxious exotick plant incapable either of cultivation or improvement in this soil of freedom and only fit to be transported.

This Committee did early make application to every other Township in the County, recommending the election of Committees; and they soon had information that those of Upper Freehold, Middletown and Dover had chosen theirs and were resolved to enforce the measures of the Congress.

N. B.—A very considerable number of the inhabitants of Freehold have formed themselves into Companies and chosen Military Instructors, under whose tuition they are making rapid improvement.

Signed by order of the Committee.

JOHN ANDERSON,  
Chairman.  
Meeting

## Meeting of the Inhabitants of Hackensack, New Jersey.

At a Meeting of the Inhabitants of the Precinct of Hackensack, in the County of Bergen and Province of New Jersey, held pursuant to an Act of Assembly of the said Province, on Tuesday, the 14th of March, in the year of our Lord, 1775.

Thomas Moor, Esq., Chairman.

This meeting being heartily grieved at the unhappy disputes now existing between Great Britain and her American Colonies, and earnestly wishing that the present misunderstandings may be removed, and such a reconciliation take place as may be consistent with the dignity of Great Britain and the true interest of the Colonies; and being unanimsly of opinion that it is the duty of every loyal subject to adopt and encourage the most lenient measures which may tend to heal and not inflame the present differences.

We therefore, in order to contribute what is in our power to this salutary purpose, and to show our loyalty to our King, and love to our Country, do *Resolve*,

1. That we are and will continue to be loyal subjects to his Majesty King George, and that we will venture our lives and fortunes to support the dignity of his Crown.

2. That we disavow all riotous mobs whatsoever.

3. That by humbly petitioning the Throne is the only salutary means we can think of to remove our present grievances.

4. That we have not, nor, (for the future) will not be concerned in any case whatever with any unconstitutional measures.

5. That we will support his Majesty's Civil Officers in all their lawful proceedings.

Signed by thirty-seven Inhabitants.

## Committee of Freehold, Monmouth County.

MARCH 14, 1775, P. M.

The Committee of Observation for the Township of Freehold, in the County of Monmouth, New Jersey, have made repeated applications to the inhabitants of the Township of Shrewsbury earnestly requesting and exhorting them to comply with the instructions of the late American Congress in constituting for themselves a Committee of Observation, that they might conspire with their brethren in the other Towns belonging to the County in executing the Resolves of said Congress; but although they have entertained hopes, notwithstanding their former opposition, that they would do it at their stated annual town-meeting, they are at this late hour informed that the said annual meeting of Shrewsbury is broke up without a Committee being chosen, or any one step taken whereby the least disposition is discovered of their being inclined to adopt the Resolutions of said Congress. They think it therefore their duty, however painful, the declaration to bear publick testimony against them.

And we do unanimously enter into the following Resolve, viz.: That from and after this day, during our continuance as a Committee, (unless they shall turn from the evil of their ways, and testify their repentance by adopting the measures of the Congress) we will esteem and treat them, the said inhabitants of Shrewsbury, as enemies to their King and Country, and deserters from the common cause of true freedom; and we will hereafter break off all dealings and connection with them while they continue their opposition. We do furthermore recommend the same conduct towards them to our constituents and all others; earnestly hoping it may be a means of reclaiming those deluded people to their duty and interest, whom we shall always be pleased to receive and treat as returning prodigals.

Signed by order of the Committee.

NATHANIEL SCUDDER,

Clerk.  
Freehold,

## Freehold, Monmouth County, Committee.

APRIL 3, 1775.

Thomas Leonard, Esquire, having been duly notified to appear this day before the Committee of Inspection for the Township of Freehold, in the County of Monmouth, New Jersey, and answer to a number of complaints made against him, did not think proper to attend.

The Committee therefore proceeded, with care and impartiality, to consider the evidence laid before them, and were unanimously of opinion that the said Thomas Leonard, Esquire, has in a number of instances been guilty of a breach of the Continental Association, and that, pursuant to the tenour of said Association, every friend of true freedom ought immediately to break off all connexion and dealings with him, the said Leonard, and treat him as a foe to the rights of British America.

Ordered, That their Clerk transmit a copy of this judgment to the Press.

Signed accordingly by

NATH. SCUDDER,  
Clerk.

IN COMMITTEE, WOODBRIDGE, NEW JERSEY, }  
May, 1, 1775. }

GENTLEMEN:—We have received repeated intelligence by expresses of your engaging and defeating the Regulars under the command of General Gage, which is universally credited in this Colony; and we have the pleasure of assuring you your conduct and bravery on that occasion is greatly applauded and admired by all ranks of men. In consequence of the intelligence a Provincial Convention will be held as soon as the Members can possibly be convened; in the meantime the inhabitants are putting themselves in the best posture of defence, being determined to stand or fall with the liberties

ties of America. We have for some time past feared the New-Yorkers would desert American liberty but are now fully convinced by their late spirited conduct that they are determined to support the grand cause. We also learn with pleasure that the inhabitants of Pennsylvania and the other Southern Provinces are firm, unanimous and spirited. We have only to add that you have our unfeigned and hearty thanks for the noble stand you have made, and our sincere and fervent prayers for a speedy deliverance from all your calamities.

We are very respectfully, gentlemen, your most obedient humble servants.

### New Jersey Committee of Correspondence.

At a meeting of the New Jersey Provincial Committee of Correspondence, (appointed by the Provincial Congress,) at the City of New Brunswick, on Tuesday, the second day of May, Anno Domini, 1775, agreeable to summons of Hendrick Fisher, Esq., Chairman.

Present, Hendrick Fisher, Samuel Tucker, Joseph Borden, Joseph Riggs, Isaac Pearson, John Chetwood, Lewis Ogden, Isaac Ogden, Abraham Hunt and Elias Boudinot, Esquires.

The Committee having seriously taken into consideration,

ation, as well the present alarming and very extraordinary conduct of the British Ministry, for carrying into execution sundry Acts of Parliament for the express purpose of raising a revenue in America, and other unconstitutional measures therein mentioned; and also the several acts of hostility that they have actually commenced for this purpose by the Regular Forces under General Gage against our brethren of the Colony of Massachusetts Bay, in New England, and not knowing how soon this Province may be in a state of confusion and disorder if there are not some effectual measures speedily taken to prevent the same; this Committee are unanimously of opinion and do hereby advise and direct that the Chairman do immediately call a Provincial Congress to meet at Trenton on Tuesday, the twenty-third day of this instant, in order to consider of and determine such matters as may then and there come before them; and the several Counties are hereby desired to nominate and appoint their respective Deputies for the same as speedily as may be, with full and ample powers for such purposes as may be thought necessary for the peculiar exigencies of this Province.

The Committee do also direct their Chairman to forward true copies of the above minute to the several County Committees of this Province without delay.

HENDRICK FISHER,  
Chairman.

A Message from his Excellency by Mr. Deputy Secretary Pettit:

MR. SPEAKER:—His Excellency is in the Council Chamber and requires the immediate attendance of the House,

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon his Excellency; and being returned Mr. Speaker resumed the Chair, and reported that the House had waited on his Excellency, who was pleased to make a speech to the Council and House of Assembly, of which Mr. Speaker said he had to prevent mistakes obtained a copy. And the same by order of the House was read, and is as follows, viz.:

*Gentlemen of the Council, and Gentlemen of the Assembly:*

The sole occasion of my calling you together at this time is to lay before you a Resolution of the House of Commons, wisely and humanely calculated to open a door for the restoration of that harmony between Great Britain and her American Colonies, on which their mutual welfare and happiness so greatly depend.

This Resolution having already appeared in the public papers and a great variety of interpretations put upon it mostly according to the different views and dispositions by which men are actuated, and scarcely any having seen it in its proper light, I think I cannot, at this critical juncture, better answer the gracious purposes of His Majesty nor do my Country more essential service than to lay before you as full an explanation of the occasion, purport and intent of it as is in my power. By this means you and the good people you represent will be enabled to judge for yourselves how far you ought or ought not to acquiesce with the plan it contains, and what steps it will be prudent for you to take on this very important occasion.

You will see in the King's answer to the joint Address of both Houses of Parliament on the seventh of February, how much attention His Majesty was graciously pleased to give to the assurance held out in that Address,

of

of the readiness of Parliament to afford every just and reasonable indulgence to the Colonies, whenever they should make a proper application on the ground of any real grievance they might have to complain of. This Address was accordingly soon after followed by the Resolution of the House of Commons now laid before you, a circumstance which afforded His Majesty great satisfaction, as it gave room to hope for a happy effect, and would at all events ever remain an evidence of their justice and moderation, and manifest the temper which has accompanied their deliberations upon that question which has been the source of so much disquiet to the King's subjects in America.

His Majesty ardently wishing to see a reconciliation of the unhappy differences by every means through which it may be obtained, without prejudice to the just authority of Parliament, which His Majesty will never suffer to be violated, has approved the Resolution of his faithful Commons, and has commanded it to be transmitted to the Governours of his Colonies, not doubting that this happy disposition to comply with every just and reasonable wish of the King's subjects in America will meet with such a return of duty and affection on their part as will lead to a happy issue of the present dispute, and to a re-establishment of the publick tranquility on these grounds of equity, justice and moderation which this Resolution holds forth.

What has given the King the greater satisfaction in this Resolution, and the greater confidence in the good effects of it, is his having seen that amidst all the intemperance into which a people jealous of their liberties have been unfortunately misled, they have, nevertheless, avowed the justice, the equity and the propriety of subjects of the same State contributing according to their abilities and situation to the publick burdens; and this Resolution, it is thought, holds no proposition beyond that.

It would probably be deemed unjust to suppose that any of the King's subjects in the Colonies can so far forget the benefits they have received from the Parent State as not to acknowledge that it is to her support held forth  
at

at the expense of her blood and treasure, that they principally owe that security which hath raised them to their present state of opulence and importance. In this situation, therefore, justice requires that they should in return contribute according to their respective abilities to the common defence; and their own welfare and interest demand that civil establishment should be supported with becoming dignity.

It has been the care and it is the firm determination of Parliament to see that both these ends are answered and their wisdom and moderation have suggested the propriety of leaving to each Colony to judge of the ways and means of making due provision for these purposes reserving to themselves a discretionary power of approving or disapproving what shall be offered.

The Resolution neither points out what the civil establishment should be nor demands any specifick sum in aid of the publick burdens. In both these respects it leaves full scope for that justice and liberality which may be expected from Colonies that under all their prejudices have never been wanting in expressions of an affectionate attachment to the mother country and a zealous regard for the general welfare of the British Empire; and therefore the King trusts that the provision they will engage to make for the support of civil government will be adequate to the rank and station of every necessary officer and that the sum to be given in contribution to the common defence will be offered on such terms, and proposed in such a way as to increase or diminish according as the publick burdens of Great Britain are from time to time augmented or reduced in so far as these burdens consist of taxes and duties which are not a security for the National Debt.

By such a mode of contribution, the Colonies will have full security that they can never be required to tax themselves without Parliament's taxing the subjects in Great Britain in a far greater proportion; and it may be relied upon that any proposition of this nature made by any of the Colonies and accompanied with such a state of their faculties and ability as may evince the equity of the proposal will be received with every possible indulgence,

gence, provided it be at the same time unaccompanied with any declarations and unmixed with any claims which will make it impossible for the King consistently with his own dignity, or for Parliament consistently with their constitutional rights to receive it. But it is not supposed that any of the Colonies will after this example of the temper and moderation of Parliament adopt such a conduct. On the contrary the pleasing hope is cherished that the publick peace will be restored and that the Colonies will enter into the consideration of the Resolution of the House of Commons with that calmness and deliberation which the importance of it demands and with that good will and inclination to a reconciliation which are due to the candour and justice with which Parliament has taken up this business and at once declared to the Colonies what will be ultimately expected from them.

It has been already observed that the King entirely approves the Resolution of the House of Commons, and I have his Majesty's commands to say that a compliance therewith by the General Assembly will be most graciously considered by his Majesty not only as a testimony of their reverence for Parliament, but also as a mark of their duty and attachment to their Sovereign, who has no object nearer to his heart than the peace and prosperity of his subjects in every part of his Dominions. At the same time I must tell you his Majesty considers himself as bound, by every tie, to exert those means the Constitution has placed in his hands for preserving that Constitution entire, and to resist with firmness, every attempt to violate the rights of Parliament, to distress and obstruct the lawful commerce of his subjects or to encourage in the Colonies ideas of independence inconsistent with their connexion with Great Britain.

Here, gentlemen, you have a full and candid state of the disposition and expectations of his Majesty and the Parliament. They require nothing of America but what the Colonies have repeatedly professed themselves ready and willing to perform. A late Assembly of this Province, in their Petition to the King in 1766, express themselves thus: "As no danger can approach Britain without giving

ing us the most sensible alarm, so your Majesty may be assured, that with filial duty we shall ever be ready to afford all the assistance in our power, and stand or fall with that Kingdom from which we boast our descent, and to which we are attached by the strongest ties of duty, gratitude and affection." And in a subsequent Petition they say: "Very far it is from our intentions to deny our subordination to that august body, (the Parliament,) or our dependance on the Kingdom of Great Britain. In these connexions and in the settlement of our liberties under the auspicious influence of your Royal House, we know our happiness consists; and, therefore, to confirm those connexions, and to strengthen this settlement, is at once our interest, duty, and delight.

Similar declarations have been repeatedly made in other Colonies.

The following vote was passed in the Assembly of Pennsylvania, to wit: "The House, taking into consideration the many taxes their fellow-subjects in Great Britain are obliged to pay towards supporting the dignity of the Crown, and defraying the necessary and contingent charges of the Government, and willing to demonstrate the fidelity, loyalty, and affection of the inhabitants of this Province to our gracious Sovereign, by bearing a share of the burden of our fellow-subjects, proportionable to our circumstances, do, therefore, cheerfully and unanimously resolve that three thousand Pounds be paid for the use of the King, his heirs and successors, to be applied to such uses as he in his royal wisdom shall think fit to direct and appoint." And the said three thousand Pounds was afterwards paid into his Majesty's Exchequer by the Agent of the Province accordingly.

Nor can I avoid mentioning what was done in the Convention of Committees from every County of Pennsylvania, who met in July last for the express purpose of giving instructions to their Representatives in Assembly on this very subject. Several of these instructions manifest such a candour and liberality of sentiment, such just ideas of the importance of our connexion with Great Britain, and point out so rational a method to be pursued for obtaining a redress for the supposed grievances, (pre-  
vious

vious to any attempts to distress the trade of that Kingdom,) that it is greatly to be regretted that the conduct of America, in a matter of such vast importance to its future welfare, had not been regulated by the principles and advice they suggested. In those instructions, speaking of the powers Parliament had claimed and lately exercised, the Convention say: "We are thoroughly convinced they will prove unfailing and plentiful sources of dissensions to our Mother Country and these Colonies, unless some expedients can be adopted to render her secure of receiving from us every emolument that can, in justice and reason, be expected, and us secure in our lives, properties and an equitable share of commerce. Mournfully revolving in our minds the calamities that, arising from these dissensions, will most probably fall on us and our children, we will now lay before you the particular points we request of you to procure, if possible, to be finally decided, and the measures that appear to us most likely to produce such a desirable period of our distresses and dangers."

Then after enumerating the particular Acts of Parliament, which they consider as grievances, and desire to have repealed, they add: "In case of obtaining these terms, it is our opinion that it will be reasonable for the Colonies to engage their obedience to the Acts of Parliament, commonly called Acts of Navigation, and to every other Act of Parliament declared to have force at this time in these Colonies, other than those above mentioned, and to confirm such Statutes by Acts of the several Assemblies. It is also our opinion that, taking example from our mother Country in abolishing the Courts of Wards and Liveries, tenures in capite, and by Knights' service and purveyance, it will be reasonable for the Colonies, in case of obtaining the terms before mentioned, to settle a certain annual revenue on His Majesty, his heirs and successors, subject to the control of Parliament, and to satisfy all damages done to the East India Company. This our idea of settling a revenue, arises from a sense of duty to our Sovereign, and of esteem for our mother Country. We know and have felt the benefits of a subordinate connexion with her. We neither  
are

are so stupid as to be ignorant of them, nor so unjust as to deny them. We have also experienced the pleasures of gratitude and love, as well as advantages from that connexion. The impressions are not erased. We consider her circumstances with tender concern. We have not been wanting, when constitutionally called upon, to assist her to the utmost of our abilities, insomuch that she has judged it reasonable to make us recompenses for our over-strained exertions; and we now think we ought to contribute more than we do to the alleviation of her burdens. Whatever may be said of these proposals on either side of the Atlantick, this is not a time either for timidity or rashness. We perfectly know that the great cause now agitated is to be conducted to a happy conclusion only by that well-tempered composition of counsels which firmness, prudence, loyalty to our Sovereign, respect to our Parent State, and affection to our native Country, united must form."

"In case of war, or in any emergency of distress, we shall also be ready and willing to contribute all aids within our power. And we solemnly declare, that on such occasions, that if we, or our posterity, shall refuse, neglect, or decline thus to contribute, it will be a mean and manifest violation of a plain duty, and a weak and wicked desertion of the true interests of this Province, which ever have been, and must be, bound up in the prosperity of our Mother Country. Our union, founded on mutual compacts and mutual benefits, will be indissoluble; at least more firm than an union perpetually disturbed by disputed rights and retorted injuries." I could quote several more passages from these instructions, which are expressive of the same honest and generous sentiments with regard to Great Britain, but I shall only make one more extract, and that respecting the mode which they recommend to be pursued for the redress of grievances, viz.: "But other considerations have weight with us. We wish every mark of respect to be paid to His Majesty's Administration. We have been taught, from our youth, to entertain tender and brotherly affections for our fellow-subjects at home. The interruption of our commerce must greatly

greatly distress great numbers of them. This we earnestly desire to avoid. We therefore request that the Deputies you shall appoint may be instructed to exert themselves at the Congress, to induce the Members of it to consent to make a full and precise state of grievances, and a decent, yet firm claim of redress, and to await the event before any other step is taken. It is our opinion that persons should be appointed and sent home to present this state and claim at the Court of Great Britain." After mentioning their confidence in the intended General Congress, and their resolution to abide their determinations for the sake of unanimity, they declare that it is "with a strong hope and trust that they will not draw this Province into any measure judged by us, who must be better acquainted with its state than strangers, highly inexpedient. Of this kind, we know any other stoppage of trade; but of that with Great Britain, will be. Even this step we should be extremely afflicted to see taken by the Congress, before the other mode, above pointed out, is tried."

Happy would it have been at this day, in all probability, if some such healing measure had been pursued. Some plan of union, or proposal of "a mutual compact" for "mutual benefit," was the grand object which every honest man in the Colonies had at heart. An imperfect one (if not too glaringly so) was better than none, as it would, if it had answered no other purpose, have laid a foundation for negotiation and treaty. It has been lately observed in Parliament, "That it does not appear the Colonies were seriously inclined to come into any reasonable terms of accommodation, as nobody was authorized to make any proposals to that effect."

However, it can be of little avail now to animadvert on past transactions. Who has been most in the right or most in the wrong, can never be satisfactorily decided. Many things will ever happen in the course of a long continued dispute, which good men of both parties must reflect on with pain, and wish to have buried in oblivion. In the present situation of affairs we should only look forward, and endeavour to fall on some expedient that may avert the impending danger. To effect this desirable

able purpose, a plan is now formed and recommended to you by his Majesty, containing terms greatly corresponding with the avowed sentiments of many of the Colonies, and which, I think, can only want to be rightly understood in order to be generally adopted. It does not require from the people of this country any formal acknowledgment of the right of taxation in the Parliament. It waives all dispute on that head, and suspends the exercise of it forever, if so long the Colonies shall perform their part of the contract. It does not even require as a preliminary that the Non-Importation and Non-Exportation Agreements shall be abolished. It comes before you in the old accustomed manner, by way of requisition, being approved and adopted by the King, who has directed his several Governours to signify to the respective Assemblies his desire that they should grant such aids for the common defence, and the support of Government within the Colonies, as shall appear to them just and equitable, and proportionate to their abilities. His Majesty and the Parliament, 'tis true, are to judge whether the aids which each Colony may offer are worth acceptance, or adequate to their respective abilities, as they did during the course of the last war, very much to the satisfaction of those Colonies who exerted themselves; often making them a compensation "according as their active vigour and strenuous efforts respectively appeared to merit." The necessity of some such supreme judge is evident from the very nature of the case, as otherwise some Colonies might not contribute their due proportion. During the last war I well remember it was ardently wished by some of the Colonies that others who were thought to be delinquent might be compelled, by Act of Parliament, to bear an equal share of the publick burdens. It appears, by the minutes of Assembly, in March and April, 1758, that some of the neighbouring Colonies thought New Jersey, had not, at that time, contributed its due share towards the expenses of the war, and that President Reading (the then Commander-in-Chief of the Colony) was of the same opinion. And since my administration, when the Assembly, in 1764, was called upon to make provision for raising some Troops on account of  
the

the Indian war, they declined doing it for some time but "on condition a majority of the Eastern Colonies, as far as to include Massachusetts Bay should come into his Majesty's requisition on the occasion." But as none of the Assemblies of the New England Governments thought themselves nearly concerned, nothing was granted by them, and the whole burden of the expeditions then carried on fell upon Great Britain and three or four of the middle Colonies, with which this Colony was dissatisfied, and the Assembly complained of it in one of their Addresses to me on the occasion. But what fully evinces that there is no design of oppression or extortion in the proposed reservation in his Majesty and his Parliament of the right of approving the aids which may be offered by the Colonies, is his Majesty's gracious assurance that the propositions on this head will be received with every possible indulgence. The moneys raised by the several Colonies as their proportion to the common defence, is made subject to the disposal of Parliament, as in justice it ought, as they furnish the whole sum which may be wanted for that necessary purpose, according to the estimates annually laid before them by the Crown, besides making provision for the civil list and National Debt, towards which the Colonies are not asked to contribute. The Army and Navy establishment, it is well known, is necessarily increased since the extension of the British Dominions in America. The whole American civil and military establishment, as paid by Great Britain, after the peace of Aix-la-Chapelle, was it is said, only £70,000 sterling; but since the last peace, it amounts to upwards of £350,000. At this great additional expense was chiefly incurred on an American account, it cannot but be reasonable that America should pay some part of it. To remove every objection that other taxes may be raised upon America, under the colour of regulations on commerce, the produce of all such duties is to be carried to the account of that Province where it is to be levied.

We have now, thank Heaven, a happy opportunity of getting entirely rid of this unnatural contest, by only complying with what I think has been fully proved and acknowledged to be our indispensable duty. Wherever

a people enjoy protection, and the other common benefits of the State, nothing can be more reasonable than that they should bear their share of the common burden.

It is much to be lamented that there is so much truth in the observation, that mankind generally act, not according to right, but according to the present interest, and most according to present passion. In the present case there are no difficulties but what may be easily surmounted, if men come together sincerely disposed to serve their Country, unbiased by any sinister views or improper resentments. This, gentlemen, I trust will be found to be your disposition in this most alarming situation of publick affairs. Let me conjure you, however, not to come to any precipitate resolution respecting the plan of accommodation now communicated to you. I have no objection to give you any time you may think necessary for the due consideration of it. It is, indeed a concern of a more interesting nature than ever before came under the consideration of an American Assembly. If it is adopted, all will yet be well. If it is totally rejected, or nothing similar to it proposed, or made the basis of a negotiation, it will necessarily induce a belief of what has been lately so often mentioned in publick, "That it is not a dispute about modes of taxation, but that the Americans have deeper views, and mean to throw off all dependance upon Great Britain, and to get rid of every control of their Legislature." Should such sentiments ever prevail, they cannot but have the most fatal effects to this Country. I am, however, fully convinced that the body of the people in the Colonies do not even entertain a wish of the kind. Rather than lose the protection of Great Britain, America, were it ever so constitutionally and allowedly independent, would find it for its advantage to purchase that protection at an expense far beyond what Great Britain would ever think of requiring while we show her that regard and obedience to which she is justly entitled, and which our own interest and safety should prompt us to show, if there were no other considerations.

Taxation being the principal source of the present disorders, when that important point is once settled, every

every other subject of complaint which has grown out of it will, no doubt, of course, be removed; for you may rely, gentlemen, that notwithstanding the many inimical and oppressive designs which the jealousies and suspicions of incensed people have attributed to Government, yet it is evident, from the whole tenour of the letters which I have had the honour to receive from the King's Ministers, that His Majesty and they have nothing more at heart than to have these unhappy differences accommodated on some just and honourable plan, which shall at the same time secure the liberties of the people, without lessening the necessary power and dignity of Parliament.

God grant that the Colonies may manifest the same laudable disposition, and that a hearty reconciliation and harmony may take place of the present confusion and dissension.

WILLIAM FRANKLIN.

"At the opening of the session I had some hopes of prevailing on the House of Representatives not to approve

prove of the proceedings of the General Congress held at Philadelphia, for which purpose a paragraph of my speech was particularly calculated. But the Delegates from this Province took the alarm, and used their utmost endeavors with the members to persuade them to give their approbation to those proceedings, as otherwise one grand end the Congress had in view would be entirely frustrated, namely: the preserving an appearance of unanimity throughout the Colonies, without which they said their measures could not have that weight and efficacy with the Government and people of Great Britain as was intended.

“The scheme, however, met with some opposition in the House, every member proposing to defer the consideration of it to a future time, or to give their approbation to only some parts of the proceedings of the Congress; but by the artful management of those who espoused the measure, it was carried through precipitately the very morning it was proposed, as your Lordship will see by a copy of their Resolutions now enclosed, which were all previously prepared for the purpose.”

A Message from his Excellency, by Mr. Deputy Secretary Pettit.

MR. SPEAKER:—His Excellency is in the Council Chamber, and requires the immediate attendance of the House.

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon his Excellency in the Council Chamber, when he addressed the Governour in the words, or to the effect following :

“I am ordered by the House of Assembly to deliver to your Excellency their Address, which being different from my sentiments, I think it necessary thus publickly to declare it; a step I should not have taken, had I been permitted to enter my dissent on the Minutes of the House.”

Having delivered the Address, and being returned, Mr. Speaker resumed the Chair, and reported that the House had waited on his Excellency with their Address, in these words, viz :

To

*To his Excellency William Franklin, Esquire, Captain General, Governour, and Commander-in-Chief in and over his Majesty's Colony of Nova-Cæsarea, or New Jersey, and Territories thereon depending in America, Chancellor and and Vice-Admiral in the same, &c.*

The humble Address of the Representatives of the said Colony, in General Assembly convened :

*May it please your Excellency:*—We, his Majesty's loyal and dutiful subjects, the Representatives of the Colony of New Jersey, in General Assembly convened, have taken under our consideration your Excellency's Speech at the opening of the session, together with the Resolution of the House of Commons accompanying the same, containing a proposition for accommodating of the unhappy differences at present subsisting between our Parent Country and the Colonies.

As the Continental Congress is now sitting to consider of the present critical situation of American affairs; and as this House has already appointed Delegates for that purpose, we should have been glad that your Excellency had postponed the present meeting until their opinion could be had upon the Resolution now offered for our consideration, and to which we have no doubt that a proper attention will be paid; more especially as we cannot suppose you to entertain a suspicion that the present House has the least design to desert the common cause, in which all America appears to be both deeply interested and firmly united, so far as separately, and without the advice of a body in which are all represented, to adopt a measure of so much importance. Until this opinion is known, we can only give your Excellency our present sentiments, being fully of opinion that we shall pay all proper respect to, and abide by, the united voice of the Congress on the present occasion.

Your Excellency is pleased to tell us that this Resolution "has had a variety of interpretations put on it," "that scarcely any have seen it in its proper light;" and you proceed to give us that explanation of the design and occasion, which you apprehend will enable us and our constituents to judge how far the plan it contains ought

ought to be acquiesced in, and what steps it may be prudent to take in the present situation. We confess that your Excellency has put a construction on the proposition, which appears to us to be new; and if we would be of the opinion that the Resolution “holds no proposition beyond the avowal of the justice, the equity, and the propriety of subjects of the same State contributing, according to their abilities and situation, to the publick burden,” and did not convey to us the idea of submitting the disposal of all our property to others in whom we have no choice, it is more than probable that we should gladly embrace the opportunity of settling this unhappy dispute.

Most Assemblies on the Continent have, at various times, acknowledged and declared to the world their willingness not only to defray the charge of the administration of justice, and the support of the civil Government, but also to contribute, as they have hitherto done when constitutionally called upon, to every reasonable and necessary expense for the defence, protection and security of the whole British Empire; and this Colony in particular hath always complied with his Majesty’s requisitions for those purposes. And we do now assure your Excellency that we shall always be ready, according to our abilities and to the utmost of our power, to maintain the interests of His Majesty and of our Parent State. If, then, your Excellency’s construction be right, and if a proposal “of this nature” will, as you are pleased to inform us, be received by His Majesty with every possible indulgence, we have hopes that the declaration we now make will be looked on by his Majesty and his Ministers, not only to be similar to what is required from us, but also to be a basis of a negotiation “on which the present differences may be accommodated”—an event which we most ardently wish for.

We have considered the Resolution of the House of Commons. We would not wish to come to a determination that might be justly called precipitate, in the present alarming situation of affairs; but if we mistake not, this Resolution contains no new proposal. It appears to us to be the same with one made to the Colonies the year preceding

preceding the passing of the late Stamp Act; at least it is not materially different therefrom. America then did not comply with it; and though we are sincerely disposed to make use of all proper means to obtain the favour of His Majesty and the Parliament of Great Britain, yet we cannot, in our present opinion, comply with a proposition which we really apprehend to give up the privileges of freemen; nor do we want any time to consider whether we shall submit to that which, in our apprehension, will reduce us and our constituents to a state little better than that of slavery.

By the Resolution now offered, if assented to, we think we shall be, to all intents and purposes, as fully and effectually taxed by our fellow-subjects in Great Britain, where we have not any representation, as by any of the late Acts of the British Parliament under which we have been aggrieved; of which we have complained; and from which we have prayed to be relieved; and that, too, in a much greater degree, perhaps, than by all those Acts put together. We cannot consent to subject the property of our constituents to be taken away for services and uses, of the propriety of which we have no right to judge, while to us are only left the ways and means of raising the money. We have always thought and contended, that we had a right to dispose of our property ourselves; and we have always cheerfully yielded our assistance to His Majesty in that way, when the exigencies of affairs required us so to do, and he has condescended to ask it from us. It is the freedom of granting, as well as the mode of raising moneys, which this House cannot voluntarily part with, without betraying the just rights of the Constitution. The present Resolution seems to require us to raise a proportion which a Parliament of Great Britain may at any time think fit to grant. At this time we cannot form any judgment, either of the extent of the proposition, or of the consequences in which the good people of the Colony may be involved by our assent to a provision so indeterminate; for it appears to us to be impossible to judge what proportion or share the people can bear, until we know what situation they will be in when any sum is intended to be raised.

Upon

Upon the whole, though sincerely desirous to give every mark of duty and attachment to the King, and to show all due reverence to the Parliament of our Parent State, we cannot, consistent with our real sentiments, and the trust reposed in us, assent to a proposal big with consequences destructive to the publick welfare; and hope that the justice of our Parent Country will not permit us to be driven into a situation, the prospect of which fills us with anxiety and horror.

There may be much truth in the observation, "that mankind generally act not according to right, but according to present interest, and most according to present passion." Yet we trust that our conduct on the present occasion is neither influenced by the one nor the other; and we persuade ourselves that your Excellency is so well acquainted with the people you govern, that it is quite unnecessary for us to make use of any means to convince you of the injustice of the charge, "that the Americans have deeper views, and mean to throw off all dependence on Great Britain, and to get rid of every control of their Legislatures."

We heartily pray that the Supreme Disposer of events, in whose hands are the hearts of all men, may avert the calamities impending over us, and influence our Sovereign, his Ministry, and the Parliament, so as to induce them to put a stop to the effusion of the blood of the Colonists, who wish always to look upon their fellow-subjects in Great Britain as their brethren, and are really desirous to promote their interests and happiness upon any reasonable terms; and it will give us great pleasure to find your Excellency amongst those who, by just and proper representations of the dispositions of the inhabitants of these Colonies, shall assist in settling of the present unhappy differences.

By order of the House.

CORTLAND SKINNER,  
Speaker.

House of Assembly, May 19, 1775.

To which his Excellency was pleased to make the following Answer :

Gentlemen :—

GENTLEMEN:—I have done my duty, I lost no time in laying before you the propositions I had received for an amicable accommodation of the present unhappy differences. I gave you as full and candid an explanation of them as I was authorized or enabled to do. Whether those propositions or my explanation of them did or did not contain anything new, is but little to the purpose. The question is, whether they ought or ought not to be approved, either in whole or in part, or be made the ground of a negotiation; and whether, in the latter case, every Assembly on the Continent ought not to take some active measures to effect an end so desirable. In stating the matter to you, I could have no suspicion that you did not think yourselves competent to the business, and were necessarily to wait the determination of another body. It was but the last session you assured me that you would not “suffer any of the rights vested in you by the Constitution to be wrested out of your hands by any person or persons whatsoever.” I shall forbear to point out the inconsistency of this Address with that declaration. Nor shall I aim to convince you of the wrong ideas you have formed of those propositions. Were they ever so rightly understood, or ever so well approved by you, yet, to judge by your own declaration, it would be of no avail. The times are indeed greatly altered. I shall be happy to see some proper attempts made to mend them. My representations and endeavours, from the first commencement of this unnatural dispute to this day, have not been, nor shall they ever be, wanting towards effecting a reconciliation. I am persuaded that if a disposition of this sort is manifested, and the proper steps are pursued by those who have it in their power to take the lead in this important affair on the part of America, it may be easily accomplished to mutual satisfaction. His Majesty, I am sure, would wish to avoid the shedding of the blood of his American as much as that of his British subjects. They must be all equally dear to him, if they are equally dutiful. The Americans, in general, have been, and I hope will ever prove as well disposed to his Majesty and Family, as the subjects of any other part of the Dominions.

The House adjourned till three P. M.

The

The House met.

His Excellency having laid before the House a copy of the Resolution of the honourable the House of Commons of Great Britain, of the 20th of February, 1775, containing a plan formed for the accommodation of the unhappy differences between our Parent State and the Colonies; which plan, under the present circumstances, this House could not comply with and adopt; and yet this House being desirous of making use of all proper means to effect a reconciliation, do recommend it to their Delegates to lay the same plan before the Continental Congress for their consideration.

*Ordered,* That Mr. Mehelm and Mr. Elmer do go to the Council, and inquire whether they have any business before them; if not, that this House proposes to apply to his Excellency for a dismissal.

Mr. Mehelm reported that Mr. Elmer and himself waited on the Council accordingly, who said they had nothing before them.

*Ordered,* That Mr. Fisher and Mr. Lawrence do wait upon his Excellency, and acquaint him that the House having gone through the business, is desirous of a dismissal.

Mr. Fisher reported that Mr. Lawrence and himself waited upon the Governour accordingly, who was pleased to say the House should hear from him presently.

A Message from his Excellency by Mr. Deputy Secretary Pettit.

#### A MESSAGE TO THE ASSEMBLY.

GENTLEMEN:—It has been my unhappiness almost every session during the existence of the present Assembly, that a majority of the members of the House have suffered themselves to be persuaded to seize on every opportunity of arraigning my conduct, or fomenting some dispute, let the occasion be ever so trifling, or let me be ever so careful to avoid giving any just cause or offence. This, too, has been done with such an eagerness in the promoters of it as can only be accounted for on a supposition that they are either actuated by unmanly private

private resentment, or by a conviction that their whole political consequence depends upon a contention with their Governour. Such effusions of ill-humour have never yet, however, nor is it likely they ever will, produce any benefit to the Province; on the contrary, they have occasioned great delays and obstructions to the publick business, and consequently been attended with very considerable expense to the people.

In this light, and in no other, can I look upon the proceedings of your House with respect to the matter mentioned in your Message of Thursday.

A member receives a pamphlet from England, containing, as is pretended, an extract of a letter from me to the Secretary of State. What does he do with it? Does he come to me, or does he write to me on the subject, or does he even request any other person to inquire of me whether the extract is genuine or not? No, he treasures it up, till the House meets; but either through motives of shame or fear, he does not choose to appear openly in the affair himself. He looks around for some person to take the odium of the intended business off his hands, and presently finds one exactly fitted to his purpose. The pamphlet is accordingly laid before the Assembly, the extract is read, inserted at large on the Minutes, ordered a second reading, and after it had been on record two days, the House at length thought proper to send me a message requesting I would be pleased to inform them, "whether the said extract contains a true representation of the words or substance of the letter, or any part of the letter by me written relative to the proceedings of the last session of Assembly."

If such a procedure does not manifest a premeditated affront, and an intention to do me a personal injury, let any man judge, who considers the several steps which have been taken in this affair, the many falsehoods which have been industriously propagated respecting the contents of the letter, and the present turbulent state of the Province.

Some, if not all of you, must have known that the pamphlet though called the Parliamentary Register, was  
not

not a publication authorized by Parliament, or of any more authority than a common magazine or newspaper.

Nor can I doubt but that some of you must have seen or heard that what was lately published in that work, as the Speech of the Earl of Chatham, was publickly denied by his Lordship.

It is well known to be as much the practice in England to write and publish speeches which were never spoke, as it is in America to publish extracts of letters which were never wrote by the persons to whom they are attributed.

Besides, gentlemen, as to the particular extract in question, I cannot but flatter myself that I am not so remarkable for writing nonsense and contradictions but that you might have at least doubted the genuineness of the extract when you saw on the very face of it so glaring an absurdity as could not be supposed to have come from the pen of any man of common sense. Would you not have thought me extremely deficient in the common marks of respect which is due from one gentleman to another, and much more from one branch of the Legislature to another, had I seen a pretended extract of a letter, said to be wrote by you to your Agent, or from him to you, containing evident nonsense and absurdity, and should order it to be read in Council, and entered on the minutes without making any inquiry as to the authenticity of it, until two days after? Would you not have construed such conduct into a designed affront, or suspected that it was calculated to expose you to ridicule, or to promote some intended injury, more especially in times so circumstanced as the present.

I cannot think that you have the least right to a sight of any part of my correspondence with the King's Ministers, and I am convinced that you would deem it a very improper request, were I to ask you to communicate to me your correspondence with the Agent of this Province, at the Court of Great Britain. I will, however, thus far comply with your request as to assure you that "the said extract does not contain a true representation of the words or substance of my letter;" but had you, before you suffered it to be entered on your Minutes, applied to me, either in a private or publick way, I should have had  
not

not the least scruple to have let you seen the whole of what I wrote "relative to the proceedings of the last session of Assembly." It has ever been my rule, as it is my duty, to represent matters exactly in the light as they appear to me from the best information I can obtain at the time of writing my dispatches. If I afterwards find that I have been mistaken in anything, I never fail to rectify the mistake as soon as discovered.

On the whole, gentlemen, I have very particular reasons to complain of the treatment I have received on account of this pretended extract. Great pains have been taken to propagate an idea that I wrote a letter to England inimical to the Province, or to America in general. After it is produced nothing of the kind appears, nor should I have the least objection to the publication of my whole correspondence with the King's Ministers. You have on your Minutes a copy of a letter from Lord Shelburne, which will show that the representations I made of the disposition and conduct of the people of this Province, at the time of the Stamp Act, a time somewhat similar to the present, were, to use his Lordship's words, "much to its honour." My sentiments respecting the present transactions I have no scruple to declare do not entirely coincide with those of either party. But I trust that those who know me best will do me the justice to allow that no office or honour in the power of the Crown to bestow, will ever influence me to forget or neglect the duty I owe my Country, nor the most furious rage of the most intemperate zealots induce me to swerve from the duty I owe his Majesty.

WILLIAM FRANKLIN.

1. *Resolved*, That the laying of the Parliamentary Register before this House, containing a publication said to be an extract of a Letter from Governour Franklin to Lord Dartmouth, so far from doing or carrying an appearance of intending an injury to the character of his Excellency, or deserving of those personal reflections contained in his Message to the House of this day, had, in the opinion of this House, a tendency to do him real service, by giving him an opportunity of exculpating himself from the charge

charge of writing the said Letter or extract, if the charge had been groundless.

2. *Resolved*, That Mr. Fisher, Mr. Kinsey, Mr. Tucker, Mr. Paxon and Mr. Hinchman be a Committee to consider of the said Message, and make a report to the next sitting of Assembly.

On the question, Whether the House agrees to the said Resolution or not?

The following Instructions to Isaac Ogden and Philip Van Cortlandt, Esquires, Messrs. Bethuel Pierson and Caleb Camp, the Deputies elected to represent said Town in Provincial Congress, were unanimously agreed on: ]  
Gentlemen:—

GENTLEMEN:—The great, the important crisis which will determine the fate of America, seems hastily approaching; a crisis in which not only you, the fond wives of your bosoms, the infants of your tenderest solicitude, but millions of your posterity yet unborn, and everything that is near and dear to you, worthy your wish, or meriting your care, are deeply interested; a crisis which will decide whether this Continent shall be governed by the unlimited will of a Senate in which it has no voice; by a power without the right, over which it can have no influence or control; whether it shall be forever bound in wretched, relentless chains of slavery, or whether the glorious sun of constitutional liberty shall still enlighten this horizon, and permanently shine, unclouded with the tainted breath of despotism.

To you, gentlemen, is delegated by the inhabitants of this Town one of the most important trusts in their power, which nothing less than tyrant necessity could have urged them to grant, or you to accept; a necessity which, with hearts glowing with affection, overflowing with loyalty to our Sovereign, we unfeignedly lament. We need not, we mean not, gentlemen, to wish you additional firmness in the common cause; your being chosen to this trust sufficiently approves your principles and steady regard to the duties, the great interests of your delegation; nor need we advise that you carry with you that spirit of harmony, that firmness with moderation, which we are happy to say animate this part of the Province; and as we have the pleasure and reason to expect that the interests of the general weal, on constitutional ground, will be the constant line of your conduct; that you will keep this goal steadily in view; so we do not wish to bind you with an embarrassing chain of restrictions, much less do we presume to dictate measures to the Provincial Congress; but shall only lay before you some outlines of a plan which we desire you to propose to the wisdom of that Convention.

Money has been aptly called the sinews of war; so may it also the *anima* that enlivens, that braces and gives firmness to the nerves of our Constitution. In the alarming exigency rising before us, there will probably  
be

be occasion for a publick fund; and we could wish, as the whole Province is equally interested, that the burden should be also equal. We conceive, when the necessary sum is fixed by the Congress, that the present Quota Bill, by which the proportion of taxes in the several Counties for the support of Government, &c., has been ascertained, will be a just scale to regulate the present occasion; and perhaps the Assessors and Collectors in the several Townships may, in general, be proper persons to conduct the like business leaving it in the option of such Towns as may incline to make a special choice of new officers for this purpose.

We consider it advisable that a certain number of men be immediately raised, disciplined, well accoutred with arms and ammunition, and prepared in every respect for an instant service.

That as men who go volunteers will be most likely to be hearty in the service, and the disagreeable measure of draughting from the Militia may thereby be prevented, a roll be opened in every Town where it can be advantageously, for the enlistment of Volunteers, to be prepared as above mentioned, for every emergency; that the Congress appoint the commandant and all the field officers, and that the General Committees of those Towns where any company or companies shall be raised, have the appointment of the Captains and subalterns; that one or more proper persons be empowered by the Congress to sign and affix a proper seal to the commissions, agreeable to such appointment; that the Volunteers, on their enlistment, subscribe certain articles, to oblige themselves, under certain penalties, (to be ascertained by the Congress, similar to the Mutiny Bill, if thought proper,) to be obedient to their officers, and to prevent desertion; that proper persons be appointed for a Treasurer of said fund, and for a Paymaster General, giving the necessary security, &c.; that the pay for the officers and men be fixed by the Congress; and that the said Volunteers, from the day of their enlistment, be in discipline at least so much time as may amount to one day in a week; and also such further time, not exceeding ——— days in the whole, per week, as shall be judged expedient by the said

said General Committees; that sufficient arms and ammunition for such Volunteers as are unable to furnish themselves therewith, and provisions for emergent occasions be provided; and that every Volunteer entrusted with arms, &c., belonging to the Province, be obligated to return them to the Commanding Officer, when called for, except such as may be lost in the service, &c.; that magazines of powder and other necessary military stores be formed in such parts of the Province as shall be judged most advantageous for emergencies; that Commissioners be appointed to direct and regulate any contingent business which cannot be ascertained with precision by the Congress; that Muster-Masters be appointed to review the companies, and to take care that none but able-bodied men be continued on the rolls; nor any apprentice or servant enlisted, without his master's consent in writing; that a proper number of field-pieces be provided, and one or more Artillery Companies raised and disciplined. As exigencies may happen which may require a greater force than the number of Volunteers to be raised as aforesaid, that the Congress recommend it to the Militia Captains throughout the Province to procure such persons as are capable of teaching military discipline, to be paid out of the publick fund; and that their men be exercised at least ——— times per week; that it be recommended by the Congress to the several Towns or Counties throughout the Province, who have not already done it, to appoint General Committees to enter into and subscribe an Association of similar import to that adopted by this County.

We are gentlemen, your humble servants.

## Congress of New Jersey to New York Congress.

IN PROVINCIAL CONGRESS, NEW JERSEY, }  
TRENTON, May 26, 1775, }

GENTLEMEN:—We, the Deputies appointed by the inhabitants of this Province, to meet in Provincial Congress, are now convened here for the purpose of pursuing such measures as may be thought expedient in the present unhappy situation to which the Colonies are reduced, and which the peculiar exigencies of the times may require. As nothing can tend more to ensure success to the steps that may at this critical juncture be adopted by the several Provinces, than a uniform plan of conduct, we conceived it necessary to look up to the Continental Congress for their advice and direction which we have accordingly applied for, and hope soon to receive. We also think of consequence, that a correspondence should be established with you, and our other sister Colonies, and a free communication be had from time to time of such measures as may be judged most conducive to the interest of the common cause; and request that we may be favoured with such intelligence as may occur to you worthy of attention, and of which our situation may probably deprive us.

We are gentlemen, your humble servants.

HENDRICK FISHER,  
President.

To the Provincial Congress of New York.

The following reply was received :

IN PROVINCIAL CONGRESS, }  
NEW YORK, May 29, 1775. }

GENTLEMEN:—We have received your letter of the 26th instant, informing us that your body is formed. We agree with you in opinion that nothing can tend more to ensure

ensure success to the steps that may be taken by the several Colonies, at this critical juncture than a uniform plan of conduct; and we are equally convinced, that to this end we ought to look up to the Continental Congress for advice and direction. We are ready to establish a correspondence with you and our other sister Colonies, and a free communication of such measures as may, from time to time, be judged most conducive to the common cause. Every intelligence to this end we shall most readily communicate. At the same time permit us to observe, that either the directions of the Continental Congress or the nature of a particular measure may render its secrecy absolutely necessary.

We are, gentlemen, your humble servants.

### Burlington County Committee.

At a meeting of the General Committee of Observation for the County of Burlington, in the Province of New Jersey, at the house of John Imlay, in the Township of Mansfield, June 24, 1775.

The Deputies appointed for the County of Burlington, to attend a Provincial Congress at Trenton, in May last, laid before the Committee an Association, recommended by that body to the good people of this Province; as also certain Rules for regulating the new-raised Militia, and a recommendation to raise the sum of Ten Thousand Pounds for the use of the Province at this very critical situation of publick affairs.

The

The Committee taking the said Papers into consideration, after some time spent therein, it was, on motion,

*Resolved, 1st,* That this Committee do heartily approve of said Association, conceiving it to be of the utmost importance towards the future well-being of this County, that the Magistrates, and other civil officers of Government, should be supported in the due execution of their respective offices, agreeable to the laws of this Colony; and that the good people of this County do make use of every means in their power to guard against those disorders and confusions, to which the peculiar circumstances of the times may expose us.

*Resolved, 2d,* That as unanimity amongst all ranks of people, in a virtuous opposition to the oppressive measures of the British Ministry and Parliament is the alone foundation whereon we can hope, under Providence, for a deliverance from our present grievances, it is most earnestly recommended and enjoined by this Committee to the good people of the County of Burlington, that no person or persons, on any pretence whatsoever, do attempt in the least degree to injure or molest his or their neighbour, for any supposed imposition or misconduct that they may have been guilty of on account of the present calamitous times. that is not cognizable by the laws of the Province; but that he or they do exhibit their complaint against such person or persons before some member of this Committee, who is hereby required to lay the same before the Chairman, and desire a general meeting of the Committee, in order that each party may have a fair hearing.

*Resolved, 3d,* That any person or persons in this County, who shall act contrary to the above mode of proceeding, ought to be deemed a violator of the eleventh article of the Continental Association, inimical to the British Constitution, and unfriendly to the liberties of America.

*Resolved, 4th,* That this Committee do approve of the Rules recommended by the Provincial Congress, for the good Government of the new-raised Militia, and desire that the respective Military officers in this County will conduct themselves consistent therewith.

*Resolved, 5th,* That this Committee do approve of the  
recommendation

recommendation of the Provincial Congress to raise the sum of Ten Thousand Pounds for the use of the Province at this most critical and important moment, recommending it to the good people of this County cheerfully to contribute their apportionment of the same; and as the Provincial Congress have ordered the said money to be disposed of by the respective County Committees, in such manner as they in their discretion shall think most proper, this Committee doth, in consequence thereof, most solemnly assure their constituents that whatever money may be lodged in their hands, or in the hands of the collector, shall be faithfully disposed of according as they may think most beneficial for the service of the County, and purposes intended by the Provincial Congress; and that, whenever the publick shall desire it, they will cheerfully render a true and proper account of their proceedings and disbursements, that every member of the community may know that his contribution has not been embezzled or wasted.

Chairman.

Elizabethtown Committee to New York Congress.

ELIZABETHTOWN, July 25, 1775.

SIR:—Under the conduct of Sergeant Faulker, with a file of men, I have, by an order of our Committee, sent three persons as prisoners, who were apprehended here on this day on suspicion of being deserters from Gen. Wooster's camp. We have not been able to draw any confession out of them to the purpose; they differ widely in their stories, which renders them so suspicious that we have thought proper to send them to your Committee for further examination and inquiry.

By order of the Sub-Committee.

JONA. HAMPTON,  
Chairman.

P. S.—The prisoners all agree that they came from New Haven together, but differ as to the time; and one of them was lately seen by one of our members in the camp, which gives us strong suspicion of their being deserters from Waterbury's Regiment, now under marching orders.

New Brunswick Committee to New York Committee of Safety.

CITY OF NEW BRUNSWICK, July 27, 1775.

GENTLEMEN:—Your favour of the 21st instant came safe to hand, the contents of which was duly observed.

Application was immediately made to Mr. Merrill, who says, about three weeks past a person coming from Egg Harbour, when within the Hook, saw a boat standing down our bay, that he thought was loaded with flour, which boat, he believes, went along side the man-of-war. This is all he ever heard or knows of the matter. Every other inquiry in our power has been made, but can make no further discovery.

All intelligences and discoveries of every action inimical to American liberty, and every matter of instruction for our better preservation and protection, will be paid due regard to and cheerfully received from you by the Committee of this City.

Assure yourselves, gentlemen, that this Committee has and ever will be ready to render to their country every service in their power, and will continue to give a strict attention to, and duly observe all resolutions formed by the Continental Congress.

GENTLEMEN:—We have had intelligence that boats have sundry times loaded flour at or about your City, and have run down to the west bank, and there met boats to take it from them for the use of the men-of-war and the Army at Boston. As this is contrary to the resolution of the Continental Congress, it is a matter that requires your strictest inspection to prevent such traders from pursuing a business inimical to the cause of liberty in the United Colonies.

We have been informed that Mr. Merrill, opposite to or near Brunswick, can give you farther information on the subject. We are, respectfully, gentlemen, your very humble servants. Per order of the Committee. To the Committee at New Brunswick.

To the Honourable the Delegates of the Thirteen  
United Colonies in General Congress Assembled.

The Committee for the County of Cumberland, in the Province of New Jersey, beg leave to represent:

That the good people of this County have ever showed themselves forward in the cause of liberty, being the first in (at least this part of it) the Province that took up arms in support of the common cause, ever since which they have been diligently engaged in learning the military art, and furnishing themselves with the implements of war; notwithstanding which, they have not been able to provide themselves with a sufficient quantity of ammunition,

nitition, particularly powder, of which article they assure us they have not a sufficient quantity to enable them to defend their property, in case of any emergency, until a supply could be procured from Philadelphia. We cannot but think this circumstance truly alarming, when we consider that we lie open, defenceless, and exposed to the depredations of Ministerial robbers, should they think proper to enter our Bay.

These considerations, joined to the probability we conceive there is that General Gage will, before the beginning of the winter, try every method, and ransack every place that may be in his power, to furnish his Troops with fresh provisions, will, we apprehend, fully appologize for this our application to your honourable Board for relief, especially when we assure you that we have taken every method in our power to furnish ourselves. We therefore earnestly beg you would take such measures for our relief in the premises as to you shall seem meet, assuring you that you may with the greatest safety rely on our taking every precaution necessary for securing any powder you may be pleased to order for our relief, and that none of it shall be used but in support of the rights and privileges of our countrymen.

TUESDAY, May 23, 1775.

The Provincial Congress having been appointed to convene this day at Trenton, a large number of the Deputies accordingly assembled; and the day was spent in examining and comparing the certificates of election of the several members present.

WEDNESDAY, May 24, 1775.

The Congress proceeded to the choice of a President, when Hendrick Fisher, Esq., was duly elected; Jonathan D. Sergeant, Esq., was chosen Secretary, and William Paterson, Esq., and Mr. Frederick Frelinghuysen his assistants.

Inasmuch as the business on which this Congress are now assembled, and is likely to engage their deliberations, appears to be of the highest moment, and may in the event affect the lives and properties, the religion and liberties of their constituents, and of their remotest posterity, it unquestionably becomes the representative body of a christian community to look up to that all-powerful Being, by whose providence all human events are guided, humbly imploring His divine favor, in presiding over and directing their present councils towards the re-establishment

lishment of order and harmony between Great Britain and her distressed Colonies; and that He would be graciously pleased to succeed the measures that may be devised as most conducive to these desirable ends. It is therefore ordered, that the President do wait upon the ministers of the gospel in this town, and, in behalf of this Congress, request their alternate attendance and service every morning at eight o'clock, during the session, in order that the business of the day may be opened with prayer for the above purposes.

The President opened to the Congress the important occasion of their meeting—recommended the utmost deliberation in determining on the measures to be pursued in defending those inestimable rights and privileges to which, by our happy constitution, the inhabitants of this Province are justly entitled—and that due care might be taken to support the established civil authority (so far as might consist with the preservation of their fundamental liberties) for the maintenance of good order and the undisturbed administration of justice.

The Congress then took into consideration the present unhappy contest between Great Britain and these Colonies, which they determined to be of such a nature, and had arrived to such a crisis, that this convention had become absolutely necessary, in order to provide such ways and means for the security of the Province, as the exigencies of the times require; and, at the same time, declared, that they had assembled with the profoundest veneration for the person and family of his sacred Majesty George III, firmly professing all due allegiance to his rightful authority and government.

Whereas a majority of the several legislative representatives of this Colony, in General Assembly convened at Perth Amboy, in January last, was instructed and authorized by their constituents to elect and appoint Deputies to represent this Province in the Continental Congress now sitting in the city of Philadelphia; and whereas the said General Assembly did accordingly elect and appoint Stephen Crane, James Kinsey, William Livingston, John De Hart and Richard Smith, Esquires, for that purpose; and whereas some of the Counties of this Colony omitted

so to instruct and authorize their said legislative representatives, who, notwithstanding, cordially joined in the said election and appointment. This Congress do therefore heartily approve of the said Stephen Crane, James Kinsey, William Livingston, John De Hart and Richard Smith, as Representatives of this Province in the said Continental Congress; and do also sincerely thank the House of Assembly for the laudible regard they have shewn for the rights and liberties of the good people of this Province, in timely adopting the Continental Association, and resolving in favour of the resolutions and proceedings of the late Continental Congress. And it is unanimously agreed and resolved, that it will be most eligible for the inhabitants of each respective County in this Colony, whenever a Continental Congress shall be again necessary, to appoint and empower Deputies to meet in Provincial Congress, for the purpose of electing Delegates to represent this Province in such Continental Congress.

*Ordered,* That all votes be taken from the Counties respectively, so that the vote of each County be taken as one.

The Congress having considered the application of about two hundred of the inhabitants of the Township of Shrewsbury, in the County of Monmouth, calling themselves Associators of the said Township, do unanimously advise, that the persons appointed by the said present Associators, as their Committee, do immediately advertise a meeting of the inhabitants of the said Township of Shrewsbury, in order to choose a Committee of Observation for the said Township, and adopt the Association recommended by the Continental Congress; and, after such choice and adoption, to elect Deputies, one or more, to represent them in this Congress. And that the persons who shall be so elected, by a majority of the inhabitants attending the said meeting of the Township, be received as members of this Congress. And in case of the refusal or neglect of the Township so to do, then this Congress do advise the said Committee of the present Associators to send a Deputy or Deputies for themselves to this Congress; and do direct the said Committee to  
make

make and certify their report to this Congress of what shall have been done in this behalf.

THURSDAY, May 25.

Samuel Tucker, Esquire, was elected Vice President by plurality of votes.

The Congress resumed the consideration of a written message to the Continental Congress, which, after certain amendments, was approved and ordered to be entered, and a copy to be made and signed by the President; which message is in the words following, viz.:

GENTLEMEN:—In the present alarming crisis, we have been appointed by the several Counties of this Province as their Deputies to meet in Provincial Congress. We are accordingly now convened in this place, with dispositions most heartily to concur to the utmost of our abilities, in the common cause of America. Yet we think it not advisable to enter into any measures of consequence, until some general plan may be agreed to and recommended by you. In this first instance of such assembly in the Colony, without any precedent among ourselves to direct us, and, at the same time, anxiously concerned to make our Provincial measures consistent with that plan which may be devised and recommended by the Continental Congress, we have judged it necessary to address ourselves to you for such advice and assistance as you in your wisdom may think proper to favour us with. For this purpose we have deputed William P. Smith and Elias Boudinot, Esquires, the bearers hereof, whom we recommend, requesting that you will be pleased to furnish us by them with such directions concerning the line of conduct in which we ought to act, as may prevent any measures we shall adopt from marring or obstructing the general views of the Congress, or disappointing your expectations.

We are,  
Gentlemen, &c.

Friday,

FRIDAY, May 26.

The Continental Congress having resolved unanimously, "That all exportations to Quebec, Nova Scotia, the Island of St. John's, Newfoundland, Georgia, (except the parish of St. John's) and to East and West Florida, immediately cease; and that no provisions of any kind, or other necessaries, be furnished to the British fisheries on the American coasts, until it be otherwise determined by the Congress.

*Resolved unanimously,* That this Congress do earnestly recommend to the good people of this Province, that they do most religiously adhere to the said Resolution; and that the Secretary do publish this Resolve in one or more of the public newspapers.

The Committee appointed for opening a correspondence with the Provincial Congress of New York, reported a draught of a letter for that purpose; which was read, approved, and ordered to be entered; and a copy to be made out and signed by the President; which letter was in the words following, viz:

GENTLEMEN:—We, the Deputies appointed by the inhabitants of New Jersey to meet in Provincial Congress, are now convened here, for the purpose of pursuing such measures as may be thought most expedient in the present unhappy situation to which the Colonies are reduced, and which the peculiar exigencies of the times may require. As nothing can tend more to ensure success to the steps which may, at this critical juncture, be adopted by the several Provinces, than a uniform plan of conduct; we conceived it necessary to look up to the Continental Congress for their advice and direction; which we have accordingly applied for, and hope soon to receive. We also think it of consequence that a correspondence should be established with you and our other sister Colonies, and a free communication be had, from time to time, of such measures as may be judged most conducive to the interest of the common cause; and we request to be favoured with such intelligence as may occur to you, worthy of attention, and of which our situation may probably deprive us. We are, &c.

Messrs. Daniel Hendrickson and Nicholas Van Brunt, from the Township of Shrewsbury, in the County of Monmouth, produced a certificate that the said Township had chosen a Committee of Observation pursuant to the directions of the Continental Congress, and that they had elected these gentlemen as Deputies to represent the said Township in this Congress. The said certificate was allowed and filed.

William P. Smith and Elias Boudinot, Esqrs., the Committee sent by this Congress with a message to the Continental Congress, returned with a written answer, importing, that the Congress were not as yet prepared to give any advice on the state of this Province, and promising the same as soon as they should be prepared.

Jonathan D. Sergeant, Esq., having resigned his office of Secretary to this Congress, William Paterson, Esq., was chosen Secretary and Mr. Frederick Frelinghuysen Deputy Secretary.

The Congress received a letter from the Provincial Congress of New York, in answer to theirs of the 26th instant, importing their readiness to establish a correspondence with us, and a free communication of such measures as may from time to time be judged conducive to promote the common cause.

WEDNESDAY, May 31. .

The petition of Robert Murray and John Murray, setting forth their sincere contrition for violating the Continental

Continental Association, and their determined resolution for the future strictly to observe the same, &c., was read, and ordered a second reading.

The petition of Robert and John Murray was read a second time; and, being now considered, it was unanimously resolved, that the petitioners, having made the best satisfaction in their power for their former breach of the general Continental agreement, and expressed their resolution strictly to adhere to the same in future, ought to be restored to the favourable regard of their Country; and the said Robert and John Murray are accordingly restored to all the civil and commercial privileges which they heretofore enjoyed in this Province.

P. M.

The Congress resumed the consideration of the form of an Association, which was reported in the morning; and, after certain amendments, approved the same, and ordered it to be entered, which is in the words following:

We, the subscribers, freeholders and inhabitants of the Township of \_\_\_\_\_ in the County of \_\_\_\_\_ and Province of New Jersey, having long viewed with concern the avowed design of the Ministry of Great Britain to raise a revenue in America; being deeply affected with the cruel hostilities already commenced in the Massachusetts Bay for carrying that arbitrary design into execution; convinced that the preservation of the rights and privileges of America depends, under God, on the firm union of its inhabitants; do, with hearts abhorring slavery, and ardently wishing for a reconciliation with our parent state on constitutional principles, solemnly associate and resolve, under the sacred ties of virtue, honor and love to our Country, that we will personally, and as far as our influence extends, endeavour to support and carry into execution whatever measures may be recommended by the Continental and our Provincial Congress, for defending our Constitution, and preserving the same inviolate.

We

We do also further associate and agree, as far as shall be consistent with the measures adopted for the preservation of American freedom, to support the magistrates and other civil officers in the execution of their duty, agreeable to the laws of this Colony; and to observe the directions of our Committee, acting according to the Resolutions of the aforesaid Continental and Provincial Congresses; firmly determined, by all means in our power, to guard against those disorders and confusions to which the peculiar circumstances of the times may expose us.

*Resolved*, That copies of the above Association be immediately sent to the Committees of Observation or Correspondence in the several Counties of this Province, which have not already associated in a similar manner, in order that the same may be signed by the several inhabitants, accompanied with the following letter, to be signed by the President:

GENTLEMEN:—Anxiously desirous to promote as far possible an union among the inhabitants of this Colony, we have thought proper to recommend to them the enclosed Association, which we desire may be immediately signed by the good people of your Township, that at a time when our most valuable privileges are invaded, we may in a uniform manner make our defence, and prevent the evils to which our unhappy situation exposes us.

THURSDAY, June 1.

The Committee appointed to prepare the draught of an answer to Pierpoint Edwards, Esq., reported the same; which was read, approved, and ordered to be entered; and a copy thereof to be delivered, signed by the President; which is in the words following:

IN PROVINCIAL CONGRESS, }  
New Jersey, June 1, 1775. }

Pierpoint Edwards, Esq., from the Colony of Connecticut, having laid before this Congress sundry papers containing, among other things, the appointment of a Committee by the House of Representatives of said Colony, for the purpose of procuring intelligence of the true state of this Province, giving information of the state of the said Colony of Connecticut, and for cultivating harmony and good correspondence with this Province; and this Congress having read and considered the same, take this method of expressing their highest satisfaction with the spirited conduct and proceedings of the said Colony of Connecticut; and do hereby request the said Mr. Edwards to assure the Honourable House of Representatives of that Colony, that the Province of New Jersey will most heartily co-operate with them in the general measures now pursuing for the common defence of the rights of America; and will with great pleasure cultivate that harmony and good correspondence with our brethren of Connecticut, which they so earnestly desire—that this Congress are now engaged in settling a plan for putting the Province in the best state of defence in their power; and are ready to pursue such other methods and directions as shall be recommended to them by the Continental Congress, from whom they are daily expecting advice for this purpose; and whenever any particular measure shall be finally settled and concluded upon by this Province, the House of Representatives of Connecticut shall have the earliest intelligence.

FRIDAY, June 2.

A letter from Pierpoint Edwards, Esq., requesting copies of such of the Resolves and Proceedings of this Congress as respected the regulation of the Militia, the raising of men and money, &c., for the common defence of America, was received and read; to which the following answer was returned, viz.:

Sir:—

SIR:—The Congress received your polite letter of this morning; and are sorry that the Militia Bill and other matters now before them are not so far completed that they can comply with your request, in giving you extracts from them to take with you to the Honourable House of Assembly of the Colony of Connecticut. You may, however, be assured, that when the Congress rise, a copy of such proceedings as shall be necessary to be communicated, will be transmitted to the Speaker of your Honourable House.

We are, &c.

SATURDAY, June 3, P. M.

The draught of a plan for regulating the Militia of this Colony, which was reported in the morning, was read a second time; and, after sundry amendments, was approved, and ordered to be entered; which is in the words following:

The Congress taking into consideration the cruel and arbitrary measures adopted and pursued by the British Parliament and present Ministry, for the purpose of subjugating the American Colonies to the most abject servitude; and, being apprehensive that all pacific measures for the redress of our grievances will prove ineffectual, do think it highly necessary that the inhabitants of this Province be forthwith properly armed and disciplined, for defending the cause of American freedom. And further considering that, to answer this desirable end, it is requisite that such persons be entrusted with the command of the Militia, as can be confided in by the people, and are truly zealous in support of our just rights and privileges, do recommend and advise that the good people of this Province henceforward strictly observe the following rules and regulations, until this Congress shall make further order therein:

1st That one or more companies, as the case may require, be immediately formed in each Township or Corporation; and, to this end, that the several Committees in this Province do, as soon as may be, acquaint themselves

selves with the number of male inhabitants in their respective districts, from the age of sixteen to fifty, who are capable of bearing arms; and thereupon form them into companies, consisting as near as may be of eighty men each; which companies so formed shall, each by itself, assemble and choose, by plurality of voices, four persons from among themselves of sufficient substance and capacity for its officers, namely, one captain, two lieutenants and an ensign.

2d. That the officers so chosen appoint for their respective companies fit persons to be sergeants, corporals and drummers.

3d. That as soon as the companies are so formed, the officers of such a number of companies as shall by them be judged proper to form a regiment, do assemble and choose one colonel, one lieutenant-colonel, a major and an adjutant, for each regiment.

4th. That each captain, as soon as elected, furnish himself with a muster-roll, after the form following, to be signed by every person under his command, viz:

We, the subscribers, do voluntarily enlist ourselves in the company of \_\_\_\_\_ in the township of \_\_\_\_\_ in the county of \_\_\_\_\_ under the command of colonel \_\_\_\_\_ (if a colonel shall be chosen at the time of subscribing) and do promise to obey our officers in such service as they shall appoint us, agreeable to the rules and orders of the Provincial Congress. Witness our hands, &c.

5th. That the persons so enlisted meet under the direction of their officers in such manner, and at such times and places, as shall by them be judged necessary for their improvement in military discipline; and that each whole company do assemble at least once a month for the same purpose; and that a general muster or review of the whole regiment be had as often, and at such times, as the field officers shall appoint.

6th. That each person enlisted be equipped as soon as possible with arms and ammunition, in such manner as by the field officers of such regiment shall be directed.

7th. That due obedience be paid to the officers, and strict attention observed in learning the military exercise.

Sth. That where companies and regiments are already formed, and officers chosen and appointed, the same be continued; provided, that they do adopt such further rules and orders respecting the signing of a muster-roll, days of meeting and reviews, as are hereinbefore contained: and that where part only of the officers are already appointed and chosen, they do proceed to elect such other officers as remain yet to be chosen, in conformity to the rules herein contained.

The Congress taking into consideration the spirited exertions of the Counties of Morris, Sussex and Somerset, in raising of minute-men, do approve of, and thank them for their zeal in the common cause; and will take the same into further consideration at their next meeting.

The draught of an ordinance for raising a sum of money for the purpose therein mentioned, after sundry amendments was approved, and ordered to be entered, in the words following:

WHEREAS, it has become absolutely necessary in the present dangerous and extraordinary state of public affairs, in which the usual resources of government appear to be insufficient for the safety of the people, and in which the good people of this Province have therefore thought proper to choose Deputies in this present Congress, that a fund be provided for the use of the Province; We, the said Deputies, being persuaded that every inhabitant is willing and desirous to contribute his proportion of money for so important a purpose, do, pursuant to the powers entrusted to us by the people, resolve and direct, that the sum of Ten Thousand Pounds, Proclamation Money, be immediately apportioned and raised for the use aforesaid; the same to be apportioned, laid out and disposed of, in such manner as hereinafter is directed.

Which said appointment shall be made and delivered to the persons to be appointed by the several Committees in each Township, at or before the first day of August next ensuing.

*And it is further Resolved and Directed,* That the persons  
who

who shall be appointed for apportioning the same as aforesaid, in the several Townships of each County, to that end, do meet together on the first Monday in July next, at such place as by the laws of this Colony have been appointed for the Assessors to meet in for the like purpose; and then and there settle and divide to each Township within their County its quota of the sum hereinbefore directed to be raised in the County.

4. *And it is further Resolved and Directed*, That the several Committees in each Township of the Colony shall appoint fit persons to collect the same, who upon receiving the said apportionment, shall immediately collect and pay the same to such person or persons as the several Committees in each County may hereafter appoint; or, where there is no County Committee, to such person or persons as the several Township Committees shall jointly appoint.

SATURDAY, August 12.

WHEREAS, it is highly expedient at a time when this Province is likely to be involved in all the horrors of a civil war, and when it has become absolutely necessary to

to increase the burthen of taxes already laid upon the good people of this Colony for the just defence of their invaluable rights and privileges, that the inhabitants thereof should have frequent opportunities of renewing their choice and approbation of the Representatives in Provincial Congress—It is therefore resolved, that the inhabitants in each County, qualified to vote for Representatives in General Assembly, do meet, together at the places herein after mentioned, on Thursday the twenty-first day of September next, and then and there. by plurality of voices, elect and appoint any number not exceeding five substantial freeholders as Deputies, with full power to represent such County in Provincial Congress to be held at Trenton, in the County of Hunterdon, on Tuesday, the third day of October next: And that the places of meeting for the election in each County shall be, for the County of Bergen at the Court House in New Barbados. TRENTON, October 13, 1775.

GENTLEMEN:—The Congress of New Jersey, animated with equal affection, to the common cause of America, and, equally with the other Provinces, desirous to promote its general interest as far as in their power, are sorry to find their good intentions likely to be restrained by one of the resolutions of the honorable Continental Congress of the 12th instant, obligingly communicated to us by their President.

We cannot but observe that if the nomination of the  
field

field officers of the Battalions proposed to be raised in this Province, be not first ascertained to be in this Congress, it will much impede the expeditious raising the men; and we are clearly of opinion, that it will tend much to expedite this service, if field officers are first of all appointed; for if they are such as are generally respected in the Province, not only Captains and subalterns of reputation will offer their service, but the privates will enlist more cheerfully—Indeed the other commissions cannot, perhaps, be properly filled up, without inserting in what Battalion the officers are to serve.

We also humbly conceive that, as other Provinces have been indulged with this privilege, we cannot, in justice to our constituents, nor consistent with the honor of our Province, give up this claim.

We have no doubt, therefore, but that the honorable Continental Congress will reconsider this resolution, and determine that this Province ought neither to be precluded a privilege granted to every other Province, nor restrained in their endeavors to promote the general interest of America—In such case, we beg leave to assure them, that this Congress will exert all its influence in promoting the raising the proposed levies; and we have the pleasure to add, that we have reason to hope they will be attended with the desired success.

We are gentlemen,

Your most obedient servants,

By order of the Provincial Congress of New Jersey.

SAMUEL TUCKER,  
President.

The members of the Honorable the }  
Continental Congress, Philad'a. }

TRENTON, October 14, 1775. }

GENTLEMEN:—This Congress finding that, in order to enable them to provide a sufficient quantity of arms and ammunition, and such other articles as are essentially necessary to enforce the operations of the present glorious struggle for liberty, a very considerable fund must at all events be immediately raised; and as this Congress, in all cases of importance, think it necessary that they should have some knowledge of the sentiments of the Continental Congress, I am directed to apply to your House, and to inquire whether it is consistent with the measures the Continental Congress have adopted, to let any of the Provinces have the use of such a sum of the Continental currency as may be sufficient to answer their particular exigencies, upon the faith of such Province; and, if so, what sum the Continental Congress can spare, and

and upon what terms, for the use of New Jersey at this time.

Anxiously desirous of rendering every possible assistance to the common cause, this Congress have it before them to make provision sufficient to enable them, at least, to raise four thousand minute-men, to take the field on any emergency; but as it is uncertain what provision the Continental Congress may have thought proper to make for such minute-men, if called into actual service, I am likewise directed to apply to you for information in this respect.

The following letter from the honorable the Continental Congress, was presented and read :

PHILADELPHIA, October 25, 1775.

GENTLEMEN:—The Congress have taken into consideration your letters of the 13th and 14th instant, and, in answer thereto, I am directed to inform you, that the Congress are of opinion the public service makes it necessary that the Jersey battalions be levied with all possible expedition; but as the Congress are awaiting the return of their Committee from camp, in order to establish permanent regulations for all Continental forces, they, for the present, incline to suspend a determination on the question about the appointment of regimental field officers.

The public exigencies will not admit of loans from the Continental Treasury to any Colonies—the Congress however hope, that this will not disable you from supplying yourselves with arms and ammunition; in doing which, it is not doubted you will fall upon such means  
as

as will be most for the ease and safety of the Colony, \*

\* \* \* \* \*

From some expressions in your letter of the 14th instant, the Congress apprehend it is the intention of your Convention to take into constant pay 4000 minute men; but as this will be a very heavy expence, and more, we think, than any one Colony can afford, we hope you will weigh and consider such a measure before you adopt it. With respect to provision for minute-men, the Congress have made none; conceiving that the several Colonies will make proper provision for them, where such provision is necessary, or where they are called into actual service, except when they are taken into Continental service, in which case they will be entitled to the same pay as the other Continental Troops.

I am, gentlemen,

Your most obedient humble servant,

JOHN HANCOCK,

President.

To the members of the Provincial Congress of New Jersey.

A copy of a petition from Mr. Thomas Lowrey, to the Continental Congress, praying that he may be appointed Commissary to the two battalions recommended to be raised in this Colony, was presented and read; and Mr. Lowrey having requested that this Congress would be pleased to recommend him to the Continental Congress, as a fit person for such appointment; and the question being put, whether this Congress will comply with the prayer of Mr. Lowrey's request or not? It passed in the affirmative.

*Ordered*, That Mr. President do sign an attested copy of this minute, and transmit the same to Mr. Lowrey.

The Ordinance for striking the sum of thirty thousand pounds in bills of credit, for the use of this Colony, and to make provision to sink the same, &c., was read a second time, and debated;

*Ordered*, That the same be engrossed.

The

The Congress adjourned till nine o'clock to-morrow morning.

Provided always, that reasonable excuses shall be admitted for delinquents non-attendance, by those persons who are to issue the warrants of distress.

8. *And it is further Resolved and Directed,* That all fines, under the degree of a Captain, shall be levied on the goods and chattels of the offenders, by warrant from the Captain directed to a Sergeant of his company; and those of field officers and Captains, under the degree of Colonel, to be levied on the goods and chattels of the offender, by a warrant from the Colonel of the regiment directed to the Adjutant; and those of a Colonel, by a warrant from a Brigadier General, directed to a Major of the regiment to which such delinquent or delinquents belong.

10. *And it is further Resolved and Directed*, That if this Colony shall be alarmed or invaded by an armed force, then, and in such case, every subaltern and soldier so enrolled, or directed to be enrolled as aforesaid; and also each minute man raised, or which may then be raised, is hereby requested immediately to repair, properly armed and accoutered, to his Captain's residence, unless otherwise ordered; and the Captain, or commanding officer

officer of the company nearest to the place where such alarm or invasion shall happen, shall immediately march his company to oppose the enemy; and at the same time send an express to the commanding officer of the Regiment to which he belongs, who is to march with the whole, or part of the forces under his command, as he, before receiving orders from one of the general officers, shall judge necessary, in order to prevent the enemy from landing or penetrating into any part of the country; and at the same time shall send an express to some one of the general officers nearest to him, informing him of the intelligence he hath received of such an alarm or invasion; and, during the times of such invasion or alarm, the officers and soldiers abovesaid, shall be subject to a court-martial, under the same rules and orders as directed and ordered by the Continental Congress of the associated Colonies, held at Philadelphia on the tenth day of May last, for the better government of the Continental troops.

*13. And it is further Resolved and Directed,* That the officers and minute-men, now formed into companies or Battalions, or such as shall be so formed hereafter, shall observe the same rules, orders and directions, as to attending musters, and learning the military discipline; and be subject to the same fines and penalties for non-attendance, as before directed for the Militia, and to be recovered in like manner.

*14. And it is further Resolved and Directed,* That the minute-men, when called out to the assistance of a neighbouring

neighbouring Colony, shall be subject to the articles of war established by the Continental Congress, and be under the direction of their own officers, unless a Continental officer of superior rank be present, to whom, in such case, they are to yield due subordination.

15. *And whereas*, several companies of light-horse have been raised in this Colony; and as it is probable that more may be raised hereafter, *It is therefore Resolved and Directed*, That each company of light-horse do not exceed forty privates, and that one company only be allowed to be raised in each County; and that each Regiment be commanded by a Colonel, Lieutenant Colonel, and Major, who are to be subject to the command of the Brigadier Generals of this Colony, the Provincial Congress or Committee of Safety; and that such Regiments of horse shall be under the same regulations, as to the times of muster and learning of the military discipline, as before directed for the foot Militia by this Ordinance, and subject to the same fines and penalties for non-attendance; which fines and penalties are to be recovered in manner aforesaid; and that the officers of each Regiment of horse take equal rank with the Militia officers of foot, holding similar commissions of the same date.

ing

ing five days notice thereof by advertisement; and, out of the money arising by such sale, to pay to the Chairman of such Committee the money then due from every such delinquent, returning the overplus, if any to the owner thereof, after detaining one shilling and sixpence for every such distress and sale; and in case any person or persons aforesaid, under age, shall make default in paying their equivalent as aforesaid, the same, by order of such Committee, shall be demanded of the parent, master or person whose care such delinquents are under; and, upon their refusal or neglect to pay, the same shall be recovered by distress and sale as aforesaid of such delinquent's parent, master or other person whose care he or they are under; and the County Committees respectively are also hereby enjoined and required, once every six months, to pay unto either of the Treasurers of this Colony, for the time being, appointed by this Congress, all such sum and sums of money as they may receive as aforesaid, to be applied as a Provincial Fund to such uses and purposes as this or a future Congress shall judge the exigencies of the times may require.

*17. Provided always, and it is further Resolved and Directed,* That every person above directed and required to pay an equivalent for the above exemptions, shall be excused from paying such equivalent every time he shall make it appear to the Committee of the County where he resides, that he was sick or unable to attend musters at the time when the Company, in the district he lives in, shall attend their monthly exercises; or shall make it appear he was at that time out of the Province, or necessarily engaged in the public business of the Colony.

*18. And it is further Resolved,* That in case any person or persons shall think him or themselves aggrieved by a distress made for their fines and forfeitures as aforesaid, such person or persons may, within two months thereafter, appeal to the Committee of the Township or Committee of the County in which he or they shall reside, which Committee shall take the same into consideration; and, in case they find any such appellant aggrieved, shall order suitable redress, by directing the money recovered of him or them, or such part thereof as they think proper, to

to be returned by the Captain or other officer who issued the warrant of distress, who is hereby required to return the same accordingly; or in case the goods distrained are not sold, the Committee then may give such order therein as to them may seem just and right, conforming themselves in such decisions, as near as may be, to the true intent and meaning of this Ordinance.

I went at no time out of the room in which the said letters were without locking them up so as they could not be come at without violence, a false key, or other art then unknown to me; and therefore, to the best of my knowledge, no copies were printed off but in my presence; and that all the blotters and other papers whatsoever printed by the said letters, while set for printing the said bills, to the best of my knowledge, are here delivered, together with the stamps for the indents and devices; and that I have not at any time been privy or consenting to any other or more bills being struck than I now deliver; and that in all things relating to this affair, I have demeaned myself according to the true intent and meaning of the Ordinance, by virtue whereof this money is printed, to the best of my knowledge and understanding. Which printer, at the time he is ordered to print the said bills, shall have a copy of this oath or affirmation, that he may govern himself accordingly. *Provided always,* That, if any accident has happened, he may have the liberty of making an exception thereof in his oath or affirmation, he declaring fully how it was.

Thirdly, Each of the signers may then carry his part to his own house, there to be numbered and signed by him with all possible expedition; which, or such part as is then necessary, being done, they shall meet at a day and place by them to be appointed, and agreed on, and each deliver the part numbered and signed by him to the other, in order for him to sign the same; and they shall then together burn and destroy the bills, if any be, over and above the number hereby appointed to be issued, and in like manner shall do, from time to time, until all are signed and exchanged.

And

*And it is further Resolved and Directed,* That the said Treasurers shall, respectively, sign the said bills to them delivered; and, under the obligation of their oaths or affirmations for the due execution of their offices, pay them out accordingly as they shall be directed, by this and any future order of the Provincial Congress, or Committee of Safety, of this Colony, and no otherwise.

future

future by the Provincial Congress, or Committee of Safety, of this Colony.

*And it is further Resolved and Directed,* That for the better credit and effectual sinking of the said bills of credit, there shall be assessed, levied and raised, on the several inhabitants of this Colony, their goods and chattels, lands and tenements, the sum of ten thousand Pounds, annually, in every of the years one thousand seven hundred and eighty-four one thousand seven hundred and eighty-five, one thousand seven hundred and eighty-six, to be paid in the proportions and manner following :

BURLINGTON, Wednesday, November 15, 1775.

Pursuant to his Excellency's several prorogations of the General Assembly from time to time till this day, several Members met, and, for want of a sufficient number to make a House for business, adjourned till to-morrow morning, ten o'clock.

Thursday,

THURSDAY, November 16, 1775.

The House met, and, for want of a sufficient number of Members to make a House, adjourned to three, P. M.

The House met.

*Ordered*, That Mr. Fisher and Mr. Paxson do wait on his Excellency, and acquaint him that a sufficient number of Members to proceed to business are met, and ready to receive anything he may please to lay before them.

Mr. Deputy Secretary laid before the House the several prorogations of the House since last session, which were read.

Mr. Fisher reported that Mr. Paxson and himself waited upon the Governour, according to order, who was pleased to say the House should hear from him presently.

A Message from the Governour, by Mr. Deputy Secretary Pettit :

MR. SPEAKER:—His Excellency is in the Council Chamber, and requires the immediate attendance of the House.

Whereupon, Mr. Speaker quitted the chair, and, with the House, went to wait upon the Governour; and being returned, Mr. Speaker resumed the chair, and reported that the House had waited on the Governour, who was pleased to make a Speech to the Council and this House, of which Mr. Speaker said he had, to prevent mistakes, obtained a copy. And the same, by order of the House, was read, and is as follows, viz :

*Gentlemen of the Council, and Gentlemen of the Assembly :*

I have called this meeting that you might have an opportunity of transacting such business as the publick exigencies of the Province require.

Having lately said so much to you concerning the present unhappy situation of publick affairs, and the destructive measures which have been adopted in the Colonies, under the pretence of necessity; and as I do not yet

yet see that the urging any more arguments on that head has a chance of producing any good effect, I shall not endanger the harmony of the present session by a further discussion of the subject.

It is necessary, however, that you should be informed, "that his Majesty laments to find his subjects in America so lost to their true interests as neither to accept the Resolution of the House of Commons of the 20th of February, nor make it the basis of a negotiation, when, in all probability, it would have led to some plan of accommodation; and that, as they have preferred engaging in a rebellion which menaces to overthrow the Constitution, it becomes His Majesty's duty, and is his firm resolution, that the most vigorous efforts should be made, both by sea and land, to reduce his rebellious subjects to obedience. But it is hoped that, unfavourable as the prospects are at present, the time will come when men of sense and friends to peace and good order will see the fatal consequences of the delusions which have led to the measures the people of America are now pursuing, and that we may yet see the publick tranquillity re-established, on the ground of the terms held out by His Majesty and the Parliament."

It is likewise proper that you should know "that the Commanders of His Majesty's Squadrons in America have orders to proceed, as in the case of a Town in actual rebellion, against such of the seaport Towns and places, being accessible to the King's Ships, as shall offer any violence to the King's Officers, or in which any Troops shall be raised or military works erected, other than by His Majesty's authority, or any attempts made to seize or plunder any publick magazine of Arms or Ammunition."

Although the King's Officers in this Province have not as yet, except in one or two instances, met with any insults or improper treatment from any of the inhabitants, yet such has been the general infatuation and disorder of the times, that had I followed the judgment and advice of some of my best friends, I should ere this have sought (as other of the King's Governours have done) an asylum on board of one of His Majesty's Ships; but as I am conscious that I have the true interest and welfare of the  
people

people at heart, (though I am so unhappy as to differ widely in opinion with their Representatives, respecting the best means of serving them in the present crisis,) I shall continue my confidence in that affection and regard which I have on so many occasions experienced from all ranks, during my residence in this Colony. I have indeed the stronger inducement to run this risk, and to use my influence with the other Crown Officers to do the same, because our retreat would necessarily be attributed to either the effect or well grounded apprehension of violence, and of course subject the Colony to be more immediately considered as in actual rebellion, and be productive of mischiefs which it is my earnest inclination and determination to prevent, as far as may be in my power. Let me therefore, gentlemen, entreat you to exert your influence likewise with the people, that they may not, by any action of theirs, give cause for the bringing such calamities on the Province. No advantage can possibly result from the seizing, confinement, or ill treatment of Officers, adequate to the certain damage such acts of violence must occasion the Province to suffer.

However, gentlemen, if you should be of a different opinion, and will not or cannot answer for our safety, all I ask is, that you will tell me so in such plain, open language as cannot be misunderstood; for as sentiments of independency are, by some men of present consequence, openly avowed, and essays are already appearing in the publick papers to ridicule the people's fears of that horrid measure, and remove their aversion to Republican Government, it is high time that every man should know what he has to expect. If, as I hope, you have an abhorrence of such design, you will do your Country an essential service by declaring it in so full and explicit terms as may discourage the attempt. You may always rely on finding me ready to co-operate with you in every proper expedient for promoting peace, order, and good Government; and I shall deem it a particular happiness to have an opportunity of being instrumental in saving this Province from the present impending danger.

WILLIAM FRANKLIN.

A Message from his Excellency, by Mr. Deputy Secretary Pettit.

#### A MESSAGE TO THE ASSEMBLY.

GENTLEMEN :—As I understand that there is now a sufficient number of members met to proceed on business of every kind proper for your consideration, I am to lay before you a requisition from His Majesty. It is contained in a letter which I lately had the honour of receiving from the Right Honourable the Earl of Dartmouth, one of His Majesty's principal Secretaries of State. His Lordship writes thus :

“I enclose an order of His Majesty in Council, approving an act for striking one hundred thousand Pounds in bills of credit, and directing the modes for sinking the same.”

“The very great attention which has been shown to the wishes of the Province, in the allowance of the loan act, is an evidence of His Majesty's gracious inclination to grant them every indulgence that can consist with the true principles of commerce and the Constitution; and I beg leave to assure you that no part of my duty is more agreeable to me than carrying into execution these gracious intentions of my royal master.”

“At the same time, I am commanded by the King to say to you that it would have been more agreeable to His Majesty, if the Assembly, instead of a general appropriation of the interest of the loan to the support of Government, in such manner as shall be directed by future acts, had thought fit to make a settlement, during the existence of that loan, upon the civil officers of Government, of salaries more suitable to their respective offices than what they now receive; and to appropriate a  
specifick

specifick portion of the said interest to building houses for the residence of the Governour and the meeting of the Legislature, of which you say there is a shameful want. Such an appropriation is no more than what they owe to the dignity of their own Government and His Majesty's just expectations; and therefore it is His Majesty's pleasure, that you do require the Assembly, in His Majesty's name, to make such provision accordingly, trusting that they will not make such an ill return to His Majesty's grace and favour in the confirmation of this law, as not to comply with so just and reasonable a requisition."

I shall not, gentlemen, so far hazard the giving you offence as to suppose that any arguments can be requisite to persuade you to a compliance with His Majesty's desire and expectations in this respect; more especially as the mode for raising the money does not require any tax to be laid on the inhabitants of the Province, and will, if adopted, most probably be the means of establishing a precedent that may render all taxes for the future support of Government unnecessary. You must likewise be fully sensible, that as the King has manifested such confidence in the legal representatives of the people, it cannot but be their interest as well as duty, particularly at this time, to convince him that that confidence is not misplaced. Besides, such repeated declarations have been made to His Majesty, that he might always have the firmest reliance on the compliance of his subjects in this Colony with every reasonable requisition in their power; and this being so evidently of that nature, I cannot entertain a doubt of your being happy in having so good an opportunity of demonstrating that you mean your actions should ever correspond with your professions.

The House adjourned till nine o'clock to-morrow morning.

Thursday,

THURSDAY, November 23, 1775.

The House met.

A Petition was presented to the House, from thirty-two Freeholders of the County of Burlington, praying the House to enter into such Resolves as may discourage an Independency on Great Britain, and that they will also support the civil Government, as heretofore, viz :

PETITION TO THE HOUSE OF REPRESENTATIVES.

“The Petition of divers Freeholders of the County of Burlington respectfully sheweth :

“That your Petitioners are deeply impressed with a sense of the calamitous state of publick affairs, in the unhappy contest which at present subsists between Great Britain and her Colonies. That they sincerely lament that either Country should dwell so much on their own dignity or importance as to delay, for one moment, to make such reasonable propositions as should lead to a happy reconciliation of the present differences. That your Petitioners are greatly alarmed at the sentiments of independency which are openly avowed by too many people at this time; your Petitioners conceiving that, should such an event take place, the consequence would be the destruction of the interests of the whole British Empire, and a perpetual bar to every door of peace and reconciliation between the Parent State and the Colonies. That your Petitioners conceive that the expenses of the opposition, against the oppressive measures of the British Ministry and Parliament, will fall most heavy on the landed interest, being the only permanent estate; and that your Petitioners, as a part of that interest, have an undoubted right to be heard, and their reasonable requests considered, with that attention which their situation particularly merits.

“That, in the opinion of your Petitioners, an effectual opposition may be made against the measures now pursuing by the Ministry and Parliament of Great Britain, without changing the constitutional form of Government, in the British Empire established; and that your  
Petitioners

Petitioners have not the least desire that the union of the Colonies, in that opposition, should be broken, which they think the establishment of an independency would effect. That as the King has objected to the receiving of the Petition of the Congress, (as we suppose) because it did not come through the accustomed and constitutional channel, with due submission to the honourable House, it is the sense of your Petitioners that that mode ought to be tried, and the reasons why we cannot accede to the proposition of the House of Commons, on the 20th day of February last, should modestly be set forth; at the same time declaring our desire of a perpetual union, and our willingness to contribute our just proportion to the support of the whole Empire, according to the utmost of our ability, whenever constitutionally required so to do.

Your Petitioners therefore pray that your honourable House will take into consideration the subject matter of this Petition, and make such resolves as may discourage an independency, should such a measure be attempted, and also make such provision for the support of the civil Government of this Colony as heretofore; your Petitioners hereby making their solemn protest against the change of the form of Government, as by law established, and declaring that it is not, nor never was their intention to vest any Congress or body of men whatsoever with that power.

*Ordered,* That Mr. Kinsey, Mr. Crane, Mr. Fisher, and Mr. Paxson, be a Committee to prepare and bring in the draught of Answer to the said Message.

On a motion made, that the several Barracks in this Colony are in such decay that unless repaired they will be in ruins, and that a Resolve may pass, that this House will make provision, during this session, for repairing the same, the question was taken, whether the House will enter into such resolution or not. The Committee appointed to consider the Governour's Message at the last session informed the House that they were ready to make a report, and at the same time mentioned to the House, that the report was necessarily drawn up in such a manner as they apprehended might possibly occasion a longer session than the House at this time might incline to, and might be productive of some controversy. Whereupon, the House taking the same into their consideration, and also being of opinion that anything which might interrupt the harmony, in this present critical situation of the Province, ought not to be entered into at the present session, unless something should occur during their sitting which may, in their opinion, render it necessary, do order that the report be postponed.

A Message from his Excellency, by Mr. Deputy Secretary Pettit:

MR. SPEAKER:—His Excellency is in the Council Chamber, ready to receive the Address of the House.

Whereupon, Mr. Speaker left the Chair, and, with the House, went to wait upon the Governour; and being returned Mr. Speaker resumed the Chair, and reported that the House had waited on the Governour, and delivered their Address, in these words:

To

*To His Excellency William Franklin, Esq., Captain General, Governour, and Commander-in-Chief, in and over His Majesty's Colony of Nova-Cæsarea, or New Jersey, and Territories thereon depending in America, Chancellor and Vice Admiral in the same, &c. :*

The humble Address of the Representatives of the said Colony, in General Assembly convened.

MAY IT PLEASE YOUR EXCELLENCY:—We, His Majesty's loyal and dutiful subjects, the Representatives of the Colony of New Jersey, in General Assembly convened, have considered your Excellency's speech at the opening of the present session.

We sincerely lament the unhappy situation of publick affairs; and we regret that, though we have presented a dutiful petition to His Majesty, yet we have little prospect of his favourable interposition for the removal of those grievances under which we suffer, in common with his other American subjects.

There is nothing we desire with greater anxiety than a reconciliation with our Parent State, on constitutional principles. But if the resolution of the House of Commons, of the 20th of February, could, without departing from the duty we owe to our constituents, have been accepted, or made the basis of a negotiation which would probably have led to any plan of accommodation, we have been and still are greatly mistaken.

We are surprised to hear that any persons could have advised your Excellency to have sought an asylum on board of one of His Majesty's ships. We cannot imagine that your Excellency could have had any just reason to fear any insult or improper treatment from the people of the Colony; and if your retreat would necessarily be attributed to either the effect or well-grounded apprehensions of violence, and be productive of mischiefs to the inhabitants, however such advisers may deserve to be esteemed your "best friends," we cannot suppose them to be really so to the Colony.

Your Excellency's safety, or that of any of the officers of Government, we apprehend to be in no danger. We place our own safety in that protection which the laws of  
our

our Country and the executive powers of the Government afford to all the King's subjects. It is the only asylum which we have to fly to; and we make no doubt but that it will be, as it hitherto hath been, found fully equal to the purpose both of securing your Excellency and others. And we hope to find that the officers of Government will conduct themselves so prudently as not to invite any ill-usage, and that they will not make any supposed "infatuation, or disorder" of the times, a pretence to leave the Province, and thereby endeavour to subject the inhabitants to any calamities.

We know of no sentiments of independency that are by men of any consequence, openly avowed; nor do we approve of any essays tending to encourage such a measure. We have already expressed our detestation of such opinions, and we have so frequently and fully declared our sentiments on this subject, and in particular in our petition to the King at the last session of Assembly, that we should have thought ourselves, as at present we really deserve to be, exempt from all suspicion of this nature.

We have already resolved to support His Majesty's Government, and look upon it to be our duty to use our influence to promote peace, order, and good government.

By order of the House,

CORTLAND SKINNER,  
Speaker.

House of Assembly, November 29, 1775.

To which his Excellency was pleased to make the following answer :

GENTLEMEN :—I return you my thanks for your resolution to support His Majesty's Government, and cannot but approve your determination to promote peace and good order.

I shall avoid, for the reasons I gave you in my speech, any remarks on your sentiments respecting the present unhappy situation of publick affairs, and shall transmit to His Majesty your opinion of the resolution of the House of Commons. Thus much, however, I would only observe, that if you really thought, or still think, that the

the making that resolution the basis of a negotiation would not have led to some plan of accommodation, on terms that Americans have heretofore solemnly and repeatedly declared would give them full content, then you have been and still are greatly mistaken.

Your surprise that any persons could advise me to seek an asylum, when so many Governours and Crown officers had been before compelled to do the like, is as extraordinary as your supposition that those persons must therefore be no friends to the Colony.

It gives me pleasure, however, to find that you make no doubt but that the laws of the Country, and the executive powers of the Government, will afford safety, and prove an asylum to all the King's subjects. On the strength of this assurance, His Majesty's officers, who have now the misfortune of being confined in Trenton, by some supposed unlawful authority, cannot hesitate to apply for that legal remedy, an *habeas corpus*; nor can any of His Majesty's Justices of the Supreme Court have the least scruple to grant it, nor ought any one to doubt "but that it will (as you say) be found fully equal to the purpose."

Your hope that the Officers of Government will conduct themselves prudently, will, I trust, be greatly gratified, at least by some of them, if a manly, conscientious discharge of their duty to their King and Country, as far as may be in their power, is consistent with your ideas of prudence. As they have not even made the real disorders of the times a pretence for leaving the Province, it seems rather unkind to intimate any suspicion that they would do it on a supposed disorder of the times; "equally unjustifiable is it to insinuate that any of them would be so absurd as to" invite "ill usage," or so wicked as to "*endeavour to subject the inhabitants to any calamities.*" But such suspicions and such language must, I suppose, be attributed to the *fashion of the times*.

In speaking of the sentiments of independency, *openly* avowed by some men of present consequence, I had not the most distant thought that you would consider the remark as at all meant for or applicable to your House. If any faith is to be put (as you say) in your frequent  
and

and full declarations of your sentiments on this subject, you certainly deserve to be exempt from all suspicions of that nature. I even intimated, in my speech, that you must entertain "an abhorrence of such design." Your present disapprobation of the essays tending to encourage that measure gives me great satisfaction, and I sincerely wish that both you and I may, ere long, have the happiness to see those, who either openly or privately avow sentiments of independency, men of no consequence.

On motion made, that this House do send a message to his Excellency, requesting him to dissolve the present Assembly at the end of the present session, and give the people another choice of Representatives :

The Previous Question was demanded, "Whether the said question shall now be put or not."

It passed as follows, viz. :

HOUSE OF ASSEMBLY, December 6, 1775.

*Ordered*, That Mr. Hinchman and Mr. Mehelm do wait on his Excellency, and, in answer to his Message of the 21st of November, inform him that this House have taken the same into their serious consideration, and although they entertain the most grateful sense of the attention that has been shown to the wishes of the Colony in the allowance of the Loan Act, and of His Majesty's gracious inclinations to give "every indulgence that can consist with the true principles of commerce and the Constitution," and are sincerely disposed to grant His Majesty's requisitions, as far as the circumstances of the Colony will allow; yet at this time the House cannot think it prudent to go into any increase of the salaries of the officers of Government, nor do they apprehend that it will be beneficial for his government over us to settle them longer than for the usual time, or expedient to erect buildings at present, better to accommodate the branches of the Legislature.

That the House hopes, when it is considered that on his Excellency's arrival to this Government, the salary was raised from one thousand Pounds to one thousand two hundred Pounds per annum, which has been continued ever since; that sixty Pounds a year has constantly been granted to provide a house for his Excellency's

lency's residence; that the salaries of the Justices of the Supreme Court have been lately raised from fifty to one hundred and fifty Pounds per annum; that the other Crown officers either have salaries given to them or fees equal to the importance of their service; that there are places provided for the Legislature to meet and do the publick business at Perth Amboy, and that although such provision is not made at Burlington, yet no considerable inconvenience has attended it—When his Excellency considers these matters, he will, we hope, be of opinion with us, that the House has shown a disposition to make such suitable provision for the support of Government as, from time to time, was in their power, which nothing has retarded more than the inconvenience of two seats of Government, a circumstance they sincerely wish was removed. But the House assures his Excellency that, at a future day, when this inconvenience shall be remedied, and the unnatural controversy now subsisting is happily settled, they will show their readiness to comply with every just requisition, and demonstrate that they ever mean their actions shall correspond with their professions.

By order of the House,

RICHARD SMITH,  
Clerk.

*Ordered*, Mr. Kinsey and Mr. Eldridge do wait on the Council, and inquire whether the Council have anything further before them; if not, that this House proposes to apply to his Excellency for a dismissal.

Mr. Hinchman reported that Mr. Mehelm and himself delivered the Messages of the House with them intrusted to his Excellency, who was pleased to say he would take the same into consideration.

Mr. Kinsey reported that Mr. Eldridge and himself delivered the Message of the House with them intrusted to the Speaker in Council.

A Message from the Council, by Mr. Hopkinson.

Mr. Hopkinson informed the House that the Council had nothing further before them.

*Ordered*, That Mr. Fisher and Mr. Paxson do wait upon

upon the Governour, and inform him that this House have gone through the business before them, and are desirous of a dismission.

Mr. Fisher reported, that Mr. Paxson and himself delivered the Message of the House to his Excellency, according to order, who was pleased to say the House should hear from him in the afternoon.

The House adjourned till three P. M.

Proceedings

## Proceedings of the Committee of Safety.

---

PRINCETON, January 9th, 1776.

The Committee of Safety of the Province of New Jersey, pursuant to notice given for that purpose, met this day, and there not being a sufficient number of Members to proceed on business, adjourned till to-morrow morning, 9 o'clock.

WEDNESDAY, January 10th, 1776.

The Committee met.

Present—Samuel Tucker, President; Hendrick Fisher, Vice President; Abraham Clark, D. Secretary; Azariah Dunham, Ruloffe Van Dike, John Dennis, Augustine Stevenson, John Pope.

The President laid before the Committee a letter from the Provincial Congress of New York, inclosing resolutions of the Continental Congress, and the Congress of New York, relative to establishing posts at proper distances, to carry intelligence to the different parts of the Colony or elsewhere, as occasion may require; and for erecting beacons at proper distances, which the Congress of New York recommended to the Congress of New Jersey: Which letter and resolves were read in this Committee, who, after duly considering the same, approve of the expediency of establishing posts for the purposes aforesaid, have therefore,

*Resolved*, That a man and horse be kept in constant readiness by each of the several Committees of Newark, Elizabeth Town, Woodbridge, New Brunswick, Princeton and Trenton, whose business shall be to forward all  
expresses

expresses to and from the Continental Congress: And that the aforesaid Town Committees shall, on every intelligence of any invasion or alarm, send expresses to the neighbouring Town Committees, who are directed to provide expresses to forward the same from town to town, to the Town Committees, and to such officers of the militia as they may think proper to notify thereof throughout the Colony, with as much expedition as may be in their power. And that all the expences incurred by such expresses, the Treasurers of this Colony appointed by the Provincial Congress, or either of them, are hereby required to pay on order or orders signed by the Chairman of either of the Committees of the Townships in this Colony. Which orders, with indorsements thereon by the person or persons to whom the same are made payable shall be sufficient vouchers the said Treasurers, or either of them, for such sums of money as they or either of them may pay thereon as aforesaid.

*Ordered,* That the above resolve be published in the New York and Pennsylvania gazettes.

A memorial from Yelles Mead of the County of Bergen, and several other memorials from the Counties of Bergen and Essex, of the same tenor, sitting forth that the said Yelles Mead had, in expectation of a Lieutenant's commission in Captain Meeker's Company, in one of the battalions in this Colony, raised his compliment of men for said company, praying a commission accordingly. Also a memorial from George Ross, the 3d, of the County of Essex, setting forth, that in expectation of an Ensign's commission in said Captain Meeker's Company, he had raised his compliment of men, praying a commission in consequence thereof, were laid before the Committee and read, and several recommendations in favour of the memorialists were also read: And also a letter from Lord Stirling, recommending Mathias Halstead, of Elizabethtown, First Lieutenant, and the above-said Yelles Mead, Ensign of Captain Meeker's Company, was also read.

*Ordered,* That the said memorials, recommendations and letter have a second reading.

Two recommendations from the Committee of Woodbridge were laid before the Committee, recommending James Bouny, Captain, James Manning, First Lieutenant, David Crow, Second Lieutenant, and John Clarkson, Ensign of a Company of Militia in Woodbridge. The other recommending Ellis Barron, Captain, Ralph Marsh, First Lieutenant, Matthew Freeman, Second Lieutenant, and Jonathan Bloomfield, Ensign of another Company of Militia in said Woodbridge, which were read, and commissions ordered to be issued accordingly.

A certificate was produced from the Chairman of the Committee of the North Ward of New Brunswick, certifying that John Taylor was elected Captain, Jacob Mersural, First Lieutenant, James Schuurman, Second Lieutenant, and John Voorhees, Jr., Ensign, of a Company of minute-men in Colonel Neilson's Battalion.

*Ordered*, That the above gentlemen be commissioned accordingly to their appointment.

The Committee adjourned till 2 o'clock, P. M.

The Committee met according to adjournment.

John Hart, Esq., one of the Committee, attending, took his seat accordingly.

Mr. President laid before the Committee a letter from Richard Smith, Esq., one of the Delegates of this Province, at the Continental Congress, in the words following:

“DEAR SIR:—I am desired by the Congress to transmit to you the enclosed extracts from their proceedings, the whole of which, relative to that subject, I have sent to Lord Stirling, by this post, together with six dozen copies of the articles of war. The 1000 dollars mentioned in the extract, I have received from the Continental Treasury, and they wait your commands.

“The Congress wish to know in what manner the prisoners of war at Trenton live, who supplies them, and upon

upon what terms. The reason of the enquiry is, that very extravagant claims are made on this head from other quarters, and we aim to render the public burthens as light as possible. You will, as soon as it is convenient, afford me the necessary information.

“ I am, your affectionate

“ faithful servant,

“ RICHARD SMITH.

“ PHILADELPHIA, January 4th, 1776.

“ Samuel Tucker, Esq.”

The enclosed resolve, referred to in the above letter, was read, and is in the words following,

IN CONGRESS, Jan. 2, 1776.

“ *Resolved*, That the Barracks in the Colony of New Jersey, be prepared for the reception of such of the Battalions, as may not be in readiness to proceed to New York, and that the ministerial troops or prisoners at present occupying them, be accommodated in the said Colony in such a manner as the Committee of Safety for the said Colony, shall think most prudent and convenient.

“ That the hundred stand of arms supplied by the Colony of New York, for the New Jersey Battalion, be paid for by the Convention of New Jersey, and that in order to enable the said Convention to make such payment, as well as to furnish such of the men belonging to the said Battalions, as are yet unprovided with arms. The further sum of one thousand dollars be advanced to the said Convention, and that the price of the arms be deducted out of the wages of the privates belonging to said Battalions.”

Extracts from the minutes,

CHARLES THOMPSON,  
Secretary.

The above letter and resolve were read, and ordered a second reading.

Adjourned till to-morrow morning 9 o'clock.

Thursday,

THURSDAY, January 10, 1776.

Joseph Holmes, Esq., one of this Committee, attending, took his seat accordingly.

Jacob Scoggin, Esq., laid before this Committee a recommendation of the Committee of the County of Salem, in favour of certain gentlemen to be commissioned field officers of the Militia in said County. And it appearing to this Committee that a controversy now subsists in the County of Salem, respecting the appointment of field officers, and as this Committee have not at present an opportunity of hearing the grounds of the controversy from both parties, and being desirous of acting in such a manner as may conciliate all parties in a just and equitable determination between them in the appointment of said officers; do in order thereto direct as well as the Committee of the County of Salem, as such other persons as are opposed to the gentlemen recommended by the said Committee, or may have any claim to commissions, by the election of the Captains and the subalterns of the Militia before the 16th day of August last, to appear, by persons properly deputed for that purpose, before the Congress of this Province, the 6th day after their next meeting, that the truth of facts may be then fully known, that they may take such resolution thereon as to them may seem just.

*Ordered*, That a copy of the above order be delivered to Mr. Scoggin, to be laid before the County Committee, to be by them communicated to the contending parties.

Adjourned till 2 P. M.

The Committee met.

This Committee received information from the Committee of the County of Monmouth, by Dr. Scudder and Dr. Henderson, and also by letter from the Chairman of the said Committee, that a small sloop, called the Polly and Anne, one Hains, captain, was on the 24th of December

ber last stranded on Squan Beach, on board of which was a quantity of beef, pork and other provisions; which vessel and cargo is now in the care and custody of Colonel Forman, except such articles as are perishable, which the Committee directed to be sold by Dr. Scudder and Dr. Henderson; an inventory of which cargo, as well such as were sold, as such as remain, were laid before this Committee. And one James Webb, a passenger on board said vessel when stranded, appeared before this Committee, by whose deposition it appears that said vessel was bound from New York to Boston, and from all circumstances, the provisions on board were designed for the Ministerial army.

The Committee taking the above matters into consideration, think it proper that the whole of said cargo be immediately sold, and the vessel secured. Which vessel, with the amount of the sales, after deducting the necessary expences, be referred to the disposal of the Congress of this Colony at their next sitting. And that Colonel David Forman, Dr. Nathaniel Scudder, and Dr. Thomas Henderson be, and are hereby authorised and empowered to secure the abovesaid vessel, and to complete the sales of the cargo, in some convenient time, and account for the sales, and report their proceedings to the Congress of this Province at their next sitting; and may deliver to the seamen and passengers belonging to said vessel, all such clothing and other effects as belong to them (exclusive of the cargo) provided they call for the same in a reasonable time. And that the thanks of this Committee be returned to Colonel Forman, for his extraordinary care and vigilance in securing the said vessel and cargo.

And whereas it appears that the Captain, master and passengers of the sloop Polly and Anne, stranded on Squan Beach, are inhabitants of the Colony of New York; it is therefore,

*Ordered*, That the said Captain, master and passengers, or such of them as are in this Province, be conveyed under guard, as Colonel Forman may think proper, to New York, and delivered to the Provincial Congress or Committee of Safety, to be dealt with as they may think proper.

Adjourned till to-morrow morning, 9 o'clock.

Friday,

FRIDAY, January 12, 1776.

The Committee met.

WHEREAS, a certain Richard Symonds, a midshipman, belonging to one of the King's ships of War, was in September last, taken on board a small tender at Barnagat, since which he hath remained a prisoner in the County of Monmouth.

*Ordered*, That Richard Symonds be removed to Trenton, and there be admitted to remain a prisoner of war on his parole of honour, on the same terms granted to those officers who are already prisoners at that place.

Robert Ellison, Esq., of the County of Sussex, was brought before this Committee by order of the Committee of the County of Sussex, on a charge of many misdemeanors committed against the liberties of America, and among others of entering into an association, resolving not to pay the tax ordered to be levied by the Congress of this Province, and not to purchase any goods which might be distrained from persons for their taxes, or for non-attendance at musters. Mr. Ellison being informed of said charge confessed the same to be true, and that he was influenced thereto by Justice Nathaniel Pettit; but that after signing the said association, he had erased his name therefrom; that he had nothing to offer in his justification but his ignorance of the consequence of his proceedings, and his precipitately engaging therein without consideration, and manifested a deep contrition for his offences. He acknowledged he had signed the association recommended by the Provincial Congress, before signing the association mentioned above. That after signing the general association, and before his signing that now charged against him, he had been apprehended in Pennsylvania for practices unfriendly to the liberties of America, where he then made a full recantation and asked pardon of the public, promising reformation.

Nathaniel Pettit, Esq., of the County of Sussex, also appeared before this Committee, by order of the Committee

mittee of said County, being charged with signing and promoting said association mentioned in Robert Ellison's charge; which the said Mr. Pettit confessed, only alledging in his justification, that he had no intention thereby of using any violent measures in opposing the proceedings of the Congress; and, being fully heard in his own justification, by order withdrew.

The above charges against Mr. Ellison and Mr. Pettit were reserved to the consideration of the Committee in the afternoon.

Adjourned till two o'clock, P. M.

The Committee met.

The Committee resumed the consideration of the matters alledged against Robert Ellison and Nathaniel Pettit, Esq.; and the facts charged against them, appearing by their own confessions, to be true, and the offences of both being nearly equal,

*Resolved,* That the said Robert Ellison and Nathaniel Pettit be returned to the County of Sussex under the custody of Colonel Ephraim Martin, and that they be both disarmed, and pay to the Committee of the aforesaid County or their Chairman, the sum of eight Pounds each towards defraying the expences of apprehending and bringing them before the Committee. And also, that they severally give security to the said Committee or their Chairman in the sum of fifty Pounds each, for their future good behaviour, and thereupon be discharged from further detention; and, as during the present process, the said Ellison and Pettit have not only appeared unfriendly to the liberties of this Country, but from their conduct have appeared unworthy of the offices of magistracy which they now sustain. This Committee therefore think it adviseable for the said delinquents to desist from the further execution of their respective offices, until by their future good behaviour, they may appear more worthy to execute the same, and shall be called thereto by the Congress or Committee of Safety of this Province. And that the Committee of the County of  
Sussex

Sussex be assured of this Committee's hearty approbation of their timely and spirited exertions in apprehending the above persons.

A memorial from the Committee of the County of Cumberland, was presented to this Committee and read, setting forth, that they had apprehended and secured in custody Daniel Stretch, Richard Cayford and Nathaniel Dowdney, inhabitants of that County, convicted of being enemies to this Country, by using their influence with the ignorant and unwary, to raise a party to oppose the measures adopted for redress of grievances. Cursing and ill-treating all Congresses and Committees, and refusing to give any reasonable satisfaction for their extraordinary conduct. The said Committee requesting the direction of this Committee respecting said offenders.

This Committee, duly considering the conduct of the above persons, and finding it necessary to use spirited exertions for the discouragement of such base behaviour. Do order and resolve, that the Committee of the County of Cumberland, detain the said Daniel Stretch, Richard Cayford and Nathaniel Dowdney in close confinement, until they shall manifest a suitable contrition for their offences, satisfactory to the said Committee, pay the charges that have or may accrue in apprehending and detaining them in custody, and give security to said Committee in the sum of fifty Pounds each for their future good behaviour.

*Also, Resolved,* That the said Daniel Stretch, Richard Cayford and Nathaniel Dowdney be disarmed by the said Committee.

This Committee received several resolutions and determinations of the Continental Congress respecting raising one new battalion in this Province. Erecting and establishing a Court of Admiralty. Advising the forming some useful regulations respecting the Continental forces raised in this Colony; which requisitions, together with many other important concerns render the speedy meeting of the Congress of this Province, absolutely necessary. This Committee have, therefore, appointed the  
meetin g

meeting of said Congress to be at New Brunswick, on Wednesday, the thirty-first day of this instant, January.

The letter from Lord Stirling, recommending Matthias Halstead to be commissioned First Lieutenant, and Yelles Mead Ensign in Captain Joseph Meeker's company in one of the battalions raised in this Colony, and the memorial of Yelles Mead, claiming the First Lieutenant's commission in said company, and of George Ross, the third, claiming the Ensign's commission in said company, with several recommendations accompanying the same, were all read the second time: And being duly considered,

*Ordered*, That Yelles Mead be commissioned First Lieutenant, and George Ross, the third, Ensign of said company.

A memorial was presented from John Goldtrap, of the County of Somerset, recommending the encouraging of linnen and woolen manufactories in this Colony, was read and referred to the next meeting of Congress.

Several memorials were presented to this Committee for appointments in a battalion to be raised in this Colony, which were read and filed, to be taken into consideration at the meeting of Congress.

Adjourned till to-morrow morning at 9 o'clock.

SATURDAY, January 13th, 1776.

The Committee met.

The Committee having before them several resolutions of the Continental Congress, of the second day of this instant, January, among which are the following paragraphs:

“And, with respect to such unworthy Americans, as regardless of their duty to their Creator, their country and their posterity, have taken part with our oppressors, and  
influenced

influenced by the hope, or possession of ignominious rewards, strive to recommend themselves to the bounty of administration, by misrepresenting and traducing the conduct and principles of the friends of American Liberty, and opposing every measure formed for its preservation, and security ;

*Resolved*, That it be recommended to the different Assemblies, Conventions, and Committees, or Councils of Safety, in the united Colonies, by the most speedy and effectual measures to frustrate the mischievous machinations, and restrain the wicked practices of these men.

And it is the opinion of this Congress, that they ought to be disarmed, and the more dangerous among them, either kept in safe custody, or bound with sufficient sureties to their good behaviour.

And in order that the said Assemblies, Conventions, Committees, or Councils of Safety may be enabled with greater ease and safety, to carry this resolution into execution,

*Resolved*, That they be authorized to call to their aid, whatever Continental troops, stationed in, or near their respective Colonies, may be conveniently spared from their more immediate duty ; and the commanding officers of such troops, are hereby directed, to afford the said Assemblies, Conventions, Committees, or Councils of Safety, all such assistance, in executing this resolution, as they may require, and which, consistent with the good of the service, may be supplied.

This Committee, do therefore most earnestly recommend to the several Counties and Town Committees, of this Province, to be vigilant and active, in carrying the above resolution into execution ; at the same time, recommending the exercise of due moderation, and prudence in the affair ; requesting all officers of the militia, in this Province, to aid and assist the said Committees, and to execute such orders as they, or either of them shall receive from the Committee of the County, or Township, where they reside.

The letter from Richard Smith, Esq., with the enclosed resolve of the Continental Congress, were read the second time.

*Ordered,* That Richard Smith, Esq., deliver to the President, or Vice President, the one thousand dollars, by him received from the Continental Congress, mentioned in said resolve. And that the said President, or Vice President, lay out the same for fire arms, for the use of the Continental troops, in this Colony.

*Ordered,* That John Posee, Esq., deliver the arms, by him purchased, to Col. William Maxwell, or his order, for the use of the Continental troops in this Colony.

Application was made from the Committee of the County of Morris, to this Committee, recommending Jacob Ford, Jr., to be commissioned Colonel; Ellis Cook, Lieutenant Colonel; Cornelius Ludlow, First Major; Eleazor Lindsley, Second Major, and John Doughty, Adjutant of the eastern regiment of militia, in the County of Morris.

*Ordered,* That commissions be issued, agreeable to the above recommendation.

*Ordered,* That the prisoners of war, now in the barracks at Trenton, be removed from thence, by the Committee of Observation, of that town, to such convenient quarters as they may be able to procure; in order that the Continental forces may occupy the said barracks; and that the expences in providing quarters for such prisoners, be paid out of the provincial money in the treasury.

John Cary, Esq., Secretary to this Congress, not having attended this sitting, and it being uncertain when he will attend; and also whether he will incline to continue his service if present, as he accepted his appointment last sitting with great reluctance; and as Messrs. Clark and Stewart declined officiating in Mr. Cary's room, as they found such service interfered with the duty of their stations as Delegates of the Congress, and as these reasons operated equally against Mr. Cary's being taken from the more immediate service of the Congress, while his time and attention were taken up in the execution of his office. Therefore,

*Resolved unanimously*, That William Patterson, Esq., be appointed Secretary to this Congress.

William Maxwell, Esq., Colonel of the Western battalion of this Colony, laid before this Congress certain  
resolutions

resolutions of the Continental Congress, recommending the immediate arming Colonel Maxwell's battalion, under orders to march to Canada, which were read and filed.

WHEREAS the Continental Congress have ordered Colonel Maxwell's battalion to march to Canada, as soon as the men can be furnished with arms and other articles absolutely essential; and whereas arms are extremely scarce and indeed impossible to be procured in time for the equipment of said battalion, without making application to the several Counties in this Province.

*Resolved*, That the Committees or other public bodies, in whose hands any of the New Jersey Provincial arms and accoutrements are deposited, to deliver the same to the commanding officer, of said battalion, or his order; of whom they are required to take vouchers, with the valuation of said arms, &c., there under written; and that this Congress will either immediately pay for said arms, agreeable to appointment, or replace them as soon as possible, whichever the said Committees, or public bodies shall think most proper.

GENTLEMEN:—The late repulse at Quebec requires every exertion of the friends of American freedom, in consequence whereof Colonel Maxwell's battalion is ordered to march forthwith, and the Continental Congress have applied to our body, urging the greatest dispatch in procuring arms and necessaries for this expedition. Therefore in pursuance of the aforesaid application we request you, gentlemen, to use the utmost diligence and activity in collecting all the public arms belonging to  
your

your County, being your proportion of the Provincial arms unsold. Dispatch in this case is quite necessary, as, no doubt the arms are distributed in the hands of the associators, it will be necessary that every officer do his part. The value of the arms will be paid in money, or the number be replaced; and the expences of collecting and forwarding them punctually discharged. We put you to this trouble with regret; but the necessity of the measure must apologise. IN PROVINCIAL CONGRESS, NEW JERSEY, }

But being informed that two thousand stand have been lately imported, and that they are within your disposal, we should be glad that part of them may be ordered for the use of the Third battalion, unless some more immediate public service calls for them.

We beg leave to propose, whether it would not be advisable to clothe the battalions now raising in uniform, deducting the expence attending it out of the men's wages.

GENTLEMEN:—The arrival of troops at New York, the importance of that place to the welfare of America, and the necessity of throwing up a number of works to prevent our enemies from landing and taking post there, render it necessary, that a number of troops should immediately join Major General Lee; I am therefore desired to apply to you, and request you would with all possible expedition send detachments of your minute men, equal to a battalion, under proper officers, and well armed and accoutered, to New York, there to be under the command of General Lee.

Your approved zeal in the cause of your country, gives me the strongest assurance, that you will with alacrity embrace this opportunity of giving aid to your neighbours, and that your people will cheerfully engage in a service, by which they will not only render a very essential service to their country, but also have an opportunity of acquiring military skill and knowledge in the construction of field works, and the method of fortifying and  
entrenching

entrenching camps, by which they will be the better able, when occasion calls, to defend their rights and liberties.

I am, Gentlemen

Your obedient humble servant,

The letter from the County Committee of Somerset, and the petition from the Township Committee of Piscataway, setting forth, that Perth Amboy is much exposed to hostile invasions, and praying that some measures might be taken to fortify said place, and guard it against invasions were read the second time.

As the matter contained in said letter and petition, is of great importance to this Colony in particular, and to the United Colonies in general; and as the carrying the same into effect will be attended with considerable expence, it was moved and agreed, that the following letter be sent to the Continental Congress:

GENTLEMEN:—This Congress having taken into their serious consideration, the necessity of defending such parts of this Colony as are more immediately exposed to an invasion of the enemy, are of opinion, that the city of Perth Amboy, in East Jersey, from its open channel, and safe harbour, and from its local situation, is a place deserving the utmost attention at this time. As the city of New York has at present a large body of troops, and fortifications are now erecting for its defence, it is more than probable, that the enemy, sensible of these preparations, will attempt a lodgment at Perth Amboy, from whence incursions might easily be made into the heart of the country, before a sufficient force can be collected to oppose them.

That part of West Jersey, which is situate on the river Delaware, below Philadelphia, appears also to merit great attention at this time. Opposite to Reedy Island, at a place called Elsenborough, in the County of Salem, a landing might easily be effected. This is within forty miles of Philadelphia, in a County abounding with provisions; and from whence an army might easily make its way to Cooper's Ferry in a very short time.

This Congress would be happy, if they had it in their power to take into immediate pay, a sufficient body of troops for the defence of both these important posts: but

as

as this will be an expence too great for this Colony to support upon its own bottom, and as the being guarded at all points, is a matter of the utmost importance to the common cause, more especially to the cities of Philadelphia and New York; this Congress beg leave to submit to the consideration of your Honourable House, the urgent necessity of making some immediate preparations to prevent any attempt of the enemy to land an army in those parts of this Province, which appear to be so situated, as greatly to facilitate the success of such an attempt. One or two battalions, with two artillery companies, may be sufficient for this important service. And we humbly submit to your consideration the necessity and propriety of such a step being immediately adopted. We wish not to put the continent to this expence for the sole defense of the inhabitants of this Colony: but the interests of this Colony in particular being so connected with that of the United Colonies in general, as to render an invasion in New Jersey, a matter of the utmost importance to all; we humbly conceive, that the necessity of the occasion will induce the wisdom of your Honourable House to take into Continental pay two battalions and two companies of artillery; or such a body of forces as may be thought sufficient to answer this desirable purpose.

The express by which this is forwarded, will wait your commands; and I am to request the favour of an answer as soon as possible.

I am likewise to request, that commissions may be sent for the officers of the Third battalion, as some of the companies are already full, and others in a fair way.

I am, Gentlemen,

Your most obedient humble servant,

SAM. TUCKER,  
President.

By order of the Congress.

To the Hon. Continental Congress.

“SIR:—Mr. Stevens, according to my request, has been so good as to come down to this place, to whom I communicated the letter sent to me by the Congress, relative to the removal of the Treasury, as I did to my other securities some time before.

“I find that they are willing to continue security for me, considering the difficulty of the times, provided the chest is removed to a place where the office may be executed

cuted in the usual manner. I would therefore propose, that, as I am not now able, and have little prospect of being so, in less than six weeks, to attend the chest, it be removed to Mr. Stevens', who will receive the taxes that are still to be paid in; and the County Collectors may be desired to attend at his house for that purpose. In which case no one will or can have recourse to the chest, but those who have already entered into engagements, and are by law accountable to the public, for the due performance of my office, which cannot in justice or reason be expected of me or them, without the chest is suffered to remain in my or their possession.

"As this proposal fully comprehends the declared intention of the Congress in removing the chest, I cannot doubt its proving fully agreeable and satisfactory to them.

"Whenever I am able to attend the duty of the office abroad, the chest may then be removed to any other place, that shall be agreed on by all concerned, there to remain until we see happier times.

"Mr. Stevens goes home by way of Brunswick, to whom I beg you will please to give your answer, who will forward it to me.

"I am, your most humble servant,

JOHN SMYTH."

The draught of a letter to the Committee of Safety of Pennsylvania, in answer to their letter respecting raising artillery companies in this Province, was read, and agreed to, and ordered to be engrossed; which was done accordingly, and is in the words following:

Gentlemen:—

GENTLEMEN:—The Congress have taken into their serious consideration the important matters recommended to them by your letter of the fifth ultimo.

It is with pleasure that this Congress find that you have taken so very necessary a step, as to cause a survey to be made of the Jersey shore upon the river Delaware; and this Congress concur with you in opinion, that the necessity of making an early provision to guard both shores against common danger, is a measure of the highest importance, and requires immediate consideration.

This Congress very gratefully acknowledges the patriotic tender you have been pleased to make of your service, in giving or receiving mutual assistance, as the circumstances and situation of things may require; and this Congress will most cheerfully co-operate with you, in promoting all such measures as may be best calculated to advance the common cause.

In pursuit of this plan, this Congress have agreed to raise forthwith two companies of artillery, and to purchase twelve field pieces for the defence of this Colony to be stationed one half in East Jersey, and the other half in West Jersey. But as it is probable, that the officers appointed to the command of these companies may have occasion for some instruction, to improve them in the art of gunnery, this Congress in such case will rely upon your friendly declarations of affording such assistance as may be required.

With regard to the purchase of cannon, the Committee appointed by this Congress have orders to procure them on the best terms; and this Committee we recommend to your attention, if it should be found necessary to give you any farther trouble in the management of this affair.

This Congress have made provision for paying a bounty of one shilling per pound for such merchantable saltpetre as shall be made in this Colony before the first day of January next. But should it be found necessary for any persons to acquire more practical knowledge of the art of making this necessary article, this Congress will in such case most gladly accept your obliging offer, and give a recommendation to such persons accordingly.

GENTLEMEN:—You must be sensible, that this Congress are extremely destitute of the means of information, compared with your body, and of course, unable to point out any certain line of conduct for you to pursue: Your deliberations must no doubt be formed upon the measures of the British Ministry, which are uncertain, extraordinary, and new almost every week. ## ORDINANCES

OF THE PROVINCIAL CONGRESS OF NEW JERSEY,  
PASSED AT THE SITTING OF CONGRESS, AT NEW  
BRUNSWICK, IN FEBRUARY AND MARCH, 1776.

### AN ORDINANCE

Directing the manner of signing the General Association, by persons of tender consciences, and enforcing the same; and also for amending the Militia Ordinance, passed at the last session of this Congress.

Although it is not the design of this Congress, to offer violence to conscience, yet it is highly necessary that all the inhabitants of this Colony should associate as far as their religious principles will permit; *it is therefore resolved and directed*, That all persons, whose religious principles would not suffer them to bear arms, and to sign the General Association of this Colony, recommended by Congress in its original form, may be allowed to sign the same, with the following proviso :

“I agree to the above Association, as far as the same is consistent with my religious principles.”

*And it is further Resolved and Directed*, That all persons, who when requested to sign the Association, with the proviso aforesaid, shall refuse so to do, shall be disarmed, and give sufficient security for their peaceable and good behaviour, paying the expense attending the same. And the Committees of the several Counties and Townships, are hereby required forthwith to tender the said Association

tion to all who have hitherto refused or neglected to sign it, and to carry the above resolution into effect.

*Provided always*, That if any person shall think himself aggrieved by any sentence of a Township Committee, he may on giving security to prosecute the same to effect, and paying such costs and charges, as the said Committee shall adjudge thereon, appeal to the Committee of the County wherein such Township is situated; which County Committee is hereby required, and fully empowered to hear the complaint of the appellant, and decide upon the same. And if any person shall think himself aggrieved by any sentence of a County Committee, he may, on giving security and paying costs as aforesaid, appeal therefrom to this Congress.

*Provided always*, That the said Committees may confine any person, notwithstanding his offer of security, who in their opinion, may when permitted to go at large, prove dangerous to the common cause.

AND WHEREAS the late Militia ordinance of this Congress, hath not made any provision for subjecting such of the inhabitants of this Colony, between the ages of sixteen and fifty years, whose religious principles will not suffer them to bear arms, to any penalty for not attending, and obeying orders on the days to be appointed for general musters or reviews; and it being highly equitable and just, that at this time of public danger, all such inhabitants of this Colony should bear an equal proportion of the public expenses, as an equivalent for an exemption from bearing arms.

*It is therefore further Resolved and Directed*, That there shall be inflicted on all such of the inhabitants of this Colony, between the ages of sixteen and fifty years, whose religious principles will not suffer them to bear arms, and who shall not hereafter attend properly accoutered, and obey orders, on the terms to be appointed for the general muster or review of the regiments of Militia in this Colony, the sum of ten Shillings proclamation money, for each and every default, anything in the before recited ordinance contained to the contrary notwithstanding; to be recovered (and applied) by warrant of distress, in  
manner

manner and form as directed by the said recited ordinance.

*Provided always*, that the times so as aforesaid to be appointed for days of general muster or review, do not exceed three days in a year, and that reasonable excuses shall be admitted for such delinquents non-attendance, by such persons who shall be appointed to issue warrants of distress for the recovery of such penalties.

AND WHEREAS vacancies have and may happen in companies of militia in this Colony, by the promotion, resignation, death, removal, or other disability of the captain or other officers of such companies; for supplying which vacancies,

*It is further Resolved and Directed*, That each and every company, where such vacancy have or may happen, shall within ten days after such vacancy happens or such company shall have notice of this resolve, assemble and elect proper persons, for supplying such vacancy, and make return thereof to the Committee of the Township to which they belong, who are to report the same to this Congress or Committee of Safety, in order that commissions may issue: And in case such company shall neglect to elect officers within the time above limited, or in case any person or persons so elected, shall neglect to make the aforesaid return, at the next meeting of the Committee thereafter: that then and in such case, the said Committee shall name and appoint proper persons to be commissioned as aforesaid, or otherwise such Committee, upon the neglect of the said company or companies to elect persons to be commissioned as aforesaid, may, if they think it advisable, to dissolve such company, and incorporating the persons composing the same, into other companies contiguous thereto; in which companies they shall be enrolled and bear arms under the fines and penalties, in the ordinance, directed for non-attendance.

AND WHEREAS by the said former ordinance, no distinction is made between those who sign the muster rolls, and those who do not sign the same: It is hereby declared, that no distinction is intended; but, that all those who refuse to sign such muster roll, within the ages mentioned (except such persons whose religious principles will not suffer

suffer them to bear arms,) shall be enrolled, and be subject to the same command, and liable to the same fines and forfeitures for neglect of duty, as those are who sign such muster roll.

United Colonies from arrest.

WHEREAS, the speedy and effectual recruiting of the forces for the defence of the United Colonies is, in the present situation of affairs, of great importance to the security and defence of the said Colonies.

*And whereas* the subjecting soldiers to arrest for small debts, tends greatly to retard and obstruct the service: it is therefore ordered and directed by this Congress, that

## AN ORDINANCE

Which printer, at the time he is ordered to print the said bill, shall have a copy of this oath or affirmation, that he may govern himself accordingly. Which quota of each Township being so fixed and ascertained the said assessors of each Township or district, shall then proceed to make said assessment: They shall first compute the amount of the certainties in such Township or district, and deduct the same from the quota of such Township or district, together with all such forfeitures as may be received by virtue of this ordinance; and, after such deduction, the said assessors shall add their own, and the township and county collectors fees to the remainder; and assess such remainder and addition of fees equally on the pound value of all the estates in their respective Townships or districts, of which they may have taken the value as hereinbefore directed, so as to make up and pay the respective quotas as aforesaid, with the additional charges of assessing, collecting and paying the same into the Treasury as aforesaid; of which assessments, the said respective assessors shall deliver exact duplicates to the collectors of such districts within ten days after settling the quotas as aforesaid. For assessing and collecting which said assessments, the assessors shall have six Pence, the town collector four Pence, and the county collector two Pence on the pound for all monies assessed and collected by virtue of this ordinance.

AND WHEREAS some owners of improved lands and tenements, may not reside in the said County or Township where the same shall be situated: *It is therefore Resolved*, That the tenant or person occupying such land and tenement, or either of them, shall be assessed for the same, and may deduct such assessment out of the rent with which he is chargeable for such land or tenement; and where no tenant or person in the County occupies such land, the tax for the same, shall be recovered of the owner thereof in like manner as hereinafter is directed. And every person seated on and holding land, not having the property thereof, or paying rent for the same, shall, notwithstanding be assessed for so much lands, and tenants, as he or they shall actually occupy.

*And it is further Resolved*, That the Collectors of each Township or District, shall in some convenient time after receiving the aforesaid assessments from the assessors, notify each particular person assessed thereof, informing him

him of the time the same must be paid. And in case any such assessments shall remain unpaid the first day of November, after such assessment, the said Collector shall make out a list of all such delinquents, with the sums in which they are severally assessed, and lay the same before the Committee of the County to which they belong; which Committee are hereby directed and required to make out a warrant of distress, directed to such person or persons as they shall appoint for that purpose, requiring distress to be made on all such delinquents goods and chattels, to at least the amount of their, respective assessments, with the addition of eighteen pence for each distress; directing, that such goods and chattels be sold in five days after such distress, for paying their said assessments, and costs of distraint. And in case any person or persons shall think him or themselves aggrieved by such assessment, every such person may appeal to the Committee of the County in which he or they reside, within one month after notice of such assessment; which Committee shall proceed to hear such appeal, and give suitable redress.

And in order to prevent dissensions in the several Townships in this Colony, respecting settling their quotas, from a suspicion that the assessors of some one town, have valued the estates therein less than the assessors of another town in the same County.

*It is therefore Resolved,* That in settling the quotas of each township, the assessors shall produce an exact account of the quantity of land in that township, with the number of cattle and horses of two years old and upwards, money at interest, and the before mentioned certainties; which certainties shall be first deducted from the quota of the County, as heretofore hath been practised in like cases, and then divide the remainder to each township upon the land, and money at interest; in which division the land shall be valued between the sums limited for each County, by the last act of assembly of this Colony, for settling the quotas in the several Counties: And the cattle and horses shall be valued at eight shillings each head, and the money at interest at the one twentieth part of the real amount thereof, and divide the same

same upon the Pound value of such estates; which said valuation, is only to regulate the division of the quotas of each township. But, in making the assessments, the said land, tenements, and real estate of each individual is to be valued at the one twentieth part of the real intrinsic value thereof, except tracts of land whereon no improvement is made, which is to be valued at the one fortieth part of the value thereof, as is before directed.

*And it is further Resolved and Directed,* That if any person or persons, shall in this Colony refuse to accept in payment any of the bills of credit emitted in virtue of this ordinance, not exceeding ten Pounds, he or they so refusing, shall forfeit the the sum of ten Pounds, and if the sum tendered and refused as aforesaid, exceed the sum of ten Pounds, then the person so refusing shall forfeit a sum equal in value to the sum so refused; and in order that the mode of recovery of the said sums so forfeited as aforesaid, may be ascertained and established; it is further directed, that on complaint against any person refusing said bills as aforesaid, being made to the Committee of the township where the same shall happen, the said Committee shall give notice to said delinquent, that he be and appear before them at a day and place to be ascertained in such notice, to answer to the charge also to be specified therein; and if it shall appear to the said Committee by the oath or affirmation of two good and lawful witnesses, that the said delinquent hath made such refusal, and that he had, previous thereto, been informed of the penalty to be incurred thereby, in virtue of this ordinance, then, and in such case, the Chairman or deputy Chairman of said Committee shall, by an order in writing, under his hand, directed to some proper person to be appointed by said Committee, authorize said persons to make distress and sale of the goods, chattels and effects of the delinquent, to the amount of the forfeitures incurred as aforesaid, together with costs and expences, that shall accrue by reason of said refusal, to be taxed by said Committee; and the said person appointed to distrain as aforesaid, shall proceed thereon in like manner and form, as the distrainer is herein before directed for collecting the assessments made in virtue of this ordinance; and shall

shall and may retain in his hands, one Shilling and six-pence, if the sum levied as aforesaid, be under ten Pounds; and if the same exceed ten Pounds, then the addition of three pence the Pound for each distress and sale; and the residue of the monies that shall arise from said sale, he shall deliver to the owner of the goods and chattels, distrained as aforesaid. And in case any such delinquent shall think himself aggrieved by the determination of the said Committee, he shall and may, within five days after such determination, appeal to the Committee of the County, he previously giving sufficient security to the Chairman of said Township Committee, to prosecute said appeal the next meeting of said County Committee; and also for payment of all such sums, costs, and charges as shall be adjudged against him by the said County Committee; and in case he shall think himself aggrieved by the determination of the said County Committee, he may, within five days thereafter, appeal therefrom to the Congress or Committee of Safety of this Province, giving security to the Chairman or deputy Chairmen of the said County Committee, to prosecute said appeal at their next meeting; and also for payment of all such sums, costs and charges, as shall be adjudged against him, by the Congress or Committee of Safety as aforesaid; which appeals, the several Chairmen or deputy Chairman of the several Committees aforesaid, are hereby required to grant on the above conditions.

*And it is further Resolved and Directed,* That all the forfeitures adjudged, recovered, and collected as aforesaid, shall be paid by the person collecting the same, to the collector of the County where the delinquency happens, to be by him as soon as may be thereafter, paid into the hands of the Treasurers aforesaid, to be appropriated and applied for the public uses of this Colony, as the Provincial Congress shall order and direct.

## AN ORDINANCE

To prevent persons deserting places in danger of being attacked, and for restraining such as are dangerous to the common cause, from taking refuge in this Colony.

WHEREAS large numbers of people are daily removing from the neighbouring Colonies into New Jersey, and it being unknown upon what principles such removals are occasioned; whether it is to seek an asylum from ministerial oppression, or the resentment of their injured country, to whom they may have become obnoxious, by adhering to the present system of tyranny now endeavouring to be executed in America; and it being inconsistent with the principles of persons properly attached to the cause of liberty, to desert their Town or Country, at a time their assistance may be absolutely necessary for its defence, unless the support and maintenance of their families may make such removal necessary. This Congress do therefore think it advisable, that, although the inhabitants of this Colony ought most cheerfully to receive into their protection, and afford all the relief in their power to all such as are helpless, and unable to defend themselves, yet they ought to prevent the desertion of places in immediate danger of an attack from the enemy, by all who are proper to remain for the defence thereof; and also to prevent persons inimical to the liberties for which the United Colonies are contending, from taking refuge in this Province: For remedy whereof it is hereby *Resolved*, That all persons proper to bear arms who have removed or may remove into this Colony from any City or County of another Province, in danger of being suddenly attacked, do immediately return to such City or Province, to make that defence becoming every good citizen, who entertains a proper sense of the worth of liberty, and who has a due regard to his Country's welfare; unless such person or persons shall produce licenses or permits from the Committee of such City or County from whence he or they remove, to reside in this Colony;

Colony; or unless the residence of such person in this Colony may appear necessary for the support of his family, which may be removed here for safety; or unless such person or persons, from the present stagnation of business may have no visible means of support in the Colony from whence he came, and can procure such support by his industry in this Colony. And the Committee of each and every County and Township in this Colony are directed to carry the above resolve into effect; and to cause all such persons, except as abovesaid, to return to the City or Province from whence they came, after giving them a reasonable time to settle their families, and transact any business that may appear necessary for the public good, or their families support.

*And it is further Resolved,* That all suspected persons removing into this Colony, shall immediately return to the place they came from; unless their behaviour in this Colony, shall render their detention as delinquents proper: or unless such persons produce certificates from the Committee of the City, Township or County from whence they came, that they have signed the general association recommended by the Continental or their Provincial Congress; and have not by any subsequent act contravened the same; or that they are deemed to be well affected to the cause of American freedom. Which last resolve, the respective Committees abovesaid, are also requested to carry into effect.

County of Cumberland, at the Court House in Bridgetown, and County of Cape May, at the Court House in the Middle Precinct.

*Provided always*, that this resolution shall not be construed to prevent an adjournment of any election from day to day, and from place to place, if the same shall be found necessary.

*And it is further Resolved and Directed*, That the inhabitants of this Colony, so qualified as aforesaid, on the first day of each election, between the hours of ten in the morning, and one in the afternoon, do proceed to elect one substantial freeholder in each County to preside as Judge of such election, who shall attend in person, and if a poll be demanded, the election shall be conducted as follows: Each candidate may appoint one Inspector, and one Clerk; and each of the Clerks shall set down in writing the names of the electors, and their numbers in the presence of the Judge and shall make as many distinct columns on fair paper, as there shall be candidates voted for; but previous to which, every Clerk so appointed, shall, by the Judge of the election, or by some magistrate then present, be charged on his solemn oath or affirmation, "Truly and impartially to take the votes and set down the name of each elector; and the place of his residence, and to poll no elector who is not attested, if so required by the Judge or Inspectors of such election.

*And it is further Resolved and Directed*, That the Judge of each election shall not declare the choice upon the view, nor adjourn either to another day or place, without the

the consent of the majority of the candidates, nor by any unnecessary adjournment, delay the election: And shall give a copy of the poll to every person that shall desire the same, upon the payment of reasonable fees for writing thereof. And if any freeholder shall be questioned as to his qualification by either of the candidates or Inspectors, such freeholder shall be charged by the Judge of such election, or by some magistrate then present, on his solemn oath or affirmation, "to declare or swear in the presence of God, that he is, and hath been a freeholder and resident in the County for one whole year immediately preceding. That the estate for which he claims to give his vote in such election, is his own proper estate, and that it is not conveyed to him in trust, or on condition that he should give his vote in such election for any particular person whatsoever."

And if any elector, not being a freeholder so qualified as aforesaid, shall be questioned as to his qualification by either of the candidates or Inspectors, such elector shall be charged in manner and form aforesaid, on his solemn oath or affirmation, "To declare or swear, that he is twenty-one years of age, that he hath immediately preceding the election, resided for one whole year in the county; that he is worth a clear estate of the value of at least fifty Pounds proclamation money, and that he hath not before voted at such election."

*And it is further Resolved and Directed,* That the Chairman of the several County Committees in this Colony, do give public notice of the time and place of such elections, by putting up advertisements in writing, at least twenty days before the time of each election, at one or more of the most public places in each township or precinct in the several Counties in this Colony.

*And it is further Resolved and Directed,* That the Deputies so elected as aforesaid, shall receive a certificate of their election in the words following, to wit, "We do hereby certify, that on the day of the date hereof,

were declared duly elected Deputies for the

county of \_\_\_\_\_ in the Colony of New Jersey,  
with full power to represent the said County in Provincial  
Congress,

Congress, to be held at \_\_\_\_\_ in the County of \_\_\_\_\_  
 on the \_\_\_\_\_ day of \_\_\_\_\_  
 next. As witness our hands and seals, this  
 day of \_\_\_\_\_ Anno dom.,  
 177 . Which certificate, under the hands and seals of the  
 Judge chosen to preside at such election, together with  
 five or more freeholders of the said county, shall be suffi-  
 cient evidence of such election. And the Deputies so  
 chosen as aforesaid, shall give their attendance in Pro-  
 vincial Congress accordingly.

*And it is further Resolved and Directed,* That in case of  
 the death, or removal out of the Colony of any of the  
 Deputies so chosen as aforesaid, before the next annual  
 election; or in case the seat of any Deputy so chosen as  
 aforesaid, being declared vacant, the freeholders and  
 electors so qualified as aforesaid, of the County for which  
 such person was a Deputy, shall upon the receipt of a  
 warrant under the hand and seal of the President, or  
 Vice President for the time being, Directed to the Chair-  
 man of such County Committee for that purpose, have  
 leave to proceed to a new election to supply his place.  
 Provided always, that such election be carried on and  
 regulated in such manner and form as herein is before  
 more particularly mentioned and expressed.

*And it is further Resolved and Directed,* That when and  
 as often as any new election of Deputies for the Colony  
 in general, to serve in any future Congress, shall be  
 directed to be held, the freeholders and electors so quali-  
 fied as aforesaid, of each County, do proceed to elect a  
 sufficient number of freeholders for each Township, to  
 constitute a County Committee of Observation and Cor-  
 respondence, with full power as well to superintend and  
 direct the necessary business of the County, as to carry  
 into execution the resolutions and orders of the Conti-  
 nental Congress, the Provincial Congress, or Committee

 rules and regulations as are herein before resolved and  
 directed for regulating of elections of Deputies to serve in  
 Provincial Congress.

*And it is further Resolved and Directed,* That the free-  
 holders and inhabitants of each Township in this Colony,  
 do

do on the second Tuesday in March yearly, and every year, proceed anew in like manner, to elect such a number of proper persons as shall be thought necessary to constitute Committees, to act as Committees of Observation and Correspondence in each Township, with power to transact the business referred to them by the Continental Congress, the Provincial Congress, or Committee of Safety of this Colony; or by the respective County Committees.

*And it is further Resolved and Directed*, That on the fourth Monday in May next, this Congress shall be, and the same is hereby directed to be dissolved; any thing in the ordinance of the late Provincial Congress of this Colony, of the twelfth of August last, contained to the contrary notwithstanding.

*And it is further Resolved and Directed*, That at all future meetings of the Deputies chosen to represent this Colony in Provincial Congress, the votes be taken from the members individually, and not from the Counties collectively.

And it appearing to this Congress to be essential to the welfare of this Colony, that all persons chosen to serve as Deputies in Provincial Congress, should, as far as their particular circumstances admit, be perfectly free from other public engagements.

*It is therefore Resolved and Directed*, That whenever it shall appear, that any Deputy or Deputies in Provincial Congress, have accepted any military office of profit under the Continental or Provincial Congress, which office may require the personal service of such Deputy or Deputies, the seat of such Deputy or Deputies in Provincial Congress, shall be declared vacant, and a new election be ordered to fill up such vacancy: And such Deputy or Deputies, during his or their continuance in such office of profit, shall not be entitled to a seat, in this or any future Congress.

in

in Congress: And also, to expel or disable all such Deputies to sit or serve, who either, by ill practice in elections, or by misbehaviour in Congress, shall, by this, or by any future Congress, or the major part of them, be declared unfit for a seat therein.

WHEREAS it is recommended by the Honourable Continental Congress, that the number of inhabitants of all ages including negroes and mulattoes, in each Colony be taken in order to settle an equitable quota of the taxes which may hereafter be levied on the United Colonies, for sinking the bills of credit, which have been, or may be emitted for the the support and defence of the said United Colonies.

*Therefore be it Resolved*, That the Committee of each precinct or Township in this Colony, do, as soon as may be, after the publication hereof, appoint one or more person or persons, as they shall think proper, to take an account of the number of inhabitants of all ages, including negroes and mulattoes, within their respective bounds; which said person or persons so appointed, shall, within six days after being notified thereof in writing by the Chairman of said Committee, repair to some justice of the peace in the County where he or they reside, who is hereby directed to administer to him or them the following oath, or affirmation if a Quaker, to wit:

### AN ORDINANCE

WHEREAS by a resolution of this Congress of the twelfth of August last, a number of minute men were directed to be raised, enlisted and enrolled in the several Counties of this Colony, under officers to be appointed and commissioned by this Congress, to hold themselves in constant readiness to march to any place, where their assistance might be required for the defence of this or any neighbouring Colony.

*And whereas*, in obedience to said resolve, several companies were enlisted and formed into battalions; since which large numbers of said minute men having entered into the Continental service, the said companies and battalions are greatly reduced, and in no condition to answer the design of their institution.

*And whereas* our defence, under God, chiefly depends upon a well regulated militia.

It

*It is therefore Resolved,* That all the minute men heretofore embodied in the several parts of this Colony, be immediately dissolved, and incorporated with the militia in the several companies in the district in which they respectively reside, as though such minute men had never been raised; anything in the above mentioned resolve to the contrary notwithstanding.

*And whereas* by an ordinance of Congress, passed this present sitting, all persons refusing to sign the general association, with the proviso therein mentioned, are directed to be disarmed, and give security for their future good behaviour, and some doubts arising whether such non-associators so disarmed, shall be subject to the fines and forfeitures for non-attendance in the militia, as directed by the late Military Ordinance. For removing which doubts, *it is further resolved,* That each and every person in this Colony, disarmed for refusing to sign the said association, shall be subject to the same fines and forfeitures for not attending and doing duty in the militia, or paying an equivalent therefor, as directed by said ordinance in the same manner, as though he had not been disarmed.

*And it is further Resolved*, That the muster masters shall be allowed a reasonable compensation for reviewing and mustering such companies.

## AN ORDINANCE

For paying a bounty on salt petre, and common salt, manufactured in New Jersey, and for purchasing salt petre.

WHEREAS by a resolution of this Congress, of the twenty-fourth of October last, the sum of one thousand Pounds, was voted to be appropriated for the payment of the bounty of one Shilling per pound, over and above the market price, for any quantity, not exceeding twenty thousand weight, of good merchantable salt petre, made and manufactured in this Colony, on or before the first day of January, 1777.

*And whereas* it is necessary that some mode should be adopted, in order that the appropriation of the above bounty, may be attended with the beneficial effects designed. *It is therefore resolved and directed*, That every person in this Colony, who shall become a candidate for the aforesaid bounty, or any part thereof, in order to be entitled to the same, shall produce to the Treasurers of this Colony, appointed by this Congress, or either of them, a certificate under the hands and seals of the  
Chairman

Chairman of the Committee of the County where such person resides, "That the quantity of salt petre for which such person shall claim the bounty, was manufactured in such County, at some time before the first day of January, 1777; that the same is good merchantable; and that the claimant hath not before received any bounty for the same."

And the several County Committees of this Colony, are hereby authorized and directed, when any claimant for the said bounty, shall apply to them, to examine such claimant upon oath or affirmation, as to the purport of the above certificate; and in order that the quality of the salt petre may be sufficiently ascertained, the County Committees are also directed to call in the aid of persons well skilled in that commodity.

SIR:—Agreeably to an order and resolve of the Provincial Congress, lately sent me, I this morning, with Major Deare, went to Governor Franklin, and desired him to comply with the order of Congress, and sign the parole sent me, which he absolutely refused to do, and forbid me, at my peril, to carry the order into execution. We then left the Governor's house, and ordered a company of militia, which were in readiness, to attend, and have placed a guard of about sixty men at and around his house. I expect he will persist in refusing to comply and therefore send this per express, and beg the further directions of the Congress respecting this matter, as soon as possible, by return of the bearer, and shall act accordingly.

I am, in great haste,

Sir, your most humble servant,

NATHANIEL HEARD.

AMBOY, June 17, 1776.

*Ordered unanimously,* That a copy of the following letter be signed by the President, and sent to Colonel Heard:

SIR:—It is the desire of Congress, that you immediately bring William Franklin, Esquire, to this place, under such guard as you may think sufficient.

Ordered

*Ordered unanimously,* That a copy of the following letter be signed by the President, and sent to the Honourable John Hancock, Esq., President of the Continental Congress :

SIR :—Our Colony has of late been alarmed with sundry attempts of disaffected persons to create disturbances. The proclamation of Mr. Franklin, our late Governor, for calling together the Assembly, is one of these which we have thought deserving the most serious attention. Enclosed we have sent a copy of certain resolves, which we have thought necessary to pass on the occasion; together with a copy of our instructions to Colonel Heard.

We this minute received by express from Colonel Heard, a letter, of which the enclosed is a copy. We have ordered down to this place Mr. Franklin under guard; and now beg leave to submit to the consideration of the Congress, whether it would not be for the general good of the United Colonies, that Mr. Franklin should be removed to some other Colony; Congress will easily conceive the reasons of this application, as Mr. Franklin, we presume, would be capable of doing less mischief in Connecticut or Pennsylvania than in New Jersey. Whatever advice Congress may think proper to give us, we shall be glad to receive; and would further intimate that the countenance and approbation of the Continental Congress would satisfy some persons, who might otherwise be disposed to blame us.

The enclosed printed papers will shew what steps we have taken with respect to the militia.

*Ordered,* That Cornelius Blanchard be Brigade Major for the eastern division of New Jersey, and be commissioned accordingly.

*Ordered,* That the Commissioners immediately purchase one or more ammunition waggons, for the use of each of the artillery companies of this Colony.

A petition from sundry inhabitants of the township of Morris, in the County of Morris, praying that all officers in civil government may be annually elected by the people; that the fees of all officers may be as low as possible, &c., was read, and ordered a second reading.

*Ordered,* That the President write to General Livingston, and inform him, that it is the desire of Congress that he would take the command of the militia destined for New York.

The Honourable the Continental Congress having resolved "That letters be written to the Conventions of "New Jersey and New York, and to the Assembly of "Connecticut, recommending to them to authorize the "Commander-in-Chief in the Colony of New York, to call "to the assistance of that Colony, when necessity shall "require it, such of the militia of those Colonies as may "be necessary; and to afford him such other assistance "as the situation of affairs may require: and that it be "further recommended to the Convention of New York, "to empower the said Commander-in-Chief, to impress "carriages and water craft, when necessary, for the publick service; and also to remove ships and other vessels "in Hudson's and the East rivers, for the purpose of "securing them from the enemy."

This Congress, sensible of the importance of securing New York against the attempts of the enemy to cut off the communication between the Eastern and Southern Colonies; and although they have directed the immediate raising of five battalions to join the Continental army for that purpose; yet, as it is impossible to ascertain the number of the enemy, they are of opinion that, in the present uncertain state of publick affairs, the inhabitants of this Province ought, in cases of extraordinary danger, to give all the occasional assistance in their power, especially as the fate of America may perhaps depend upon the issue of this summer's campaign, *do resolve*, that in  
case

case the Commander-in-Chief of the Continental forces at New York, upon the arrival of British troops, shall stand in need of the aid of the militia of this Colony, that he be authorized to call for the same, by applying to one of the Brigadiers General, or the Colonels of militia. And the said militia, upon such request, are desired immediately to march to the defence of the parts invaded, or threatened with an immediate invasion. And all such of the militia as, upon the requisition of the Commander-in-Chief, shall march to the defence of any place in danger, shall be entitled to the same pay and subsistence as are allowed to the Continental forces, and shall not be detained in such service more than one month from the time of their marching. This Congress, from experience of the zeal and alacrity of the inhabitants of this Colony, to step forward for the defence of America on all former occasions, are persuaded that this request from their representatives, arising from pure necessity, will be most cheerfully complied with, and the honor and safety of the Colony thereby maintained.

*Ordered*, That a copy of the above resolution be transmitted to General Washington; and that the same be published in the newspapers.

*Ordered, unanimously*, That Doctor Melancthon Freeman, be appointed Surgeon, and Mr. Benjamin Stockton, Surgeon's Mate, to the battalion directed to be raised in the Counties of Middlesex and Monmouth.

William

William Franklin, Esq., late Governor of this Province, having been brought before this Congress, pursuant to an order for that purpose, to be examined touching such parts of his conduct as were deemed inimical to the liberties of America, Mr. Franklin refused to answer the questions put to him, denying the authority of this body, which he alleged had usurped the king's government in this Province.

As the said William Franklin, by this and his former conduct, in many instances, appears to be a virulent enemy to this country, and a person that may prove dangerous; therefore, it is

*Unanimously resolved*, That the said William Franklin be confined in such place and manner as the Honourable Continental Congress shall direct.

*Ordered*, That the President write to the Continental Congress enclosing the above resolves, and the questions that were put to Mr. Franklin.

*Resolved*, That Lieutenant Colonel Bowes Read keep under safe guard the person of William Franklin, Esq., until the further order of this Congress; and that the President sign an order for this purpose.

## Constitution of New Jersey.

PASSED JULY 2, 1776.

---

WHEREAS, all the Constitutional authority ever possessed by the kings of Great Britain over these Colonies, or their other dominions, was, by compact, derived from the people, and held of them for the common interest of the whole society; allegiance and protection are, in the nature of things, reciprocal ties, each equally depending upon the other, and liable to be dissolved by the others being refused or withdrawn; *and whereas*, George the Third, King of Great Britain, has refused protection to the good people of these Colonies; and, by assenting to sundry acts of the British Parliament, attempted to subject them to the absolute dominion of that body; and has also made war upon them in the most cruel and unnatural manner, for no other cause than asserting their just rights; all civil authority under him is necessarily at an end, and a dissolution of government in each Colony has consequently taken place.

*And whereas*, in the present deplorable situation of these Colonies, exposed to the fury of a cruel and relentless enemy, some form of government is absolutely necessary, not only for the preservation of good order, but also the more effectually to unite the people, and enable them to exert their whole force in their own necessary defence; and as the Honourable the Continental Congress, the Supreme Council of the American Colonies, has advised such of the Colonies, as have not yet gone into the measure, to adopt for themselves respectively such government as shall best conduce to their own happiness and safety, and the well-being of America in general; We, the Representatives of the Colony of New Jersey, having been elected by all the Counties in the freest manner,

ner,

ner, and in Congress assembled, have, after mature deliberation, agreed upon a set of charter rights, and the form of a Constitution, in manner following, videlicet,

I. That the government of this Province shall be vested in a Governor, Legislative Council, and General Assembly.

II. That the said Legislative Council and Assembly shall be chosen for the first time, on the second Tuesday of August next; the members whereof shall be the same in number and qualifications as is hereinafter mentioned; and shall be and remain vested with all the powers and authority to be held by any future Legislative Council and Assembly of this Colony until the second Tuesday in October which will be in the year of our Lord one thousand seven hundred and seventy-seven.

III. That on the said second Tuesday in October, yearly and every year forever (with the privilege of adjourning from day to day as occasion may require) the counties shall severally choose one person to be a member of the Legislative Council of this Colony, who shall be and have been for one whole year next before the election, an inhabitant and freeholder in the County in which he is chosen, and worth at least one thousand Pounds, Proclamation money, of real and personal estate within the same County: That, at the same time, each County shall also choose three members of Assembly; provided that no person shall be entitled to a seat in the said Assembly, unless he be and have been for one whole year next before the election, an inhabitant of the County he is to represent, and worth five hundred Pounds, Proclamation money, in real and personal estate in the same County: That on the second Tuesday next after the day of election, the Council and Assembly shall separately meet; and that the consent of both houses shall be necessary to every law, provided that seven shall be a quorum of the Council for doing business; and that no law shall pass, unless there be a majority of all the Representatives of each body personally present and agreeing thereto. *Provided always*, That if a majority of the Representatives of this Province in Council and General Assembly convened, shall at any time or times  
hereafter,

hereafter, judge it equitable and proper to add to or diminish the number or proportion of the members of the Assembly for any County or Counties in this Colony, then, and in such case, the same may, on the principles of more equal representation, be lawfully done, anything in this charter to the contrary notwithstanding; so that the whole number of Representatives in Assembly shall not at any time be less than thirty-nine.

IV. That all the inhabitants of this Colony of full age who are worth fifty Pounds, Proclamation money, clear estate in the same, and have resided within the County in which they claim a vote for twelve months immediately preceding the election, shall be entitled to vote for Representatives in Council and Assembly; and also for all other publick officers that shall be elected by the people of the County at large.

V. That the Assembly when met, shall have power to choose a Speaker, and other their officers to be judges of the qualifications and election of their own members; sit upon their own adjournments; prepare bills to be passed into laws, and to empower their Speaker to convene them, whenever any extraordinary occurrence shall render it necessary.

VI. That the Council shall also have power to prepare bills to pass into laws, and have other like powers as the Assembly, and in all respects be a free and independent branch of the Legislature of this Colony; save only that they shall not prepare or alter any money bill, which shall be the privilege of the Assembly; that the Council shall, from time to time, be convened by the Governor or Vice President, but must be convened at all times when the Assembly sits; for which purpose the Speaker of the House of Assembly shall always, immediately after an adjournment, give notice to the Governor or Vice President of the time and place to which the House is adjourned.

VII. That the Council and Assembly jointly at their first meeting, after each annual election, shall, by a majority of votes, elect some fit person within the Colony to be Governor for one year, who shall be constant President of the Council, and having a casting vote in their proceedings;

proceedings; and that the Council themselves shall choose a Vice President, who shall act as such in the absence of the Governor.

VIII. ### ORDINANCE

For regulating the ensuing election.

Passed July 15, 1776.

And the certificate of the Judges, so as aforesaid appointed, together with six good and sufficient freeholders, shall be a sufficient testimonial of the election of any member of Council or Assembly; the form of which certificate shall be as follows: We do hereby certify, That on the day of the date hereof, A, B and C were (or that A was in the certificate for a member of Council) duly elected to represent the County of \_\_\_\_\_ in the General Assembly of this Colony (or Legislative Council as the case may require) to be held at Princeton on the 27th of this instant. And as it is highly unreasonable, that the enemies of America should be admitted to take an active part in our publick measures, no person or persons shall be admitted to vote at the said election, unless he first take  
the

the same oath or affirmation if thereunto required, by any one of the judges or inspectors of the said election; which oath or affirmation any one of the judges aforesaid shall be empowered to tender and administer to any or either of the said electors.

And that each person, who shall be named as a candidate by any inhabitant entitled to vote, shall be admitted to appoint one Inspector and one Clerk; which Clerks, when so appointed, shall be sworn or affirmed in manner aforesaid truly and impartially to take the votes and set down the name and place of abode of each elector, and to poll no voter, who is not attested, if required so to be by any one or more of the Judges or Inspectors.

*Provided always*, That no Sheriff or Coroner shall be empowered to act in his office, until he shall be commissioned by the future Governor or Vice President of the Colony, and shall be further qualified in such manner, as the future Legislature of this Colony shall direct and appoint.

*And it is further resolved*, That the Legislative Council and General Assembly, when so elected, shall, for the first time, meet at Princeton.

## AN ORDINANCE

For detaching two thousand of the militia.

Passed July 18, 1776.

WHEREAS the Honourable Continental Congress have resolved, "That General Washington be desired to call "to his assistance two thousand of the men who have "marched into New Jersey to form the flying camp, and "that the Convention of New Jersey be requested immediately to supply their places with an equal number of "the militia of that State." *And whereas,* the situation of New York, the vicinity of New Jersey to the enemy, and above all, the arrival of Lord Howe, who, it is probable, will speedily make some decisive movement, render it absolutely necessary, that the most immediate and effectual steps be taken to guard against the incursions of the British troops, and to strengthen the army of the United States.

*Resolved therefore unanimously,* That two thousand of the militia of this State be immediately detached to supply the place of the like number taken from the flying camp in New Jersey, and ordered to New York.

Resolved,

*Resolved*, That said two thousand militia compose four battalions, consisting of thirty companies of sixty-four non-commissioned officers and privates, under the command of a Brigadier General.

*Resolved*, That the said militia continue in service for the space of one calendar month, computing from the time of their joining the flying camp, unless sooner discharged; that they have the same pay, rations and allowance, as the brigade under General Heard are entitled to receive from the Continental Congress, computing from the time of their marching to the place of destination; and that they conform in all instances to the regulations which are or shall be made for the government of said forces.

*Resolved*, That the said battalions shall be formed as follows: one battalion to consist of two companies from the County of Bergen, three companies from the County of Essex, and two companies from the County of Morris.

One battalion to consist of two companies from the County of Somerset, two companies from the County of Sussex, and four companies from the County of Hunterdon.

One battalion to consist of three companies from the County of Middlesex, three companies from the County of Monmouth, (whereof Captain Stillwell's Company is to be one), and two companies from the County of Salem.

One battalion to consist of three companies from the County of Burlington, three companies from the County of Gloucester, and one company from the County of Cumberland.

And, in order that proper officers may be immediately appointed, *Resolved*, That the field-officers, with the captains and subalterns in each County, do forthwith assemble, and agree upon one captain, one lieutenant, and one ensign, for each company, to be raised in their respective Counties; and that the field-officers appointed to the command of each battalion do appoint an Adjutant and Quarter-Master for the battalion.

*Resolved*, That each man come equipped with a good musket with a bayonet, (if the latter can be procured) a tomahawk, a cartouch-box, blanket, canteen and knapsack.

Resolved,

*Resolved,* That the colonels of said battalions be directed to make return as soon as possible to this convention, or to the Brigadier-General, to be by him laid before the convention, of the number of men which turned out in each County of this State in the battalions aforesaid.

*Resolved,* That the four battalions above directed to be raised, form one brigade.

*Resolved,* That the following officers be appointed to the command of the respective battalions: viz. For the battalion to be raised in Bergen, Essex and Morris, Edward Thomas, Colonel, Ellis Cook, Lieutenant-Colonel, John Mauritius Goetschius, Major; for the battalion to be raised in the Counties of Somerset, Sussex and Hunterdon, Mark Thompson, Colonel, Abraham Bonnell, Lieutenant Colonel, and Enos Kelsey, Major; for the battalion to be raised in the Counties of Middlesex, Monmouth, and Salem, George Taylor, Colonel, Whitton Cripps, Lieutenant-Colonel, and John Duychinck, Major; and for the battalion to be raised in the Counties of Burlington, Gloucester and Cumberland, Charles Read, Colonel, Josiah Hillmam, Lieutenant-Colonel, and William Ellis, Major.

*Resolved,* That any of the said two thousand militia, while in service, be at liberty to enlist in the brigade under the command of General Heard, and, on such enlistment, shall be entitled to the bounty of Three Pounds, agreeable to the late ordinance of the Congress.

And whereas camp-kettles are extremely scarce, and indeed impossible to be procured, *Therefore resolved,* That it be recommended to the said militia to bring with them a sufficient number of kettles; and for this purpose it is further recommended, that every company be divided into lots, six men in a lot, and that each lot furnish itself with a kettle. And if said kettles, or any of them, should happen to be taken by the enemy, or endamaged or destroyed in the service, this State will make the owners full compensation for such injury or loss.

The zeal, alacrity, and spirit, which the inhabitants of New Jersey have manifested during the present most important contest for freedom, is a happy presage, as well as the strongest assurance, that this requisition of their Representatives will be carried into instant execution; and

and the rather so, as the brigade, now directed to be raised, is particularly destined to guard this State. We flatter ourselves that it is almost useless to recommend the utmost dispatch, as the enemy is at hand, and the danger pressing and great. The vicinity of a mortal foe, whose avowed design is to reduce us to the most abject state of vassalage, is surely a call sufficient for freemen. Our brethren of Pennsylvania pour out in thousands: may New Jersey keep the illustrious example in view, and evince to the world, that the militia of this State are equally zealous in the glorious cause of American freedom! Remember, the hour is approaching, which will, in all human probability, decide the fate of America—which will either ensure your title to the rank of freemen, or debase you to the lowest class of slaves. Life, liberty, and property, all await the issue of the present struggle. Arise, then, and exert yourselves!

### AN ORDINANCE

For keeping open the communication between New Jersey and New York by way of the ferries over Passaic and Hackinsack rivers.

Passed August 9, 1776.

The Convention having received information that the ferries over Passaic and Hackinsack rivers, between Newark and New York, are neither supplied by the proprietors thereof, or their tenants with such a number of scows and proper boats as are requisite in our present alarming situation, nor duly attended. *And whereas*, it is of great importance that the passing and repassing between this State and New York, while the enemy is at our door, should be put on the most convenient footing; and the said proprietors and tenants, notwithstanding repeated applications, having neglected the necessary provision for the aforesaid purposes;

It

*It is therefore resolved, ordained and directed,* That the management and direction of said ferries be taken out of the hands of the said proprietors, and that Messieurs William Camp and Joseph Hedden, junior, be, and they are hereby, appointed Commissioners to take into their hands the possession, sole management, and direction of said ferries, and hold the same for the purposes aforesaid, until the first day of December next, unless sooner discharged from this service by the Legislature of this State. And they, or either of them, are hereby empowered and required to provide at least four scows for the ferries over each of said rivers, and to employ a sufficient number of hands to ply and attend the same; and also to provide ropes to be stretched across the said rivers, and all such articles as they shall judge expedient for the service aforesaid.

*And it is further resolved and directed,* That no troops in the service of the United States, or of any of them, nor their baggage, ammunition, or their other waggons, carriages, or horses, shall pay more than one third part of of the ferriage paid by such as are not in said service; and, to prevent a misconstruction of this resolve, *It is hereby declared,* That commissaries or other persons supplying the army by contract with provisions, stores, &c. are not intended to be either included in, or to receive any private benefit from the said resolve.

*And it is further resolved and directed,* That the said Commissioners keep an exact account as well of the expences and disbursements, as of the monies they shall receive for ferriages. And the said Commissioners, or either of them, are hereby authorised to draw orders on either of the Treasurers of this State for such sums of money as shall be necessary for the disbursements aforesaid, and his or their receipts thereof shall be sufficient vouchers to indemnify the said Treasurers, their heirs, executors and administrators for the payment of said orders; and at the expiration of the said term, the said accounts of disbursements and monies received for ferriage by the Commissioners, shall be submitted to the examination of the said proprietors, who shall and may then choose, either to accept of the profits arising from the said ferries  
while

while in the hands of said Commissioners, after paying thereout such sum for said Commissioners' attendance on the business aforesaid, as by the Representatives of this State shall be adjudged, or be paid a reasonable rent for the ferries during the time aforesaid.

## AN ORDINANCE

For detaching one half of the militia.

Passed August 11, 1776.

The Convention viewing with serious concern the present alarming situation of this and their sister States, that on a prudent use of the present moment depend their lives, their liberty and happiness, think it their indispensable duty to put the militia on such a footing, that their whole force may be most advantageously exerted; and to call out the one half into immediate service, to be relieved by the other monthly.

*Be it therefore resolved, ordained and directed,* That all able-bodied men, without exception, in this State, between the ages of sixteen and fifty, be immediately enrolled by the captains of the militia, in whose districts they live, into their several companies, and be called, and deemed to be, in construction of this Ordinance, the militia of this State, and to be in that regiment to which the company they are enrolled in belongs; and that the said militia be formed into two divisions in manner following, to wit, orders shall be immediately issued by the Brigadiers-General to the several Colonels or commanding officers of every regiment and battalion within this State to call together without delay all that are directed as aforesaid to be enrolled in their several companies; and in those regiments or battalions where one half will not turn out volunteers to serve in the first division, that the divisions be determined by lot.

That

That the first division be immediately equipped with arms and every necessary accoutrement that can be obtained, and four days' provision, and march with all dispatch to join the flying camp in this State. And, to the end that the several divisions may be properly formed and officered, *It is hereby directed*, That the battalions of the first division shall be formed as follows, to wit, one battalion from the regiments or battalions whereof Philip Van Cortland and Edward Thomas, Esquires, are Colonels; another battalion from the regiment whereof Theunis Dey, Esquire, is Colonel; another battalion from the battalions whereof Jacob Ford and Jacob Drake, Esquires, are Colonels; another battalion from the two regiments and one battalion whereof Mark Thompson, Ephraim Martin, and John Cleves Symmes, Esquires, are Colonels; another battalion from the two battalions whereof Stephen Hunt and Abraham Quick, Esquires, are Colonels; another battalion from the battalions whereof George Taylor, David Brearley, and Daniel Hendrickson, Esquires, are Colonels; another battalion from the battalions whereof Jonathan Deare, Esquire, is Lieutenant-Colonel, and John Neilson and John Duychinck, Esquires, are Colonels; another battalion from the battalions whereof Isaac Smith and David Chambers, Esquires, are Colonels; another battalion from the battalions whereof Joseph Beavers and John Mehelm, Esquires, are Colonels; another battalion from the battalions whereof Joseph Borden and Charles Read, Esquires, are Colonels; another battalion from the battalions whereof Joseph Ellis and Richard Somers, Esquires, are Colonels, and Samuel Tonkin, Esquire, is Lieutenant-Colonel; another battalion from the battalions whereof Samuel Dick and John Holme, Esquires, are Colonels; and another battalion from the battalions whereof Silas Newcomb and David Potter, Esquires, are Colonels.

That the field and other officers of every two regiments or battalions, from whence by division a battalion is to be formed as aforesaid, meet together as soon as possible; and the officers to command each division shall be determined as follows: one of the regiments or battalions shall furnish a Colonel, the other a Lieutenant-Colonel, and

and so alternately the Majors and other officers; and if it cannot readily be agreed by the said officers, which regiment or battalion shall furnish the Colonel, or other field officer for the first division, the same shall be determined by lot; and wheresoever there are a greater number of companies in one than in the other of the said regiments or battalions from whence one is to be formed as aforesaid, if the Captains and subalterns in that regiment or battalion containing the greatest number of companies do not agree among themselves who shall serve in the first division, the same shall be determined by lot.

That in the County where there is but one regiment, either the Colonel and one of the Majors, or the Lieutenant-Colonel and the other Major go out with the first division; and if not agreed on among themselves which of them shall go in the first division, the same shall be determined by lot; and wheresoever a battalion is to be formed out of three regiments or battalions, the field officers shall go out in rotation.

That the battalions for the second division shall be formed in like manner as those of the first division, to wit: each of the remaining half parts of such regiments or battalions out of which a battalion is above directed to be formed for the first division, shall form a battalion for the second division.

That the first division shall continue in service for and during the term of one month, to be computed from the time of joining the flying camp; and then, unless sooner discharged, to be relieved by the second division, and so alternately every month, until orders to the contrary shall be issued by the Legislature, the Commander-in-Chief, or one of the Brigadiers-General of this State.

That to the end that every man of the first division may be completely equipped as far as possible, the several Colonels or commanding officers of each regiment or battalion of the militia are hereby directed to take from the militia of the second division of their respective regiments or battalions a sufficient number of their best arms, and equip those of the first division, giving receipts and taking just appraisements; and, when relieved by the second division, those of the first shall redeliver the same

to

to them; and also such numbers of their own arms as shall be needed to be taken, and appraised in the manner aforesaid; and the same arms so at any time lent or taken, if lost or damaged in the service, shall be made good by this State.

That every private shall and may have the liberty of timely providing an able-bodied man to serve in his stead, to be approved by the Captain of the company in which he is to serve.

That every officer refusing to serve in his turn shall be cashiered and reduced into the ranks, and shall be fined in manner following: a Colonel twenty Pounds; a Lieutenant-Colonel fifteen Pounds; a Major twelve Pounds; a Captain eight Pounds; a Lieutenant, Ensign, or Adjutant, six Pounds; a non-commissioned officer three Pounds; and every private refusing to serve in his turn as aforesaid, shall be fined three Pounds.

That the pay of the officers and privates, to be computed from the time of their marching to join the flying camp, shall be, in all respects, the same as those in the Continental service.

And whereas the principles of equity and humanity require that a proper compensation and provision be made for the families of all such as may be killed or wounded in the service; the Convention pledge the faith of this State, that an adequate provision for the purpose aforesaid shall be made in such manner, as that an equitable share of the burden shall fall upon those who do not go out with one or other of said divisions on their tour of service; it being clearly the opinion of the Convention, that the fines above mentioned to be paid by those who do not go out, being but a small share of property, are not equivalent, nor can with any degree of reason be put in competition with the risk of lives and limbs of those who go into the service; and also upon persons of property above the age of fifty, who are neither required to do duty nor pay any fine.

In this interesting situation—viewing on the one hand—an active, inveterate, and implacable enemy, increasing fast in strength, daily receiving large reinforcements, and industriously preparing to strike some decisive blow:

on

on the other—a considerable part of the inhabitants supinely slumbering on the brink of ruin—and moved with affecting apprehensions, the Convention think it incumbent upon them to warn their constituents of the impending danger.—On you, our friends and brethren, it depends, this day, to determine—Whether you, your wives, your children, and millions of your descendants, yet unborn, shall wear the galling, the ignominious yoke of slavery; or nobly inherit the generous, the inestimable blessings of freedom.—The alternative is before you—can you hesitate in your choice? can you doubt which to prefer? Say!—will you be slaves? Will you toil and labour and glean together a little property, merely that it may be at the disposal of a relentless and rapacious conqueror?—Will you, of choice, become hewers of wood and drawers of water? Impossible! You cannot be so amazingly degenerate as to lick the hand that is raised to shed your blood!—Nature and nature's God have made you free!—Liberty is the birthright of Americans! the gift is of heaven! and the instant it is forced from you, you take leave of every thing valuable on earth!—Your happiness or misery, virtuous independence or indignant servitude, hang trembling in the balance!—Happily, we know we can anticipate your virtuous choice—With confident satisfaction we are assured, that not a moment will delay your important decision—that you cannot feel hesitation, whether you will tamely and degenerately bend your necks to the irretrievable wretchedness of slavery—or by your instant and animated exertions enjoy the fair inheritance of heaven-born freedom, and transmit it unimpaired to your posterity.
